# Introduction

I would like to start by saying thank you for taking the time to read my book, I wrote my first book in 2005 which was an ongoing process before that, my main goal was to dedicate my life on finding the truth, for everyone I knew and myself. I got into the new age movement at age eighteen and did hardcore research from then till now (age 29) along with practise and experience I am here today to reveal to you the biggest deception in human history that has been ongoing from the beginning of time. My first book was somewhat “new age” because that’s where I was in my understanding at the time, looking into the mystery religions and teachings of our ancient ancestors. I was anchored in my beliefs and experiences till late 2013 where I had a series of experiences and knowledge revealed to me that would change my life completely and turn me 180 degrees to where I was headed. Many of you who read this may be in the new age movement, an atheist or other belief systems so please read with an open mind and understanding, I have done the very best I can to prove evidence and connect the dots to show you what my current understanding is. I’m not going to claim it’s all 100% accurate but I advise you to take it all in with a pinch of salt and do your own research, I have provided source material on where I got my information from, and also how it ties into my own experiences with the subjects. If you are not comfortable with having your belief systems challenged I suggest you don’t carry on any further, but I recommend you read what I have to say because in the end times we live in, it is crucial everyone know the truth on what is to come.

the reason I wrote this book is because I care so much about you guys and I wouldn’t want any of you to go down the same path I did, If you decide to carry on down the new age route, please read this book and take consideration of what I am saying. There has been a few people I know who have come off the path and came to the same revelation as I did; I only hope you come to the same conclusions before it’s too late. I do apologize to anyone in advance if I may sound harsh at times, but it’s only due to my passion for the truth and freedom of the human soul. Most of what I say may sound completely unbelievable or farfetched which is understandable to someone who has no knowledge or experience in these subjects and for any reason you chose to stop reading, I can only hope that one day you see the truth for yourself and that these words pop into your head and be vigilant. We live in a world full of deception that enter all of our senses, bombarded with lies and propaganda, only when you deprogram yourself of what you know and start taking steps backwards you will start noticing how the population are being brainwashed with certain agendas. It has taken me over ten years to put this huge puzzle together and get to the bottom of it, most of what you will research is complete rubbish and half truths, my method was to put it all together and strip away the rubbish until only the common truth remained. Please don’t listen to any one man for reasons being most of the new age teachers are part of the agenda, I had a huge truth revealed to me which made the whole thing clear as crystal, all the nagging questions and feelings I have ever had, got answered!

I would like to thank all my friends and family who had to put up with me in the past ten years and thank you for not walking away and disowning me, it’s been a hell of a journey and I’m very thankful you are taking the time to read this book ☺

# Chapter 1: My Story

Before I start I want to give a little warning, some things may be disturbing to the reader or may sound unbelievable but I assure you everything I write about happened.

This all started when I was sixteen years old, I had just started my work experience at the place my dad worked. I remembered seeing a TV programme the night before about out of body experiences and didn't doubt it for a second, I was always a huge believer in ghosts and the paranormal. I talked to my dad about it and he mentioned he had tried it when he was younger but never pursued due to it actually working, scaring him to death.

I then started looking it up online and the techniques on how it was done, to my surprise it was very common to experience, so I started printing off a load of pages to read when I got home. I did a lot of reading that day, thought when I went to bed I would give it a go, what did I have to lose?

I lay there for couple hours trying these techniques but got frustrated it didn't work, so I gave up and tried to go to sleep, to my surprise as soon as I nodded off suddenly I got this tingling sensation and vibrated suddenly, my eyes weren't open at this point but I could see myself floating up to the ceiling, feeling like I was weightless. I panicked so much I thought I was having a heart attack and did everything to float back down to my body, I felt a "snap" when I got back in and couldn't believe what just happened. From then on I followed my dad's advice and never tried it again. I must have been eighteen or nineteen when I plucked up the courage to try it again, I just left school and my IT training scheme. I had no job and not much to do, so I decided to pursue my thirst for knowledge and wisdom, this empty void inside that I desperately tried to fill with answers. Only God knows what was about to follow.

As a child I constantly read books about ghosts and aliens, usually from the library and school. I had a very strong thirst to know the truth about these matters, I had no idea where this thirst came from, but only that later on in life I knew I would go on a quest in search of truth. I spent a lot of time alone as a child, this gave me plenty of time to be alone with my thoughts and contemplate. I would go into these "meditation" like states where I would ask questions about the universe and received detailed analogies on how everything worked, also revelations about ghosts and other paranormal phenomena. Some of these revelations included how to dismantle the big bang theory, how we live in an illusionary matrix like a computer game, how ghosts existed and things about dying. I must have been eight years old when this was happening. I went to high school and moved about a few times and got distracted in life (as you do), but I have memories of when I was really young that I couldn't explain. For instance when I was less than one year old, I remember being placed in a metal bowl to be weighed, and what the nurse looked like. Another memory was when I lit a match and set my nappy on fire, I watched myself doing this in third person. A few other accidents I had, in which I was out of body watching myself do these things. I really don't know why or how this happened, later wondered if it was actually me doing it? Or was something influencing me to do it? Who knows?

A few times in my life I would get stuck on something like a computer game or fixing stupid problems with my pc, and because I was so dedicated to sorting these problems out, I would go to sleep with these questions constantly on my mind, and in my dreams I would get detailed instructions on how to sort these problems out. Almost like a YouTube walkthrough video, so I

would wake up and go try these out, and they worked!! I don't really know to this day where this information came from, unless I tapped into some kind of human collective consciousness?

At the start of this journey I thought I would resume my out of body experience experiment, as now I had no job and not much to do. At this point of my life I was very depressed and had a "screw life" attitude. This is hard to admit but I had a horrible time through school and not much luck with girls. I got into heavy metal music and took a rebellious life style, went to rock nights with my mates and got involved with likeminded people. For the first time in my life I felt like I fit in with a crowd and I was understood. I grew up an atheist and a God hater for everything I went through and never thought twice about it. I didn't believe in God, but if he did exist I was really mad at him for letting me go through this crap. After being atheist so long I started getting into science because I loved knowing how things worked and the technical side of things.

I had questioned so much as a child about God, which I had run out of questions and had no answers; I got really frustrated with this so I gave up. I really liked science because I thought I could get closer to figuring life out and getting answers to my very deep questions. When I resumed my out body experiences I used it as a form of escapism, due to being depressed and unhappy with the world, I used it to go to different places and meet different beings.

It was a totally new life for me and very exciting! I used to visit different planets, meet with very strange beings and I was limitless to what I could do. Flying was always my favourite due to being able to feel the wind hitting my face, the speed and hearing the roaring of the wind passing my ears. Some things were very adrenalin pumping! It's understandable why some people would think these are only dreams, unless you have done this for yourself, you can't really put it into words.

Apart from saying that it's probably more "real" than real life, You can see more colour, can sometimes see in 360 degree vision, things taste incredible and if done right, you can be in perfect control. You could say it was like lucid dreaming, I found it hard to distinguish the two, until I felt myself leave and come back from my body. For those who don't believe in Astral Projection (as it's called) I suggest looking it up, but don't recommend trying it. Although at the time I did this every night for two years, I wasn't expecting what followed. In these out of body experiences I started becoming very spiritual in my life, becoming close to God from what I felt. Being an atheist most of my life, this was hard to accept, but I had come to a point in my life I surrendered and I wanted out. I didn't want to be here anymore and I wanted to be in the afterlife. I had shed my fear of death and become accustomed to the spiritual realms. I just stayed in bed all day and night going out of body, kind of like what some gamers do games, but in out of body experiences instead.

This went on for about two years; I was starting to exhibit strange symptoms in waking life, such as speeding and slowing down of time, and moments of great clarity.

I would be out with my friends and they would wonder what was wrong with me, sometimes I would get over whelming feelings of love and oneness with all and everyone around me. I would get very strong spiritual realizations and understandings come through to me.

When I was about nine or ten, I had a ghostly experience in my cousin's house. I was lying in bed and felt something press down on my legs, I thought it was the cat but realised it was so heavy I couldn't move. I sat up to throw the cat off but there was nothing there, just an embedded shape on the quilt. Obviously I was terrified but just tried to ignore it. My second experience was when I was on a ghost hunt in Margam Castle in Port Talbot, here I met Richard Felix the historian off "most haunted"

the TV programme. I wandered off into an empty room just to go exploring, this room has no doors or windows, just an empty room with a table and two chairs in it. I went in and suddenly one of the chairs flipped over so I ran out the room as quick as I could.

In later years I had plenty of ghostly experiences and weird things going on, not really going to go into detail about these. Few months later my brother and I attended a psychic course, to develop psychic ability. It was here I experienced my second attack, which I didn't know what was happening at the time, but later in my life I found out what it was and how to deal with it. I was sitting at the table listening to the guy talking about spiritual things, I kind of zoned out because I knew more than he did, suddenly I started getting REALLY hot, I mean it felt like I was burning alive! The sweat started dripping off me, I panicked and didn't know what to do, and everyone in the room just stared at me not knowing what was going on. At that point my mind started going all weird and I couldn't think straight, the psychic guy tried snapping me out of it by asking me maths questions, which I'm useless at anyway. I went to the toilet and washed my face, I thought to myself, that I never experienced this before and what was it? The guy told me it was a ghost of a boy who died outside this pub a few weeks ago, and tried to connect with me as I had burns all over my body. Later on in life I realised it wasn't this at all.

When I was in my out of body stage in my life I started making journals of what I experienced, I started getting prophetic visions on the future and end of the world scenarios. I couldn't understand this because I had not known of anything that suggested we were in the end times. This was in the 2003-2004 time period. A month solid I was having OBE's and every single one I was in a tsunami and getting hit by one, didn't understand what was going on until a month later the Asian tsunami hit in the beginning of 2004, I was pretty freaked out by this! From this point I started paying close attention from now on. I was getting visions of martial law, wars against the people vs. government, zombie apocalypses; sink holes swallowing people and a lot more things. The one that stood out for me the most was the "Staged" UFO invasions. I have been having these for years, usually in these visions, these UFO's come down and destroy big cities and I'm the only one that knows what's going on, shouting at people who are running round in terror. I seemed to know that these UFOs were holograms or government ships used to deceive the public. I tried warning people of this false UFO invasion, but everyone was running round screaming in panic. Was only till 2011 I realised what these dreams meant, I will discuss this topic later in the chapter "the alien deception"

When all this was going on I was currently living with my parents, I had opened up an MSN chat room called "Astral Projection" for chatting to likeminded people. It was in this room I met my friend Brad and a few others. I also met my ex girlfriend online around this time, for years later I would get to know these people intimately. Brad got me involved with a group on MSN that was lead by a few psychic women, one of them whom he was dating. This group of people invited me in and made me feel special by giving me free readings and revealing secret knowledge to me, but after a few weeks I started noticing some very disturbing things. First thing I noticed was they had a strange obsession with dragons and having dragon spirit guides, At this point I began having an interest in dragons too. The next thing I noticed was brads girlfriend started telling me she was a vampire, me being me I laughed my head off and just thought she was a nut job. She would tell me she used to black out and another personality would take over, and would grow fangs.

At this point I had no idea what I was getting into; I just shrugged this off as being ridiculous and didn't really take any notice. I don't know what happened next, apart from the group accusing me of being a spy and revealing their secrets, I was really confused what was going on. At this point I thought about quitting because it was getting too strange for me. I had created an MSN group and made articles on my current understandings of the spiritual subjects I had learned up to this point. Brad started behaving very strange, believing the group about me being a spy and infiltrating their group, suddenly I was about to experience something I will never forget.

Some presence surrounded my room that I had NEVER felt before, this was my first ever experience with a negative spirit and it stayed in my room for a good while.

I had no idea what it was at the time but I knew one thing, it felt disgusting, vile and evil beyond words. I felt a sickness in my gut that I really couldn't explain, still to this day not felt something this bad. The atmosphere in my room felt so heavy, felt like tar and I could cut it with a knife.

It got to the point I couldn't stay in my room anymore, it was poison.

I slept downstairs for a few weeks and at that time I went to Download festival in 2004.

When I was in the festival I went back to normal and felt fine, as soon as I came back and walked into my room it HIT me like a wall of bricks. I decided I had enough of this and did everything I could to get rid of this presence. At this point I realised that demons were real.

In later years I would learn to recognise this feeling and how to deal with these demons or disturbed spirits.

I quit this group and decided to ignore it all, thought it was a pile of crap. One day I was sitting at my PC with the TV on and a programme came on that grabbed my attention, "the 10 most ridiculous conspiracy theories" so I began to watch. The usual nine theories I had already heard of but at number one was David Icke talking about the royal family being human reptilian hybrids. For some unknown reason I didn't laugh or think it was stupid, my gut told me to take note and research this, surely no one in their right mind would go public with this and face ridicule if there wasn't at least some truth in it. I spent two weeks reading one of his books and articles on the subject. It was here I was about to learn something very important that would save my friend's life. I had gathered enough information and sent it to Brad, I had learnt this group was corrupt and connecting spiritually to something very demonic, Brad told me he had been invited to America where these girls lived. I told him not to go because I believed they would do something very bad to him, he later saw the truth and backed out and I was very glad! At this point I believed these people to be possessed by these reptilian entities David Icke went on about, as the whole vampire and reptilian subjects seemed to be very similar. I made connections on vampires actually being shape shifting reptiles that could shift from human into reptile beings who would feed on humans. I thought the whole "vampires being bats" a false image, throwing people off. I know I'm being really vague here and not going into the reasons why I believed this, but research like Icke has done goes very in depth in this area. Lets just say now I know what they REALLY are; I will get into detail later on.

Once all this drama was over I started getting back into truth seeking and experimenting with out of body experiences and advancing my spirituality and oneness with the universe. At the time it was like being high on drugs, I would have moments of lucidity where I would feel ecstasy and overwhelming love and connection with all around me. Not long after I became aware of the conspiracy side to what I was getting into and the connection it had with the spiritual world. You wouldn't think they both had a connection, but they are connected more closely than you could

imagine, I just didn't know it at the time.

The more I looked into it I realised how dominant it was in the world and where it was all headed, it started bringing me down energetically and emotionally. At the time I knew it was a part of my journey and needed to learn this information for later in my life, and how right I was.

These overwhelming amazing feelings I used to get stopped after a while, and it was like I was coming down off drugs, got depressed again and thought of ways of getting these happy feelings back into my life. Later when I moved into my own place, I was researching psychedelic drugs and how they played a part in our history. The ancient civilizations used them to speak with the spirits and gain advanced knowledge, also how tribes would gain enlightenment.

I started doing heavy research on psychedelics and what they all did, pros and cons.

When I was satisfied with what I had researched I started taking these drugs to experiment and try to interact with the spirit world in a more lucid state.

I first started with magic mushrooms, I did this on my own at night time, and I planned to stay in bed and just go with the flow and see what happened. The aim was to connect to higher spiritual realms and maybe connect with a divine intelligence, diving deep into the unknown and I wasn't afraid to what would happen. I had dedicated my life on finding the truth and I went where ever the truth took me, good or bad. I had just finished reading DMT the spirit molecule where volunteers under a controlled environment were undergoing an experiment. These people were injected large amounts of DMT into their bloodstream and recorded the experience under supervision by Rick Strassman. These people were forced out of body and were in the presence of strange beings and went to strange places, I wanted to experience this for myself if I was going to be able to learn and judge it. My philosophy is that I can't preach about something unless I have done it for myself.

Long story short, in my mushroom experience it went on for six hours. In this time I experienced things such as pure bliss and joy, an overwhelming feeling of love and oneness with all, pure ecstasy. I felt as though I was melted into my bed and it was one with me, felt like I was having a constant orgasm for six hours, pretty mind blowing experience, also couldn't stop laughing! Also the artwork on my walls came out in 3D and I kept having visions of my being a triangle of light interconnecting into a huge web of light triangles, was odd.

I then took LSD few months later and just experienced being really happy and listening to music that felt like it was pumping out of me, the experience was weak and didn't last long.

I took a huge dose of salvia one time with some friends and it taught me a massive lesson.

Basically I lost my sense of direction and my vision opened up in 360 degree vision, the room went into a mish mash of repetitive images. I felt as though my brain was broken and wasn't working so I panicked and went to lie on the floor so I KNEW I was on the floor, I had no idea where I was. I saw this blackness come and took away my vision completely. According to my friends I blacked out for five minutes. I remember myself being in a black void alone, looking at my life in a small box in the distance where I could see my friends waving their hands in front of my face, I remember thinking I didn't have an identity and I wondered if I should go back to my "play" as Nathan, like it was a movie. I remembered thinking I was playing a role, and I shouldn't leave. As I could see this box coming closer I could hear a really loud laughing in the distance and getting closer, I realised it was me going back into my body, when I was completely back I had no idea what I was laughing at, my

friends said I was laughing so hard, but my soul wasn't laughing. From that day on I knew something was wrong but couldn't explain it, so I never touched anything again.

I thought I knew everything about psychedelics, which I probably knew a lot, but nothing can prepare you from what's on the other side!

From here I started looking into these spirits that the ancients used to contact with and their message to humanity, our history with psychedelics and how ancient knowledge connected with this subject. I was very huge on alien and UFO research about this time in my life too, I previously researched it but not in depth as I was at this point, after my psychedelic experiences it got my curious why people were having experiences where they would be abducted while under the influence, and meeting these beings. Around this time I was writing my previous book and made it into a website for those who might be interested in the truth and my experiences with them, I know it was around this time because I was incorporating my psychedelic experiences into a chapter, I would still be adding to this book years later after I finished, slowly updating information I found.

I had been meditating since I started this whole journey and it aided in my OBE's and I learnt a lot about the chakras and my spiritual energy pathways, I used these efficiently and used them in my everyday life. Unfortunately I didn't know what it was doing to me in the wrong run, which I finally learned recently (end of summer 2013).

In my OBE's I was constantly seeing UFO's and talking to alien beings who would give me messages. These messages would tell me I'm from some other planet incarnated on earth to help humanity in aiding evolution. That when I went out of body I was going home, and I wasn't on earth for long, that I would help spread the message they gave me, they fed me very detailed information about the occult and gave me visions of my past lives. It wasn't just visions they gave me, but I literally felt very deep emotions and felt in my soul it was true. They basically told me what I wanted to hear, and shown me what I wanted to see. They made me feel very special and that I was a select few who knew this information. This also had the side effect of depression because I felt alone and I was alienated from the world and no one understood me, making me feel how I felt in my childhood and teens. I thought I might be crazy and that it was all in my head, but knowing the people I had met and the supernatural things that were happening externally in my life reminded me it wasn't in my head, but in fact happening in everyday life. One thing that happens when you contact these spirits is that they create synchronicities in your life; they guide you and show you things that happen in front of your face you can't deny. They make supernatural things happen in your life so you feel it's a confirmation that it's real.

I was confused as why I never met any spiritual beings on my psychedelic trips and only did when I went out of body; shortly after I gave up psychedelics I kept having more dreams about aliens again. One night I was sleeping, I woke up after a weird dream then nodded off back to sleep. I was still awake but slipping into that state you start dreaming but still awake, I had this very clear vision of a UFO above my house with two grey aliens in it, I heard a very clear voice in my head "can we come in?" I subconsciously said yes, and suddenly my body started vibrating so hard I felt like I was being electrocuted and tortured. I shouted so loud for it to stop, I was paralysed and kept shouting for it to stop. Once the vibrations started disappearing I could start moving again and I sat up, I saw this shadow being in front of me with this cold stare like it had no emotion, it was shaped like a small grey alien. At this point I was absolutely terrified and didn't know if it was a positive or negative experience, I was totally baffled! I wish I could have understood exactly what went on.

I know for some people reading this it may sound really farfetched and I understand, but I have kept this to myself since 2005 and only revealing it now because I totally understand what had happened to me and can warn others against it. I was heavily into the new age and its philosophy that we all lived in an illusion, that we were really all one consciousness and that aliens were making themselves known to us now to help us evolve into spiritual beings. I thought that I was evolving into a higher state of being because I was gaining psychic ability and that I had the gift of second sight, I could predict things that would come true. This second sight gave me the ability to be very creative with my artwork and music creating. Although I was gaining these cool gifts, they also had side effects which included extreme migraines, bleeding nose and heart palpitations. I started becoming very depressed, but used meditation to uplift myself mostly daily. I used to get drained of energy to the point sometimes I couldn't even walk or be bothered to get up and do anything. I put it down to using these gifts that drained me, later I would learn the truth.

At the time the new agers called these "ascension symptoms" and I used to question that if these gifts were so good why did it take a huge toll on my body? If I was evolving into a spiritual body then surely I could get fewer symptoms. Funny thing is I never got the cold or flu for years and I took this as a sign that it was working, but instead I gained extremely painful migraines nearly every day and heavy nose bleeds, they started happening around the time I started my job in Jewson. I thought maybe it was the computers or lighting that did this, but now I know better.

I moved from the country to town and suddenly I had huge interest from women, maybe it was because I had my own place and lived in town now. I dated a few women but never blossomed into anything, about a year later I met up with my ex girlfriend who I met online.

I had been friends with her since I was 16 and we pretty much talked every day till we met, we had this really strong connection. First day I met her and I saw her I fell in love instantly, never felt anything like it in my life. She was also a spiritual person so felt I had a deeper connection, I knew about her past and her history with her being a Goth and a Satanist in school. Being around the wrong crowd and having friends who were involved with witch craft. At the time it didn't bother me because I thought she left all that behind and was more spiritual now, but if I mentioned God she would show hatred and blame but then said she didn't believe in God. I used to ask how she can believe in spirits and not God? Anyway, because I loved her what she believed didn't matter, I knew she suffered with strong depression and had spiritual trouble; I believed I could help her through what she was going through, because what I had dealt with in my own life. Whilst she was staying at my house I noticed she brought an evil presence in my house, like the one I had to deal with years previous. I thought to myself "oh great not this again" this entity purely messed with us both to the point I felt like giving up, It used to tell her disturbing things and what I witnessed that happened to her, took me years to get over. I won't get too much in detail with this because it was pretty disturbing for me what I witnessed, I remember one night this thing attacked us with full force, my only option was to pray to God and ask for help, this white light appeared to both of us and washed away this presence and left us both seeing and feeling this warmth and we both felt clean and happy. She asked me how did I do that but I didn't tell her as she wouldn't believe me.

A year and a half of dealing with this horrible crap and constant battle with these entities I had enough and had to say goodbye to her, I don't think I could have hacked it any longer, it shown no signs of leaving. It was such a shame because my love for her still remained but I knew it was killing me.

I was glad to have finally got over it all a couple years later, was very tough for me. I fell into another relationship which had no spiritual issues which I was glad of. My latest one this year (2013) was where I drew the line! But before I get to my life changing moment, I want to talk about some of the things I got involved with couple years prior.

I got involved with another group (should of learned my lesson by now) that held conference talks locally, it was full of truth seekers and spiritual people like me so I attended every week. Some dodgy characters there and one individual I kept getting a bad feeling about. Every time I was there I had this gut feeling again like there was something evil lurking about, some of the people who were talking revealed shocking information and truths that scared the living daylights out of me. I stopped going because I saw things I never seen before and they shook me up. The final thing I saw still remains in my memory. Graham Hancock was due to talk at one of these conferences and I was very excited, I was a huge fan of his books! He is very well known in the world on such subjects as ancient civilizations and structures. I really wanted to go meet him, but all day I had this constant bad gut feeling that something really bad was going to happen. I couldn't shake this feeling off all day, but I went anyway. While I was sitting there and Hancock came out and I was excited about talking to him about my DMT sleeve, as his conference was about DMT and the shamans. As he was talking I noticed one of the main guys kept getting up and walking out, still having this bad feeling I was questioning what the hell was going on? An old woman got up and walked out, and then five minutes later her daughter. All of a sudden we all heard this scream in pure terror, made me feel sick to my stomach, still will never forget this scream. Me and my mate looked at each other and realised something bad had happened and my gut feeling was right. This old woman collapsed and got taken away in an ambulance, never heard what happened to her. From then on I stopped going to these talks.

The next year I got involved in another group of spiritual people (again not learnt my lesson). It went ok for a year or so but I started seeing their true colours and who they really were, I backed out of this ASAP, I really want to tell people what happened but it involves local people and groups so I'm leaving this part out.

Just before this, I befriended a very nice woman that owned a smoothie shop just round the corner, I saw her book collection one day as I was waiting at the counter and realised she read the same kind of books I did. I began asking her about them and her interests, we realised we had a lot in common so we became very good friends. The summer after that she asked me if I wanted to go to Wiltshire to see some crop circles, I obviously said yes. I had been research crop circles previously so I couldn't wait to go see real ones. We eventually went and I got to see Avesbury, wow what an amazing little place! It had a really mystical feeling I couldn't really explain. I must have seen three or four real crop circles and I was blown away! The energy and the radiation that emanated off them was overwhelming, unfortunately on my way back I got very ill and stayed ill for two weeks.

My current relationship is where my life changed dramatically and shown me the truth that had been waiting for me for a long time. I had begun working for the council this year (2013) emptying the bins locally and I would drive all day on my own. I just got into a relationship where I thought I would settle down finally. Couldn't believe my luck that I thought I found a nice girl and settle down. Few weeks after I got into a relationship all these issues with entities started happening again and I was constantly under attack, I had noticed that these entities manipulated people close to me to

attack me, as they had trouble doing it directly. One of my close friends has been very badly attacked since his childhood and for years I have been helping him deal with these attacks as best as I could, but nothing I could do was ever good enough to get rid of them completely. Somehow I could get rid of them in my own life but not in anyone else's. Through my life I had encountered people who had dealt with these demons and suffered a great deal. Through my own experience with them I learnt a great deal about them and the symptoms that came with having them around. I later learned that experience I had with the alien was a demonic entity, they need to be "invited" in and they will trick you by taking form of something you may accept.

It didn't help I was having trouble with the relationship and the relationship with my friends either, This entity was pretty bad and I came to learn that the majority of people having at least one demon or negative spirit around them, sometimes invited in unknowingly or placed there by someone else. Usually people in witch craft know more about these spirits as they use them for their own purposes. For years I had been suffering bad heart problems and palpitations, like something was squeezing my heart and it kept skipping beats and felt under pressure by something. My friend also had this symptom to the point he would pass out. Also my migraines got more severe but I noticed something about this spirit that set it apart from the others, it was more vicious and had the ability to mess with my head and I almost went insane. I had not been in a position before where I lost my mind, even in the peak of my psychedelic experiences. This thing was strong, it messed with my girlfriends head and my own, I really couldn't explain to her what was going on, she might have not understood, but I did. I was getting thoughts that weren't my own, horrible thoughts and visions about people closest to me, betraying me behind my back and it gave me insane paranoia and depression, I literally had not been through anything this bad before. The battle didn't seem outside of me anymore but the battle was inside my own head, felt like a battle for my life. I couldn't sleep and kept waking up with the bed soaking wet and felt exhausted. This battle was constant, a mental battle that went on for weeks and I almost gave up. My whole life was falling apart, with my family and friends too and I needed to stop this. This is hard for me to admit, some may think it's all rubbish but I assure you, it's something me and my friends have been through and still discuss currently. One day I was being attacked so bad I couldn't move or get out the van, had no energy at all, felt like this all week and finally I had enough. I started research on demons and how to stop attacks, the information I came across about demons struck home, as it talked about exactly what I had been through and what I knew about them was true.

Through the years I had these niggling gut feelings about what if this matrix we live in was actually created by an evil god, why demons roam the earth and why the new world order was so evil. I knew that pure evil was controlling the ruling elite whether it was negative aliens or evil spirits working through them. Finally in my life everything started clicking together and I started tracing things back to their origins. I traced freemasonry back, I traced the Illuminati back and I also traced my beliefs back with the new age philosophies. I was really getting into ancient civilizations and their dealings with these other worldly beings. I had to go over everything all again because I knew I was missing something crucial, there was a final piece of the puzzle I was missing that was blow everything wide open. I started asking the questions why all these new agers where exposing the government and the Illuminati but getting away with it Scott free, but these celebs who signed oaths and got famous, once they realised what they did and tried to repent they were all killed for trying to expose the Illuminati in the music industry. I became suspicious that all these new age teachers were exposing the new world agenda while pushing another agenda that really supported it and helped them. I

made a connection that the freemasonic core philosophies were exactly the same as the new age philosophies! I then began asking the question, is Lucifer the good guy? This is their belief and the belief of theosophists. I already knew these secret societies and mystery schools worshipped Lucifer as their god but I didn't realise the new age movement was luciferian too, when I found this out I had a massive realization that I had been deceived, and I needed to drop this lifestyle immediately!

I researched this as much as I could, I watched something on YouTube called "Aquarius the age of evil" a two and a half hour film on how the new age is a deception and the whole world is being set up for the biggest deception in human history. I for one fell for this deception because I got too hooked up on the information side of things, I was being initiated into the mystery schools without even knowing it, because the new age teachings is actually our most ancient knowledge, I thought that it was true and that our government was hiding it from us, only keeping it to themselves to gain power. But people in power don't look or act spiritual do they? Anyway this is just the tip of the iceberg, The more I researched aliens, the new age and the new world order I realised they were all the same thing, even though all my life I had been a massive believer in aliens, I've seen several UFO's (some of my friends are witness to this) and I met alien spirit beings, I realised they weren't aliens at all. These spirits are actually demons deceiving the human race! They pose as any form that will be accepted in any given culture, in the past they took form or fairies, elves and other mystical creatures. The native Indians would see them as spirit animals; most ancient cultures would see them as serpent beings or gods. The bible mentions the fallen angels that took human wives and these wives gave birth to these abominations who were giants (nephilim).

I always thought these were aliens that came down and did this, but I realised they were indeed fallen angels that posed as our gods and deceived our race, and the same was about to happen again. They did tell our ancestors that they came from the stars, and they had incredible knowledge and technology, it's easy to see how we would of been deceived back in those days, if you looked properly at ancient history you would see amazing building techniques and knowledge about astrology. I also noticed how heart sacrifices were introduced into these societies as offerings to the gods, also child and animal sacrifices, why would aliens demand blood and organs? Or even flesh sacrifices? I realised that only Satan worshippers do these things for power. It doesn't make sense that aliens would do satanic rituals. I did a lot of research on Satanism and demonology to help me understand what was going on. A few people around me came to the same revelations I had at the same time and we all confirmed our new beliefs based on our own experiences, I then realised the bible was actually true, the things I got into and the truths I uncovered seemed to correspond exactly to what the bible warns against! The bible is the most anti Illuminati book out there, I began watching ex Satanist testimonies and how they were saved from their wrong doings. I realised ALL demonic and alien abductions could be stopped by asking for Jesus Christ's help, and all these Satanists were saved by Jesus. So I thought why not give it a try what do I have to lose? So one day I asked for his help and prayed to him.

When I started coming to the revelation Jesus was the only way to God, the demons that were in me tormenting me, suddenly turned on me attacked me as hard as they could. I was in my work van trying to ask Jesus to forgive me of being in the new age, and repented of all my sins, the demons tried suffocating me and I was so lethargic I could barely do anything, I felt like collapsing on the floor and dying. My chest got really tight and something was stopping me from confessing Jesus, but I finally managed to call out to him and give my life to him! Suddenly this bright white light appeared

from somewhere, it was like from outside of my view and I felt that loving warmth shine on me, filling me with God's love, peace and joy! Jesus Instantly delivered me of the demons that had tormented me for years.

For three days I underwent an extreme transformation and overwhelming changes and emotions. My depression just disappeared, my extreme migraines disappeared and my heart of stone turned into a heart of flesh, just as it said in the scriptures! Couldn't believe it really, everything that I had been through in my life just went away in a few days and I was a new person, I became happy and my mind became pure again. No longer had bad or ill thoughts like I used to, but felt spiritually clean for once in my life, felt like a breath of fresh air! As I write this now (December 29<sup>th</sup> 2013) this change happened in September as I was coming close to finishing my job. And I have to say I've never been this good EVER, still no depression or migraines.

I can understand if this sounds too religious for some people, but what if the bible was right? It was the final piece of the puzzle, and its bang on about everything I came to realize. Still reading it now and its mind blowing, it warns against these false prophets in the world today and the new world order that will pave way for a utopia and a false Christ that will deceive the whole world. It warns against spirituality, psychics and mediums and that they are being fooled by demons. This is the truth, as I learnt for myself. These following chapters will go in depth about the coming deception and what's happening in the world, and I will trace it back to our origins. I will try as much as I can to stick to the facts, my last book dealt with my actual experiences in the new age and spirituality, and my beliefs.

Thanks for reading and I hope you enjoy the rest of this book

## Chapter 2: Modern Influences in Society

My recent frustration lately is the frequent use of Satanic and occult symbolism in the music and film industry, after learning about these symbols and their meanings it became apparent that most musicians and actors are puppets to an agenda, spoon feeding the masses.

As you have noticed most pop singers and rappers such as Jay Z, Rhianna, Kesha, Lady Gaga, Madonna, Beyonce and many more are all doing the “all seeing eye” and the “triangle” hand signs. This is so frustrating to me why everyone just jumps on the band wagon and throws up these hand signs at concerts, I went to see Chase and Status live and noticed everyone in the crowd doing it. Do they even know what it means? Nope. Some of these pop stars are doing it so blatant in your face it is ridiculous! I just can't believe my eyes when I see it. A lot of people don't take any notice of it, or just think it's harmless and only doing it for attention. Why would any artist promote Satanism for attention? For a start 99% of the population have no idea what these symbols mean or where they come from. If a pop star wanted attention all they would need to do is show a boob on TV or do playboy photo shoots, not constantly put Baphomet imagery in their videos.

When I was into heavy metal in my teens, I didn't believe in Satan at all but knew all the bands I listened to openly worshipped Satan. I just thought satanic worship was a way of rebelling against the system and control, in a way it is but I thought it was all symbolic. Heavy metal bands aren't shy about their satanic worship either, the thing is with pop music, and it's hidden in plain sight but not “admitted”. Ignorance to these subjects is what is messing up our society, the global elites of our world have an agenda then it is passed down to the masses through media. What better way to brainwash the masses? Fashion, Tattoos, jewellery and hair styles are all introduced into society by our celebrities, people literally worship celebs and copy what they do. If you ask most people what they dream, it's usually to be famous or to like a celebrity.

Let's face it; celebrities are the most influential idols of our era. The question is why are they promoting Satanism? Apart from pushing an agenda as I mentioned earlier, most artists admit to “selling” their soul to the devil. Some of you may think it's just symbolic to signing a contract with their companies, but all you have to do is research some of the lives of these artists and their deaths. Some of these celebs have been murdered as soon as they break their oath and start trying to expose the Illuminati. Some of these artists don't even get far in their careers until they sell their soul; they gain fame and money but usually die very young.

Freemasonry is an example of blood oaths and if these secrets are exposed, it will result in this person's death. Politicians never get far or high in power until they become a freemason or a member of a secret society. At first glance it's easy to think that this stuff is just coincidence or conspiracy, but the New World Order is no conspiracy. These Illuminati members admit it openly and proud of it, it's only because of your ignorance that they are allowed to carry out this agenda. Whether or not these celebs know what they are doing or not, I don't know, but it doesn't really matter. The masses are taking it hook, line and sinker! In this chapter I'm going to try to show the connections between celebrities, the occult, and Satanist NWO agenda.

(Below) Jay Z and Beyonce

In Jay Z's music video "crazy in love" Beyonce dies in the fire of a car after Jay Z sets it a light and "Sasha Fierce" is born, this is her alter ego which in my opinion seems like something possessing her. This is classic masonic death and rebirth (the phoenix), She admits before she goes on stage, something "takes over" as she states here:

"I have someone else that takes over when it's time for me to work and when I'm on stage, this alter ego that I've created that kind of protects me and who I really am".

This is just one of the pop stars today that are becoming more Satanic and bringing occult symbolism into the main stream. To the average person all these signs and symbols don't mean anything, but I assure you that these symbols are very powerful in the occult world.

As I was researching all these celebrities and who influenced them, I traced it back to a man called Aleister Crowley. This man was an occultist/Satanist and liked to call himself "the beast", a majority of musicians today are heavily influenced by Crowley and his teachings, Look at The Beatles album cover "sgt. Peppers lonely hearts club band" and you will see a picture of Crowley on the back row, second to left. Crowley was the man that influenced these bands to put satanic messages in their music when you played them backwards, the famous "stairway to heaven" by led zeppelin is a good example of this. Found a picture of Jay Z wearing a black hooded top with Crowley's quote "do what thou wilt" written on the front, Jay Z also being very good friends with Obama. Jay Z wrote a song called "Lucifer" and in the remix on the gray album if it's played backwards you can hear the words "murder murder Jesus 666" and "I can introduce you to evil" and "Catholics I gotta murder them". If you look up pictures of him online you will see a great deal of Masonic symbolism in his lyrics and pictures, seen a few pictures of him doing Masonic handshakes with Kanye West (another Illuminati puppet celeb).

Come on people, do I really need to carry on writing about these celebs? You must of seen the music videos with blatant satanic symbolism in. I would rather post pictures of these things than write about it; the pictures say it all really! My aim in this chapter is to show the actual symbolism in present day media, and then I will go on to show how it connects to freemasonry and the occult.

Lady Gaga is by far the worst pop singer to flash Satanism to the public, her black and white symbolism, lightning bolt under her eye (lightning bolt represents Satan) and her really bizarre

outfits. She has even gone as far to say on national TV "I swear to Lucifer", if you think this is all one big joke, you really aren't paying attention.

(Left) Anton LaVey the founder of the church of Satan and the author of the Satanic bible. Anton throwing up the triangle in 1993.

Anton LaVey and Aleister Crowley have been a huge influence on most of our musicians since 60's or even earlier, but I do know that Anton has initiated a few musicians into his church of Satan especially Marilyn Manson.

## **Anton La Vey**

Howard Stanton Levey (born April 11, 1930, died October 29, 1997), better known as Anton Szandor LaVey was the founder and High Priest of the Church of Satan as well as a writer, occultist, musician, and actor. He is the author of *The Satanic Bible* and the founder of LaVeyan Satanism, a synthesized system of his understanding of human nature and the insights of philosophers who advocated materialism and individualism, for which he claimed no "supernatural inspiration". LaVey viewed "Satan" not as a literal deity or entity, but as a historic and literary figure symbolic of Earthly values.

LaVey was born in Chicago, Illinois to Gertrude Augusta Coulton and Michael Joseph Levey, a liquor distributor from Omaha, Nebraska. His family soon relocated to California where he spent most of his early life in the San Francisco Bay Area and later in Globe, Arizona. According to his biography, his ancestry can be traced to French, Alsatian, German, Russian, and Romanian stock. His parents supported the development of his musical abilities as he tried his hand at various instruments, his favorite being keyboards like the pipe organ and the calliope.

LaVey's biography tells of his dropping out of high school to join the circus and carnivals, first as a roustabout and cage boy in an act with the big cats, later as a musician playing the calliope. LaVey later noted that seeing many of the same men attending both the bawdy Saturday nights shows as well as the tent revival meetings on Sunday mornings supported his increasingly cynical view of religion. He later had many stints as an organist in bars, lounges, and nightclubs. While playing organ in Los Angeles burlesque houses, he reportedly had a brief affair with the still-unknown Marilyn Monroe as she was dancing at the Mayan Theater. This claim has been challenged by those who knew Monroe at the time as well as the manager of the Maya, Paul Valentine, who stated that she had never been one of his dancers nor had the theater ever been used as a burlesque house or for "bump and grind" shows.

According to his biography, LaVey moved back to San Francisco where he worked for a while as a photographer for the Police Department. He also dabbled as a psychic investigator, looking into "800 calls" referred to him by the police department. Later biographers have questioned whether LaVey ever worked with the police, as there are no records substantiating the claim. LaVey met and married Carole Lansing, who bore him his first daughter, Karla LaVey, in 1952. They divorced in 1960 after LaVey became entranced by Diane Hegarty. Hegarty and LaVey never married, but she was his companion for many years, and bore his second daughter, Zeena Galatea LaVey in 1964.

Becoming a local celebrity through his paranormal research and live performances as an organist (including playing the Wurlitzer at the Lost Weekend cocktail lounge), he would attract many San Francisco notables to his parties. Guests included Carin de Plessin, Michael Harner, Chester A. Arthur III, Forrest J. Ackerman, Fritz Leiber, Dr. Cecil E. Nixon, and Kenneth Anger.

LaVey began presenting Friday night lectures on the occult to what he called a "Magic Circle" of associates who shared his interests. A member of this circle suggested that he had the basis for a new religion. On Walpurgisnacht, April 30, 1966, he ritualistically shaved his head, declared the

founding of the Church of Satan and proclaimed 1966 as "the year One", Anno Satanas — the first year of the Age of Satan. Media attention followed the subsequent Satanic wedding ceremony of Radical journalist John Raymond to New York socialite Judith Case on February 1, 1967 (photographed by Joe Rosenthal). *The Los Angeles Times* and *San Francisco Chronicle* were among the newspapers that printed articles dubbing him "The Black Pope". LaVey performed Satanic baptisms (including one for Zeena), Satanic funerals (including one for naval officer Edward Olsen, complete with a chrome-helmeted honor guard) and released a record album entitled *The Satanic Mass*.

Marilyn Manson and Anton Szandor LaVey in 1994

In the late 1960s and early 1970s LaVey melded ideological influences from Ayn Rand, Friedrich Nietzsche, Aleister Crowley, Mencken, and Jack London with the ideology and ritual practices of the Church of Satan into essays introduced with reworked excerpts from Ragnar Redbeard's *Might is Right* and concluded it with "Satanized" versions of John Dee's Enochian Keys to create books such as *The Satanic Bible*, *The Compleat Witch*, (re-released in 1989 as *The Satanic Witch*, and *The Satanic Rituals*.

Due to his increasing visibility through his books, LaVey was the subject of numerous articles in the news media throughout the world, including popular magazines such as *Look*, *McCall's*, *Newsweek*, and *TIME*, and men's magazines. He also appeared on talk shows such as Joe Pyne, Phil Donahue, and Johnny Carson, and in a feature length documentary called *Satanis: The Devil's Mass* in 1968.

Hegarty and LaVey separated in the mid-1980s, and she sued for palimony. The claim was settled out of court. LaVey's next and final companion was Blanche Barton, who bore him his only son, Satan Xerxes Carnacki LaVey on November 1, 1993. She succeeded him as the head of the Church after his death and has since stepped down from that role.

Anton LaVey died on October 29, 1997, in St. Mary's Hospital, San Francisco of pulmonary edema. He was taken to St. Mary's, a Catholic hospital, because it was the closest available. The time of his death was listed as the morning of Halloween, which has since, for reasons open to speculation, been determined to be off by two days wiccans, occultists and Satanists deny the existence of their "god" because if people actually knew he was real, they would think twice in actually participating in these ridiculous practises. You have all heard the quote "the greatest trick the Devil pulled was convincing the world he didn't exist", it's obvious if he publically revealed himself people would turn away and turn to the bible. When you look at the world today you can see how people are tricked into "sinning" and turning away from God. Most of these Satanists will trick you into thinking their religion has nothing to do with the devil himself, but "self" worship and attaining godhood for the

individual. Can you see the links here between the “new age”, Satanism and the Freemasonic mystery school doctrines??

Instead of writing pages full about Alistair Crowley and other people, I will just paste quotes, biographies and other material related to these people to show the connections.

I do advise you do your own research on these people just in case i miss something that could be crucial to this work.

. A secret Satanic funeral for LaVey, by invitation only, was held in Colma, and his body was cremated. His ashes were not buried, but were eventually divided amongst his heirs as part of a settlement, on the assumption that they possess occult potency, and can be used for acts of Satanic ritual magic.

## Aleister Crowley

**Aleister Crowley** (/ˈkroʊli/; 1875–1947), born **Edward Alexander Crowley**, was an English [occultist](#), [ceremonial magician](#), poet, and mountaineer. He was responsible for founding the religion and philosophy of [Thelema](#), in which role he identified himself as the prophet entrusted with guiding humanity into the [Aeon of Horus](#) in the early 20th century.

Born to a wealthy [Plymouth Brethren](#) family, Crowley came to reject this faith to embrace [western esotericism](#), poetry, and mountaineering. He was educated at [Cambridge University](#), where he embraced his [bisexuality](#). Some biographers have claimed that he was recruited as a spy for British intelligence there, a role they allege he maintained throughout his life. In 1898 he joined the esoteric [Hermetic Order of the Golden Dawn](#), before moving to [Boleskine House](#) by [Loch Ness](#), and travelling to Mexico and India to study [Hindu](#) and [Buddhist](#) practices. He married [Rose Edith Kelly](#) and they travelled to [Cairo](#) in 1904; there, Crowley claimed to have been contacted by a supernatural entity named [Aiwass](#), who provided him with [The Book of the Law](#), a sacred text that served as the basis for Thelema.

After [an unsuccessful attempt to climb Kangchenjunga](#), Crowley returned to Britain where, in 1907, he and [George Cecil Jones](#) co-founded the [A∴A∴](#) as a Thelemite order. After spending time in Algeria, he was initiated into the [Ordo Templi Orientis](#) (O.T.O.) in 1912, rising to become the leader of the Order's British branch, which he reformulated in accordance with his Thelemite beliefs. After spending the First World War in the United States, where he worked for British intelligence services to infiltrate the pro-German lobby, in 1920 he moved to [Cefalù](#) in Sicily, to run a commune known as the [Abbey of Thelema](#). His libertine lifestyle led to denunciations in the British press, and the Italian government evicted him in 1923. He divided his time between France, Germany, and England, and continued to promote Thelema until his death.

Crowley gained widespread notoriety during his lifetime, being openly bisexual, a [recreational drug experimenter](#), and a [social critic](#). As a result, he was denounced in the popular press as "the wickedest man in the world" and erroneously labelled a [Satanist](#). Crowley has remained a highly influential figure over western esotericism and the counter-culture, and continues to be recognised as

a prophet in Thelema. In 2002, a [BBC](#) poll ranked him as the seventy-third [greatest Briton of all time](#).

## **Beliefs**

Crowley believed that the twentieth century marked humanity's entry to the Aeon of Horus, a new era in which humans would take increasing control of their destiny. He believed that this Aeon follows on from the Aeon of Osiris, in which paternalistic religions like Christianity, Islam, and Buddhism dominated the world, and that this in turn had followed the Aeon of Isis, which had been maternalistic and dominated by goddess worship.<sup>[218]</sup>

Thelema revolves around the idea that human beings each have their own True Will that they should discover and pursue, and that this would exist in harmony with the Cosmic Will that pervades the universe.<sup>[219]</sup> In his book *Magick in Theory and Practice*, Crowley defined Magick as "the Science and Art of causing change to occur in conformity with Will."<sup>[220]</sup> He also told his disciple Karl Germer that "Magick is getting into communication with individuals who exist on a higher plane than ours. Mysticism is the raising of oneself to their level."<sup>[221]</sup> Crowley saw Magick as a third way between religion and science, giving *The Equinox* the subtitle of "The Method of Science; the Aim of Religion".<sup>[222]</sup>

Both during his life and after it, Crowley has been widely described as a [Satanist](#), usually by detractors. Crowley did not consider himself a Satanist, nor did he worship [Satan](#), for he did not accept the Christian mythological world-view in which Satan was believed to exist.<sup>[223]</sup> He was also accused of advocating [human sacrifice](#), largely because of a passage in *Book 4* in which he stated that "A male child of perfect innocence and high intelligence is the most satisfactory victim". This was intended as a veiled reference to masturbation.<sup>[224]</sup> Philosopher John Moore opined that Crowley's thought was rooted in [Romanticism](#) and the [Decadent movement](#),<sup>[225]</sup> an assessment shared by historian Alex Owen, who noted that Crowley adhered to the "modus operandi" of the decadent movement throughout his life.<sup>[226]</sup>

## **Legacy and influence**

Crowley has remained an influential figure, both amongst occultists and in popular culture, particularly that of Britain, but also of other parts of the world. In 2002, a BBC poll placed Crowley seventy-third in a list of the [100 Greatest Britons](#).<sup>[254]</sup> [Wouter Hanegraaff](#) asserted that Crowley was an extreme representation of "the dark side of the occult",<sup>[255]</sup> while philosopher John Moore opined that Crowley stood out as a "Modern Master" when compared with other prominent occult figures like [George Gurdjieff](#), [P.D. Ouspensky](#), [Rudolf Steiner](#), or [Madame Blavatsky](#),<sup>[256]</sup> also describing him as a "living embodiment" of [Oswald Spengler's "Faustian Man"](#).<sup>[257]</sup> Biographer [Tobias Churton](#) considered Crowley "a pioneer of consciousness research",<sup>[258]</sup> and Sutin thought that he had made "distinctly original contributions" to the study of yoga in the West.<sup>[259]</sup>

Thelema continued to develop and spread following Crowley's death. In 1969, the O.T.O. was reactivated in California under the leadership of Grady Louis McMurty;<sup>[260]</sup> in 1985 its right to the title was unsuccessfully challenged in court by a rival group, the Society Ordo Templi Orientis, led by Brazilian Thelemite [Marcelo Ramos Motta](#).<sup>[260]</sup> Another American Thelemite was the

filmmaker [Kenneth Anger](#), who had been influenced by Crowley's writings from a young age.<sup>[261][262]</sup> In the United Kingdom, [Kenneth Grant](#) propagated a tradition known as Typhonian Thelema through his organisation, the Typhonian OTO, later renamed the Typhonian Order.<sup>[263]</sup> Also in Britain, an occultist known as [Amado Crowley](#) claimed to be Crowley's son; these claims have been refuted by academic investigation. Amado argued that Thelema was a false religion created by Crowley to hide his true esoteric teachings, which Amado claimed to be propagating.<sup>[264]</sup> Several Western esoteric traditions other than Thelema were also influenced by Crowley. Gerald Gardner, founder of [Gardnerian Wicca](#), made use of much of Crowley's published material when composing the Gardnerian ritual liturgy,<sup>[265]</sup> and the Australian witch [Rosaleen Norton](#) was also heavily influenced by Crowley's ideas.<sup>[266]</sup> [L. Ron Hubbard](#), the American founder of [Scientology](#), was involved in Thelema in the early 1940s (with [Jack Parsons](#)), and it has been argued that Crowley's ideas influenced some of his early work.<sup>[267]</sup> Two prominent figures in religious Satanism, [Anton LaVey](#) and [Michael Aquino](#), were also aware of Crowley's work, and had conflicting thoughts on it.<sup>[268]</sup>

Crowley also had a wider influence in British popular culture. He was included as one of the figures on the cover art of [The Beatles'](#) album [Sgt. Pepper's Lonely Hearts Club Band](#) (1967),<sup>[260]</sup> and his motto of "Do What Thou Wilt" was inscribed on the vinyl of [Led Zeppelin's](#) album [Led Zeppelin III](#) (1970).<sup>[260]</sup> [David Bowie](#) made reference to Crowley in the lyrics of his song "Quicksand" (1971);<sup>[260]</sup> [Ozzy Osbourne](#) and his lyricist, [Bob Daisley](#) wrote a song titled "[Mr. Crowley](#)" (1980).<sup>[269]</sup>

Below: Aleister Crowley's occult involvement including 33 degree freemason and highlighted in red is the word Baphomet.

You can start to get an image of what these guys are about and their influences on society; it's no wonder that people who lust for power, money and fame want this kind of knowledge and belief. It's clear that most musicians, actors and politicians are involved in mystery religions and the occult because it teaches power of self and to "do what thou wilt" without consequence, it's like trying to justify your actions with the belief we are all gods. Most politicians cant progress in their career unless one is initiated into freemasonry, skull and bones or other mystery school religions because one needs these powers and philosophies to be "enlightened" and join the cosmic chess game of human manipulation on this world. You can see for yourselves these lifestyle choices made by these people drunk on money and power, which they usually end up going insane from drug use or end up dying due to self destructive abuse. Do we really want these people being influences for our children? For me the answer is HELL NO! But the sad fact is that they are, and continue to be unless we educate the public and our children.

If you want to dive deeper into these subjects I recommend a book by fritz Springmeier called "bloodlines of the Illuminati" where he goes into MK ultra, mind controlled celebs and the satanic links between all the 13 families of the Illuminati and presidents.

## Chapter 3: the New Age deception

The new age doctrine and most others teach you to dive into the occult and use the force of the universe for self indulgence and power. I remember seeing a book called “the secret” and other books along those lines to basically get what you want from life by using certain new age principles and affirmations. I can guarantee most of these practises involve some kind of meditation or calling upon spirits in some form or another, trying to become your own God is pure luciferian doctrine! If you can't see this yet it's because a) You haven't read the BIBLE or b) You haven't researched the mystery schools and freemasonry.

I used to be a new age hippy for over ten years, and I was so deceived in thinking that I was God and this whole world was an illusion, from that I don't just mean me as an individual, but humanity as a whole. This belief came from lots of research into the holographic reality theory and quantum physics, from the research I have done I still believe that we do live in some kind of hologram or computer simulation reality. You never know we could all still be ONE and all this separation is an illusion, BUT the deception in the new age is thinking we can achieve Godhood in this reality and make you believe you have the power to change your own reality to what you want.

I went so far in this area that I literally tried anything to achieve it and escape this false reality, in a way it was because I was fed up of this reality, the pain I had gone through. Most important of all was because I lacked love in my life and was fed up of seeing other people happy.

I have always felt different to other people and the worldly pleasures in life didn't interest me what so ever. Seeing everyone around me constantly drinking, going out on the pull and doing all kinds of bad things just made me fed up, because I didn't want to do these things it often made me feel lonely and isolated from society, I was more interested in going out for meals, being around friends or going to concerts. I'm the kind of person who will hold back doing these silly little things every weekend and do some epic later on down the line, and get the most out of the experience.

When I was younger I always wanted to be a skater, play guitar and be a really good artist, in my teens this is where I started pushing myself to do these things and achieve the things I had always wanted to be. I gave up rollerblading and took up skateboarding instead because it was more of a challenge and more rewarding, I also realised I had a gift of visualizing something and making it manifest into reality by intent. The reason because I got so good at skateboarding was because I used to visualise myself doing the trick and eliminating the fear of achieving it, low and behold most of the time I would do what I intended to do. This also helped later when I started playing guitar, I was self taught at this and my artwork and I would constantly try and push myself to do harder things in order to become better. You are probably wondering what this has to do with the “new age” and I will explain; the mind is a powerful tool and it is amazing what a human being can do when you eliminate fear and limitations from it, push yourself and you will achieve greatness.

But being a human being you are NOT God, you are a part of God, his creation. In spirit you carry his image and soul. I learnt this the hard way due to believing I could manipulate this reality, trying to rise above it and get involved with the spirit world for power. I thought if I could learn that this reality was an illusion I could escape it and rejoin the oneness of the universal energy and connect to the source of creation. Instead I opened up Pandora 's Box and invited demons into my life causing chaos and confusion.

I can understand why people want this power and get into Satanism because they trick you into

believing in “self power” and explore no limitations in life, but these limitations are here for a purpose, which some people learn the hard way. Imagine some really bad people using this enlightened knowledge and actually becoming god like, having unstoppable powers, how would anyone stop him? The reason this knowledge is dangerous to mankind is because we are flawed genetically and emotionally, so us being this unstable is NOT a good idea to gain this kind of power. I can see all around me people leaving their morals and self respect at the door in order to go out and have “fun” doing what they want without thoughts of consequence, people have no idea how they affect the people around them. I remember when I first started going out to pubs with friends, I was really sensitive to energy back then (and still am), but I could feel peoples energy around me. I can remember feeling really disgusting and being an emotional roller coaster around people so I tried my best to avoid crowds, I preferred being round small groups or individuals because it was easier to cope with. I guess you can all agree the world has become a very disgusting and horrible place full of violence, negativity and despair, so what can we do to change it? In my opinion sort ourselves out individually and become good examples for our children.

I’m not saying the whole of my new age experience was bad, because it wasn’t, if it was bad I would have stopped with my beliefs. Back when I was 18 all this new age stuff I was getting into was very enlightening and exciting, I couldn’t wait to dive into it and learn more. I must have read hundreds of books and web pages on things I wanted to know, I had such a hunger for knowledge and enlightenment. Some awesome things that used to happen were amazing synchronicities that happened in my life such as certain people just appearing in my life, places I would go that I have seen in my visions and premonitions that would come true. At the time I was having visions of my past lives that were so real it was like I was really there, fighting in wars and being a samurai.

I would often have vivid dreams of being in Egypt or Atlantis which were massive stone temples and pyramids but with futuristic technology such as floating stones and strange sci-fi devices. I was often receiving information about myself and the past through dreams, things I couldn’t even begin to explain. I remember one very powerful dream I had where I was in a fairground and a portal opened up and these two people came out of thin air and started to tell me things about where I came from. They sat me and my friends down and began to explain that I came from another planet in spirit and incarnated here to help mankind understand the spiritual nature of the universe. They also told me that I was a member of an elect group, there are many out there just like me doing this kind of thing, one of these people was a man with longish hair that wore a cowboy hat and the other one was a woman with long blond hair that wore a long blue dress and had a gold headband with a blue gem on her forehead. After they had explained why I was the way I was, I hugged this woman and didn’t want her to leave, it felt like she was my real mother or something, I felt an overwhelming amount of love for this person, and suddenly this cage came from nowhere and trapped them both. There was this huge red evil eye on fire besides them, like the one in lord of the rings. I can remember thinking that they got taken by this evil force and I woke up from this dream crying my eyes out, I can still remember this dream clearly to this day.

When I started mastering out of body experiences when I was 19/20 years old I began recording all my experiences down in a journal, even recording my dreams too just in case there was important information for the future. I remember I started telling people about OBE’s and about half the people admitted they have had a couple of experiences and I realised how common they are, it’s just

people didn't know what was happening. The other half of people just thought it was dreams of vivid imagination, which is fair enough really if you haven't experience anything like that.

But we can all agree that weird things happen while you sleep, dreams are weird in general and some people wake up paralysed, aware of what's going on around them but unable to do anything else. Around this time I got involved with a psychic group online (the one I mentioned in chapter one) and they sent this really horrid evil spirit to my room to cause me havoc. At the time I had no idea how it was affecting my family in the process too, my brother started having horrid nightmares which made him sleepwalk around the house in the dark panicking he had killed the whole world, unable to tell dream from reality.

It wasn't until I had come back from the festival that I really had enough of this crap and started finding ways on how to get rid of this demon, because it was affecting people in the house.

This was my first encounter with a demon or evil spirit, I wasn't sure if it was the actually people attacking me or it was a spirit, but later learned that witches summon these spirits and send them out to cause people harm. This wasn't the first group I got involved with like this, and this spirit wasn't the last either, even to this day they still interfere with my life and those around me.

A few close friends have had to deal with these spirits all their life, and after meeting these friends they would tell me what they went through. These stories just help me confirm that what I went through wasn't just in my head and that people really do go through these things.

The more people I tell about my past and my beliefs the more people start opening up to me and telling me their own experiences, which has helped me and them understand what's going on.

I will paste a few astral projection experiences I wrote down in 2003/2004 so you can get an idea of some of the things that happened.

### **23/8/03 Saturday**

I finally decided to overcome the fear of the strange noises and vibrations accruing while trying to project. Another thing that scared me was the rapid heartbeats, when I first tried astral projection a couple of years ago. I found out that it wasn't my heart beating but my heart chakra. For the past few days I have been practising relaxing and getting used to all the scary things that happen while trying to project. I went to bed totally dedicated to actually projecting this time so I lied still relaxing until my body went numb again and I tried projecting using the 'rope' technique which is to imagine your climbing a rope to pull yourself out of your body but don't visualise, actually feel the rope and yourself pulling. This was actually working, I could feel myself getting heavy but having a floating sensation. My heart chakra was beating really fast and my whole body felt like it was thumping, I ignored all the distractions for the first time and I floated out. Next thing I know I woke up, looked at my watch and it was an hour and a half after I went to bed, it's like I just blacked out. Possibly I did project but went into a dream state and woke up remembering nothing. I was really gutted that I don't remember after trying too hard. I couldn't be bothered to try again so I went to sleep.

### **24/8/03 Sunday**

I was convinced I would project today as I had been reading about all the techniques. I went to bed and I started relaxing, I was ready to try and project but I could smell burning. I got up and thought it was my pc (crapping myself). I thought it was my pc because my previous pc had a heat problem and

used to smell like it was burning. I walked over to my pc but couldn't smell it over there, I smelt out the window, still nothing. I went back to bed and could smell it again so I pulled all the plugs out of the sockets just in case. I got back into relaxing and was just about to try and project again but I heard lots of shouting outside. Looked outside and there was people fighting and people running around. I went back to bed and waited till they went away. An hour later they were still there so I couldn't be bothered to try it again.

### **25/8/03 Bank Holiday Monday**

Went online early today and my mate Shaker was online. He is never online this early usually. He said he woke up early this morning because his mate phoned him saying his car burnt down last night. At this time I forgot about last night so I just went through the day as usual. Later on I remember about the burning smell last night. Shaker had told me his mate woke up and couldn't breathe because there was smoke everywhere and found out his car was burning. I found this strange smelling burning from nowhere at the same night his car burnt down, Coincidence? I don't know. I went to bed and started the routine; within 20 minutes I was ready and concentrated really hard on trying to A.P. I was pretty tired so every time I was getting close to projecting my mind was wondering off thinking about other things. As I was trying to project I had a strange feeling on my leg, it felt like someone had put their hand on my knee and brushed it, this happened twice and it felt really weird. I tried really hard to say right stop it and concentrate but it just happening again, couldn't do anything about it. I thought it wasn't the right state of mind to be trying it in so I went to sleep.

### **26/8/03 Wednesday**

Oh my gosh! I was virtually there. I had a bath and went to bed confident tonight and found it really hard to relax. I finally got really relaxed and started using the rope technique. This wasn't working at all so I thought I would make my own. I imagined feeling around my room if like I was a blind man, feeling the carpet, my chair, my computer, my blankets and my curtains. I was imagining I was actually feeling them and what they felt like and as soon as I know it my body is thumping and I start to feel like my body is really heavy. I thought I was floating at this point but I felt really strange. It was like someone was trying to pull me out, it's hard to explain. It was more like I was lying on the wall and gravity was trying to pull me down, it was pulling from the top right of me. It started to go so I tried hard to concentrate on feeling round my room and I could feel myself floating up but I suddenly stopped and it felt like someone was sticking their fist in my back and pushing up. I tried to ignore everything and concentrate but something stops me from going further. My left arm seemed to feel tinglier than my other one, maybe this has something to do with the battery in my watch. I was just so damn annoyed, I was so close.

### **8/9/03 Monday**

Last night as I was trying to project I could hear someone playing the recorder, rather unusual at 2 in the morning. After this I heard very loud constant whistling. Again I had this very strong force pulling me to the right, I found out that the way it was pulling me is from the north, I read somewhere that you had to face north when projecting as its the magnetic pull. I don't really believe you have to face north but it seems a bit strange that I was being pulled from the north.

### **11/9/03 Thursday**

Something strange happened to me this morning. I woke up about half past seven because my brother was getting up to go to school so I went back to sleep. I remember having a dream about working back at the hospital except there was a bridge outside it. Anyway after that dream I was having another dream.

This time I was examining my face in third person. The picture was very clear as it looked in real life but my chin looked different to what it was, when I was looking my face I suddenly realised hang on a minute if I'm not looking through my eyes and I'm looking at my own face I must be out of body! Then suddenly everything went bright and blurry and my body was buzzing!

I felt like I was already out but coming back in, everything was dark and I felt normal again. Woke up and was rather startled by this. Anyway guess what! I went back to sleep and woke up again at 9 o'clock, the time I was supposed to wake up today.

I heard lots of little kids running past to go to school and one of them was playing a recorder, playing the exact same tune I heard on Monday night!!!

### **26/11/03 Thursday**

I didn't intend to try to AP last night but I gave it a go. I was too tired after a while and decided I need sleep. I woke up about half past four and I thought hey this is how I did AP the first time so I lay there and tried it, I began to feel something then I blacked out. I woke up at the end of my bed looking at my window, I was aware I was out of body, everything seemed real. I looked out the window and it was raining, suddenly I could feel myself drifting to sleep and my dog appeared in my window and jumped out, He landed on the pavement outside my house, I was confused by this and thought 'what the hell, how did he do that he would of broken his legs' I looked into the garden of one of the houses in front of mine and I noticed a bright light appearing from it. It started getting brighter and I just kind of stared at it for a while. It turned into a ball of light then turned a translucent pink and yellow and started coming towards me. At this time I thought hmmm is that another spirit coming towards me or just an energy ball. It got really bright pink and yellow and it was a bit blinding to look at, it suddenly hit me and i buzzed and came back to my body. I remember seeing these colours while looking round my room, Auras I think? I was tired so I went to sleep. I woke up totally aware of what happened and looked outside, it was raining!

### **10/3/2004**

Last night I was so close to AP and it was close to my first experience. I was listening to this preset this guy gave me for brainwave generator and I listened to it for about 30 minutes then went straight to bed. I decided I was going to raise some energy before sleep so I did so for 20 or so minutes, my mind started to wonder off and after a few minutes my stopped thinking and then it started to happen. I felt like I was going in slow motion, my hearing just blocked off so the only thing I could hear was my breath deep down and it didn't even feel like I was breathing. My body went all fuzzy and I saw loads of colours and swirls, very pretty. My heart started rushing a bit and I knew it

was going to happen, but after a while it just faded.

### **3/7/2004**

Had a lie-in today, first time in ages, I just lay still relaxing, I drifted off I think. Funny thing is I don't remember when this occurred, before I woke up or as it happened when I was relaxing. I remember being in my room and it looked really strange, the colour was a weird blue everywhere, I was curious to what was going on outside, I looked out the blinds and it was raining a bit, everyone came outside and went into their cars, they were getting in their car and leaving. Some of them were talking to each other. I looked back at my bed and saw someone in there and I was wondering who the hell was in my bed (suddenly realised it was me in bed and I was having an OBE, obviously figured this out later in the day after I woke up) anyway suddenly I was looking down this tube which has a lens on the end, I was reading a foreign language on a piece of paper but the only word I remembered and took notice of was "AMA" and then I suddenly sank back into my body and I woke up. In my third eye I could see a yellow circle and then some handwriting of some sort then it vanished.

### **3/9/2004**

I went to bed really late last night, pretty tired I just been out. I must of drifted off pretty quick because all I remember is being in this dream, it was always changing with my thoughts, like Alice in wonderland/tipsy-turvy world where nothing made sense and I felt like I was everything and everyone at the same time, I thought of something or someone and I felt I was them, it's very hard to explain in words. I felt like I was Huge and every time I thought about something I would experience it and it looked and felt very real even though I wasn't asleep, I was conscious and actively thinking, People usually have this experience when they are very ill and call them hallucinations, I have had it many times when ill, But never like this one because it was the "feeling" of being everything at once.

Every time I snapped out of it I would check to see if I'm awake because it felt like I couldn't escape it and nothing was real anymore. Every time I drifted off again my body felt as it was moving, spinning and turning and after it did I entered this world again and in it I kept thinking this isn't real it's all illusion and then I could change it with my thoughts, my friend mark was in the dream a lot maybe because I was speaking to him a lot that night about magic mushrooms and how it alters the state of the consciousness. At the end of this experience I thought about my mates room, I haven't been there before but he's been asking me to go there when I go out of body and tell him what it looks like, so I thought about him and his room and suddenly I was looking at a matrix poster on his ceiling above his bed. The next day I asked him if it was there and he asked me how the hell I knew that and I told him what happened.

### **Thursday 7<sup>th</sup> October 2004**

Dream started off in a car, I was travelling somewhere with my mates. We got to this place like a water sports place I think. When we got there I remember thinking oh bugger I hate the water, I don't want be here, why am I here?

This big woman with blonde short hair told us to line up against the wall. She asked everyone why where they here and they all said to learn but I said "I'm not, I'm here to have some fun" then she said oh really? She told us all to go to our rooms and wait for her to call us. When I was lying down I was thinking about stuff. I heard the call but I couldn't be bothered, I didn't want to do the lesson so I just lay there. I looked out the window and all my mates where in their boxers, jumping into the lake. I went back to lay down and the woman came in and gave me a telling off because I didn't go. I said I was 2 busy thinking I didn't hear the call but she didn't accept the excuse. She said I have to go do it on my own now.

As I got outside I undressed and thought oh bugger I really don't want do this it looks way too cold. There was this teacher guy, in his 30's, short brown hair. He went into the water and swam around, he told me to jump in, but I refused because it's too cold. Eventually I said ok. I started walking in slowly and I could have screamed it was so cold and the guy laughed at me and gave me a weird smirk. This place looked like a lagoon as I looked around. On the left there was this thin cliff poking out with an archway at the end where you could swim through to the other side. It looks so fantasy like. As I swam around more I said to the guy this isn't that bad. As I swam towards the arch following the guy it started getting shallow. As we approached the arch the water was only a few inches thick so we had to crawl through it, as I crawled I looked into the shallow and saw tons of little sea creatures, nothing like that which existed on earth, these were weird looking but cool and I tried to avoid squashing them. At this point in the dream I was a bit lucid, everything seemed so crystal clear and real, I could even feel the cold water and I could feel the drag on the sand. In the distance there was a nice sunset. I kept following the guy and came to a beach on the other side. The waves were pretty small to start off with so we were jumping into the sea doing spins. As I got out I turned around and there was this huge tidal wave heading for me, I just stood there waiting for it to hit me, but then I was holding a poster of New York buildings and then the tidal wave hit me, but it didn't knock me down and another one came and tried to knock me over but it didn't. Suddenly me and this girl and that guy where under the sea but it was like we have a shield over us, the water was going right over us. We could walk over to the edge and put our hand through the wall of water going over us, it was pretty cool. The next instant I woke up in the bed in that place wondering what the hell just happened then the dream stopped

(I had at least eight dreams in total about tsunamis, all very real and I dreamt about them a few months before the Asian tsunami hit)

### **Saturday 23<sup>rd</sup> October 2004**

I went to bed really tired about 9.30pm and I listened to chakra music and tried to AP but I fell asleep. I woke up in this field and it was like I was physically there. It was 100% lucid, I felt the cold wind hit me and I said to myself I'm out of body, this is my world now, I can create anything. Suddenly this guy was standing on a rock and I said "go away" but I didn't know who he was, but he seemed to teach me stuff. As I was walking up the field I saw him sitting against the fence, I sat down next to him and said "hey, I have been here before and spoke to you before" he said "yeah, last time you woke up too quick and I didn't have time to speak". At this point I was 100% lucid, able to control myself like I am able to do physically. In some parts of the dimension I saw everything go weird, and I was falling asleep in a dream state, like I was about to wake up physically, but I was able to fight it.

I walked down to the beach and I thought hmmm I need some friends here, and out of nowhere my mate just popped out of nowhere and ran around, like I had spawned a bot in a game. I looked around me and remembered the world was based around my thoughts, I could bend the matrix, and everything around me bent in a weird way went all wobbly and you know that pattern when you put a magnet next to a TV screen, like a coloured magnetic ripple, that happened everywhere when it bent. It went back to normal and I walked inside to see what was around. As I was inside I was amazed to see how clear everything was. I looked at my hands and saw how clear they were, saw all the grains on my hand even more clear than in physical world. I walked down the corridor looking around, the world seemed too solid and realistic. I saw my brother walking round and I said "hey Carl, guess what?" he asked what and I said "I'm out of body, lucid this time and I can control everything" and he was amazed, I thought I might ask him if he dreamt about me when I woke up.

I went into a room with loads of people, mostly people I knew, that bloke I spoke to earlier was there and I asked him how do I get here again, he got a book out and opened a page and all I saw amongst the words was meditation, but the other words he said were gibberish to me. I asked more and he said "put some wisdom into it", as I sat on the table I realised how long I had been in this place without waking up, and I was like damn I'm totally lucid and I have been here for hours, I walked round some more exploring the place, it looked like a huge clinic. I came back to the room and everyone was round a huge table eating, I was like whoa, tons of food. I could feel myself slipping into dream state and I was trying to fight it again, I quickly dived at the table and started eating as much as I could before I woke up. All the food was about 100 times nicer than physical food, so nice it was like I had the munchies 100 times worse, as I was eating these bears were coming at me as they jumped at me, I shot them, then I tore off their legs and started eating them, they tasted like chocolate ice-cream. I finally got fully awake again and I followed my friends to a room.

we all sat down around this table and started talking and they were drinking, suddenly I felt someone scratching my feet hard, I looked at them and some invisible entity was scratching them, I looked at a piece of paper on the table and it said Jewson on it (the place I work), I saw blood scratch marks being made over the word and I thought oh no I got work, and while I woke up I jumped out of my bed. It's not like I woke up after a dream, it's like in less than a split second I switched to my body, was weird. I realised the time I woke up was the time I wake up every morning for work, but I didn't have work today. This showed me that it really was my subconscious that wakes me up the same time everyday without my alarm; it's been planted there by me.

## **Current thoughts**

Although I have read countless books on astral projection, they have all been written to explain how it all works and the techniques involved. I still haven't read anything on it that explains it in a bad way or on how it's linked to witch craft, but recently I have learnt astral projection is an ability given to Satanists and witches. I spent a lot of time researching this subject and doing it for myself; OBE's are very common amongst people who have a serious accident, under anaesthetics or even near death experiences. People would report floating above their body watching things happening around them and hearing what people were talking about, arguably you could say it was a dream

followed by your ears picking up the sounds, but these people described things that went on visually to very accurate detail. This happened to me when I was a child when I had very bad accidents; personally I think it happens to stop you experiencing traumatic pains and injuries. My current thoughts on the matter are if we are able to exit our body, who is able to enter it? Over the years I have heard accounts of people getting possessed by other spirits, and that they were thrown out of body into different places, unable to control themselves. This is followed by struggling to breathe or losing consciousness. At this time of doing all this, I wasn't aware of the dangers of this practise and how other spirits would influence me and trick me, from what I read you always come back to your body and nothing else can inhabit it without your permission.

Before I got into astral projection I had the intent of finding out the truth and proving to myself these things were real, I had enough of second guessing and wondering what was true or not. I had enough of adult's lying to their children about things that were real/not real; no surprise people grow up so confused.

I have had this thirst for truth ever since I can remember, just a constant urge to find out truth for myself in order to have a piece of mind. I remember I was about 7 years old and started on a quest to find out if Santa Clause was real or not. I had suspicions that even though it was exciting and magical, there was something very wrong about it, much like how you feel about the world when growing up. I remember asking loads of people in my class and questioning it but everyone said the same thing and seemed brainwashed. So I decided one Christmas I'm going to stay up all night and keep an eye out to what really goes on. The flat I stayed in had no chimney and I just constantly wondered how the hell it is possibly for someone to do what he does. So I actually did stay up on Christmas to find out the truth, at the time I was scared, thinking I was going to see a random man come into my room and put presents in my stocking. I remember thinking that no matter how scared I was, finding out the truth was more important than how I felt. I pretended to be a sleep; suddenly the light came on and in walks my dad, putting things in my stockings.

I was so relieved at this point, it all made sense now! So I told my parents I caught them doing it, so they told me the truth. I don't know why but I felt betrayed and if they lied about this, what else have they lied about? At this point I could only trust myself for truth.

I know most of you reading this are probably laughing or giggling, and the way you find out was no big deal. But as I'm writing this I realise how this started me off to find out truth and lies in the world, and how much of an impact learning the origins of these things would have on my life.

I remember telling my brother who was 5 or 6 at the time about the truth, he did not take it well, and I got told off by my parents. I also started telling kids in my class and getting laughed at for being crazy in not believing in Santa Clause, to me this was very depressing knowing the truth and being laughed at. Even to this day I'm still in the same position! But now I guess I'm so used to it, it just rolls off my shoulders and I get on with it. The funny thing is every time I tell people what's actually going on, years down the line people realise the truth for themselves and finally admit it to me and it feels good to know I can have a mature conversation on the same level.

When I was at the end of primary school I took a huge interest in ghosts and the paranormal, constantly reading ghost stories and listen to everyone's experiences with them. I didn't realise how common it was that people experience ghosts and spirits until I started talking about it to different people. I never realised how much I would get to know and experience later on in my life!

Later on in my early twenties after I had tackled finding the truth about ghosts and aliens, I wanted

to find the truth about God, when I went out of body I tried to contact or reach God so I could get information from the horse's mouth so to speak. Although sometimes when I went out of body, I experienced such things as oneness with the universe, a spiritual connection and sometimes bliss, I did not hear God speak nor had any kind of contact. Unless God didn't speak, but merely "being" or "awareness" you could tap into. I started researching people's experiences with God or oneness while meditating or near death experiences and wanted to know more, I started diving into the oneness concept and Taoism, getting into philosophy and the balance between light and dark, good and evil. I began believing that this matrix we live in is a balance of positive and negative energies and we must be balanced in ourselves, which both these experiences were here for us to choose.

These eastern philosophies taught that one cannot exist without the other, that God was the oneness of good and evil, light and dark. I believed that God was infinite energy, and that everything we perceived was a lower vibration aspect of this energy.

The way I saw it was that God being this one energy and when energy slowed in vibration it constructed all these forms we forms, and that each dimension resonated at a certain vibration, and only those beings "tuned" into these dimensions could perceive them. I believed in reincarnation and that I had reincarnated thousands of times on this earth and other planets to experience different forms of life. Was only a couple of years ago I started reading huge books on hypnosis regressions and what these people would come out with under hypnosis. All the information that were recorded from these people seemed to tell me exactly what I wanted to hear and explained things about myself and why I am the way I am. These books were written by Dolores Cannon is any of you are interested in looking this stuff up.

These books were mind blowing, where people would be tapping into their past lives as animals, humans in history, and aliens on other planets and even spirits on the afterlife.

I'm absolutely shocked how none of these stories have been made into films!

The funny thing is when these people started talking about their past lives they often sounded mundane and boring until some of these people had a supernatural or alien experience. I guess Dolores only put the interesting stuff in the books, when these people talked about being an animal or other humans, it was interesting but left you wanting more. When it got into aliens and spirits, this is where I really started paying attention, but when Dolores had these people under hypnosis sometimes these spirits would talk directly through them to Dolores and tell her a vast amount of information about the spirit world and the coming evolution.

I was never able to understand if past life memories were a spiritual thing or a genetic thing, because your DNA contains the information and memories of your whole family and ancestors. So how could I know if my past life memories were mine or my ancestors? Now I totally believe it's genetic, it would explain so much about instincts and how a species gets more intelligent as the generations continue. I believe that every child that is born contains the information of the parents and carries it on, also carrying burdens from the bloodline. When I realised later on how important bloodlines are, especially to the elites and ruling families.

I started noticing how mediums were channelling these spirit beings and all getting the same information, I knew that it was real and they were all doing what they said they were doing. At the time I believed these spirits, as what they were saying tied into what I had previously gone through spiritually. The general message of these beings is that they are a part of a universal council that governs planets and spiritual planes, and that human beings are in their infancy and in the next few years will undergo a "spiritual evolution" that will spring us into a reunion with our galactic brothers. I genuinely believed this 100% and all the physical and spiritual symptoms I had for years coincided

with the “ascension” symptoms listen on various websites. Around 2005 I gained these strange symptoms like disorientation, vertigo, dizziness, migraines, depression and massive nose bleeds. These were only a few symptoms that I experienced, but all in all I believed I was on the right track to spiritually ascend from this dimension into 4<sup>th</sup> or 5<sup>th</sup> dimension where all these beings existed. The heart palpitations were the worst symptom, my heart was skipping beats and felt under strain, the new age explanation was that our DNA was changing to support these new spiritual energies and that the heart has to adjust to them too.

I thought my migraines started because I gained new senses and psychic abilities that my brain was adjusting to, and that I was using different parts of my brain I never used. All in all I thought everything I was going through was just physical symptoms of a spiritual change, now looking back on it I’m thinking how could I have been so blind? The truth is that after years of having these real experiences and synchronicities I believed I was on the right track for truth and spiritual insights, and because I was going through things other people weren’t, I thought I was special and one of the chosen. The new age teaches you that these are the end times for planet earth but a “shift” will happen where humanity will spiritual shift into a higher dimension, thus experiencing a life a hundred more times harmonious than it is now, and it will be a “golden age”.

There is plenty of different theories on what’s going to happen but what is funny is that none of these so called aliens spirits know which one is going happen or when it’s going to happen, the details always seem to be a bit fuzzy. Some of these theories state that:

-Earth will split into two earths and the spiritually evolved with shift with the spiritual earth, and those on the negative path will stay on this one and go through all the cataclysms.

-When the shift happens, all those who are spiritually evolving will all just randomly wake up on a new earth and not know what just happened.

-A portal will open up in front of everyone and we have to walk into it to this new earth.

-The earth will stop spinning for three days while the poles will shift, it will either be light or dark for three days and then the earth will spin the opposite direction, causing a shift in consciousness.

-Aliens will start appearing in the sky’s all over earth and make contact in an attempt to educate humanity and save us, helping us join with the galactic federation.

-All people that spiritually evolve will gain ascended abilities and become like Christ, healing the sick, manifesting things and performing miracles.

These are just some of the theories circulating, it’s funny how there is so many outcomes to this, but the spirits don’t actually know which one is going to happen but they can all agree one of them is, but can’t agree how and when. According to them nothing like this has happened on a planet with this many people on it before. I was so hopeful and deluded because I wanted to believe so bad that we would have alien contact or we were going to achieve some kind of peace and love on earth or another plane of existence. I had believed in aliens all my life and was determined to prove to everyone they existed, and contact would happen and I could give a big fat “told you so”.

I can’t stress how much

I wanted this to happen so bad, I loved sci-fi films to bits and craved for something to be out there, I loved things like star wars and stargate, I wanted an alternative to this rubbish life and world.

I had been seduced by the worlds these channelled beings described, a universe filled with intelligent life and adventure. I often saw UFO's and sometimes friends would witness them with me, but I can honestly say this current time in my life all these beliefs and desires quickly vanished once I realised the truth. The belief that I was one of them in spirit, and my journey to earth was temporary, my mission was to help people spiritually evolve. After converting to Christianity later last year, all these ascension symptoms, the migraines and my heart palpitations all just vanished within three days, now I completely feel free and back to normal before this journey started.

My desires about alien life and being out there in the universe all vanished and now feel fine where I am and for once in my life I feel like I belong, I used to get heavily depressed and frustrated that I was stuck here in a world of corruptions and morons, I wanted them to pick me up ASAP! I had always felt different and alien to this place, but believing in these things just made me feel worse, and having my feelings confirmed by these spirits just made it even more real for me. The problem with these spirits is that they know your hopes, dreams and fears, and they will use them against you. A lot of people just think spirits are evil and bad, so will identify them by seeing or feeling bad things around them. This is not the case, just like eating cake, you know it tastes unbelievable but you also know it's really bad for you.

Sometimes it isn't as black and white as you think it is, the biggest deception on the world today is making people believe something by playing on their hopes and dreams, while shafting them up the dirt pipe. If people knew something was bad they wouldn't do it, simple as that! No one wakes up in the morning, looks in the mirror and thinks "I'm going to do bad today". Most often people who do bad are confused in their head about what's actually good or bad, I guess it's all relative to every individual but there is common ground to knowing what is bad, for example we all know killing is bad, hurting people is bad, cheating is bad etc. There are people who know it's bad but do it anyway, and try to justify their actions, or maybe think they can get away with it.

There are a lot of grey areas in psychology and the human mind, because no one actually knows! But I tell you who does know, spirits!

Because spirits live in a spiritual place they can see how the whole physical universe works and everything in it, so for them to manipulate us and deceive us is a piece of cake really. I really wish I could warn people about the dangers of the new age practises, one of the reasons I'm writing this now is to warn people who are now getting into it or thinking about getting into it, take it from someone who has been there. There will be many people who think I'm just trying to put them off their path of spiritual evolution or deceive them, I once believed this about people who tried warning me before hand, wish I listened before I did some damage.

Please take my advice and give it a second thought, because I know for sure that the new world religion will be the new age movement, most of the world are going to fall for it and fall for the alien deception. If you currently are involved with the new age, or have contact with these spirits please test them! I noticed once I turned to Jesus Christ to be my spiritual leader, these spirits attacked me full force and tried everything they could to stop me from progressing. But now I can only say I have never felt better, once the 2012 end date went by and nothing happened, I made a decision to stop listening to all these new age teachers and debunk them, I was majorly angry about all the lies and deception. I realised that on the course of this spiritual evolution I seemed to have got worse physically and emotionally, I felt like a part of me died and I had become emotionless and felt like my soul had gone. All through this journey I had gut feelings and these niggling thoughts about

things that were wrong, things that were contradictory and things that were just pure belief with no fact. When I was looking into the nature of reality and how it is constructed mathematically and geometrical I began to see the proof of God and how reality was an intelligent design. It was at this point I began to truly believe in God, and it even mentions in the bible that his creation is proof of his existence, now I understand that concept! Something that really shattered my reality bubble was the fact that the freemasons know all this information and believe in a grand architect of the universe, but this god they worship was Lucifer the light bearer. I suddenly had a kick in the gut and thought what if this whole reality was made by Satan and we are in a constructed prison? I started losing hope and didn't see any light at the end of the tunnel, thinking everything was a lie and I had feel deceived in every way possible. It was only when I started reading the bible that I learned the truth. I got to a point where I thought Satan was the creator and ruler of this world based on the mystery school beliefs, but after reading the bible I learnt that Satan is the master of lies and deceit, so the whole mystery religions were all based on Satan's lie. He wants to be higher than God, he has deceived the mystery schools into thinking he is God and created this reality. These groups have received knowledge and power by this force or being, being completely deceived. My mind was blown after understanding the whole story, how Lucifer got jealous of man, and had a disagreement with God. One third of the angels fell with Lucifer and has made us suffer right from the beginning. The bible tells us how these fallen angels interbred with human women and took them as wives, creating human/angel hybrids, these hybrids were called "nephilim" and were giants amongst men.

I had previously been a believer in the ancient alien theory and that we were created by aliens in our ancient past, but now I started really doing my homework on this subject and have come to find some mind blowing things. In the later chapters I will explain the alien deception, because in all my research I have learnt that mainstream history is a lie and the actual truth is much stranger than fiction. When I put the whole puzzle together I was always missing one piece that tied it all together, I was missing the one most important piece, and I came to realise the bible was this missing piece! It seemed to tie EVERYTHING together, but one thing still remained, where these beings aliens, or fallen angels? I can see why it's going to be very confusing to tell in the end days, If you don't know anything about aliens and what they have done here on earth these few thousands of years, you aren't going to tell. I spoke to my dad the other day and ended up in a debate on whether these beings are aliens or fallen angels, because we had both done our homework and came to the same conclusions apart from what these beings are. And in my experience these beings are interdimensional, not physical.

Most of the best alien and abduction researchers all seem to agree these beings are more akin to the demons of the past and have ties to the occult and ancient rituals.

I will get into more depth in the later chapters about this subject, first I want to tell you the confirmation I had when I realised where the new age originated from. I had just watched a film on YouTube called "Aquarius the age of evil" and I realised so many things and it confirmed all these niggling thoughts and feelings I had had for years. It all came down to what I wanted to hear and believe rather than fact, when I started looking up these people who started off the new age movement it hit me like a tonne of bricks, I had been played, a pawn in this cosmic chess game.

I came to realise that all these new age teachers like Michael Tsarion, David Icke, David Wilcock,

Jordan Maxwell and others, were all contacted by spirits in their earlier life and told things, like I was. These people lure you in with truth about the new world order and conspiracies then gain your trust then mislead you later down the line by bringing in new age beliefs and philosophies.

Some of these people are heavily influenced by Alice Bailey and Helena Blavatsky. These two women were one of the main reasons these occultists are pushing these new age philosophies into the mainstream. They clearly state Lucifer is our true god and giver of truth and knowledge, and they deny Jesus Christ and his message. Zeitgeist the film has done a good job in promoting the luciferian doctrine to the mainstream and carrying out Blavatsky's teachings.

When I first watched this film I loved it and it seemed to resonate with what I believed, and it explained how Jesus was just a messianic figure of the age of Pisces, and that we are moving into a new age of Aquarius and another messianic figure was going to rule this new age. This belief spread from Blavatsky throughout the new age movement and mystery schools. They make you believe Jesus is a mirror of other deities that came before him, all born on December 25<sup>th</sup>, all resurrected from the dead etc.

These theories are easily debunked, and didn't realise this until lately where I actually read the scriptures for myself. Jesus was not born on December 25<sup>th</sup>, which completely destroys this theory to begin with. But the whole new age theory of Jesus is that it's a tale of how the sun sits on the cross star constellation for three days then rises from the lowest point in the sky and is born again. For a start he wasn't born on the 25<sup>th</sup> of December, and secondly this whole celebration is a pagan story of the winter solstice. I will agree on one thing, what they say is true about the stories reflecting astrology BUT the original story of Jesus has nothing to do with this pagan tradition.

The Jesus story was altered by the Roman Catholic Church to combine Christianity with paganism three hundred odd years later after Christ. Once you read the bible yourself you see how this theory doesn't stick, they will rely on you not to read it and just mimic their beliefs. The cross isn't even Christian anyway; it goes back to Samaria and Babylon! So those who say the cross symbolised Christianity obviously don't know how far back the cross goes. There's so many things wrong with the zeitgeist belief of Jesus, there is actually a website up called the Zeitgeist challenge where anyone who can prove zeitgeists claims will be rewarded a \$1000, so far no one has been successful. I noticed this whole time, for centuries have been a plot to deny God and Jesus Christ by bringing out these theories of evolution, astrology and new age alien beliefs. It's no secret that the knights Templar's were all burnt alive by the church for worshipping Baphomet. There seemed to be a taking of sides and I can imagine the Templar's chose the wrong side because of this. All I know is that what they say about Christianity is a complete pile of crap from what I have researched, The Roman Pagan Church as I like to call them, has done a very good job at destroying Christianity to pave way for these false religions. If you do your homework you will realise how massively abundant paganism has been bought into the church and that the Roman Catholics are worshipping false idols going back to Samaria and Babylon, read the bible and you will realise it teaches you not to worship any idols or images, or any other gods apart from our one and true father creator. Jesus himself hated religion and often walked into churches to tell priests they were hypocrites, he spoke with such authority that no one could out smart him or even argue with him, they always got their backsides handed to them and shut their mouths.

I always thought the mystery schools wrote the bible or it was made to control people until I realised that the bible is anti Illuminati, anti religious and was a true spiritual teacher.

It warns against spiritualism, Baal (pagan) worship and other things that will invite demons into your life, a lot of stories where about Jesus removing demons from people, one of the disciples removed

a demon from a fortune teller, and within the hour it was gone, this woman didn't have the psychic gift anymore. I learned a few things about demons from the bible, one of those things were that whoever they possess they can cause mental illness, muteness, blindness and cause physical disability. He asked the demon what was its name and it replied "legion" because we are many, these demons are constantly seeking rest by possessing bodies, they hate not being in a body for reasons I'm not sure, but they would rather be put in an animal rather than be roaming free. The demons were scared of Jesus and pleaded to be put in a herd of pigs rather than let free to roam.

The passage says:

<sup>28</sup> When He arrived at the other side in the region of the Gadarenes, two demon-possessed men coming from the tombs met Him. They were so violent that no one could pass that way. <sup>29</sup> "What do you want with us, Son of God?" they shouted. "Have you come here to torture us before the appointed time?"

<sup>30</sup> Some distance from them a large herd of pigs was feeding. <sup>31</sup> The demons begged Jesus, "If you drive us out, send us into the herd of pigs."

<sup>32</sup> He said to them, "Go!" So they came out and went into the pigs, and the whole herd rushed down the steep bank into the lake and died in the water. <sup>33</sup> Those tending the pigs ran off, went into the town and reported all this, including what had happened to the demon-possessed men. <sup>34</sup> Then the whole town went out to meet Jesus. And when they saw Him, they pleaded with Him to leave their region

From reading some passages I can gather that a lot of people allow demons in by sinning and that demons will do anything to get in, and often deceive you into accepting.

I never realised how reading the bible would give me so much spiritual insight and coincide with what I learnt in my life without even reading it to begin with, The reason why I felt it was right because Jesus Christ's message is simple and pure, he doesn't ask you to worship any image, or even himself, he doesn't ask you to be religious, he just asks you to believe and have faith in him. And if you read his story you can see how amazing he was, and what he did for us.

I learnt a lot about demons from personal experience, and there's a few ways you can tell if you have one lurking about trying to get in. Apart from what you read about what they tried with me, they will often give you self destructive or suicidal thoughts, tell you things that lower your self esteem and confidence, influence you to do bad things, often feel like you having a battle against yourself in your head, you may feel dizziness or disorientation, heavy nose bleeds or even horrible emotions for no reason. The most common symptom is strains on your heart, palpitations and being close to losing consciousness, I saw this happen to one of my close friends, it wasn't pretty! Having these entities influence you in your life will increase your animalistic side such as uncontrollable lust and aggression, it may be all the above you experience or just some of them, it depends on the spirit that's involved with you at the time.

There's not a whole lot I can say on demons without being really vague, as they are spirits it takes a spiritual approach on how to deal with them. My only advice is to cut down on a sinful nature and try becoming pure in heart and keep strong morals and actions. If you do encounter any negative spirits or beings, call out to Jesus for help, rebuke first and ask questions later! Don't fall for their

deceptive nature. I began to realise how powerful Jesus is once I researched on how people were calling on him for help while being abducted by aliens, and that it would stop the experience completely there and then!

## **Helena Blavatsky (author of the secret doctrine)**

In 1875, Blavatsky, [Henry Steel Olcott](#), and [William Quan Judge](#) established a research and publishing institute called the [Theosophical Society](#). Blavatsky defined [Theosophy](#) as "the archaic Wisdom-Religion, the esoteric

doctrine once known in every ancient country having claims to civilization."<sup>[2]</sup> One of the main purposes of the Theosophical Society was "to form a nucleus of the Universal Brotherhood of Humanity, without distinction of race, creed, sex, caste or color".<sup>[3]</sup> Blavatsky saw herself as a missionary of this ancient knowledge.

Her extensive research into the spiritual traditions of the world led to the publication of what is now considered her *magnum opus*, [The Secret Doctrine](#), which organizes the essence of these teachings into a comprehensive synthesis. Blavatsky's other works include [Isis Unveiled](#), [The Key to Theosophy](#) and [The Voice of the Silence](#). Well-known and controversial during her life, Blavatsky was no stranger to criticism. Some authors have questioned the authenticity of her writings and the validity of her claims<sup>[4][5]</sup> while others have praised them.<sup>[6][7]</sup> Blavatsky is a leading name in the [New Age Movement](#).

The Theosophical Society had a major influence on [Buddhist modernism](#)<sup>[8]</sup> and [Hindu reform movements](#), and the spread of those modernised versions in the west.<sup>[8]</sup> Along with [H. S. Olcott](#) and [Anagarika Dharmapala](#), Blavatsky was instrumental in the Western transmission and revival of [Theravada Buddhism](#).<sup>[9][10][11]</sup>

## Alice Bailey (Author of the externalization of the hierarchy)

Alice Ann Bailey (June 16, 1880 – December 15, 1949) was a writer and [theosophist](#) in what she termed "Ageless Wisdom". This included [occult](#) teachings, "esoteric" psychology and healing, [astrological](#) and other philosophic and religious themes.

Bailey was born as Alice LaTrobe Bateman, in [Manchester](#), England.<sup>[1]</sup> She moved to the United States in 1907, where she spent most of her life as a writer and teacher.

Her works, written between 1919 and 1949, describe a wide-ranging system of [esoteric](#) thought covering such topics as how spirituality relates to the solar system, meditation, healing, spiritual psychology, the destiny of nations, and prescriptions for society in general. She described the majority of her work as having been [telepathically](#) dictated to her by a Master of Wisdom, initially referred to only as "the Tibetan" or by the initials "D.K.", later identified as [Djwhal Khul](#).<sup>[2]</sup>

Her writings were of the same nature as those of [Madame Blavatsky](#) and are known as the Ageless Wisdom Teachings. Though Bailey's writings differ from the orthodox Theosophy of Madame Blavatsky, they have much in common with it. She wrote about religious themes, including [Christianity](#), though her writings are fundamentally different from many aspects of Christianity and of other orthodox religions. Her vision of a unified society includes a global "spirit of religion" different from traditional religious forms and including the concept of the [Age of Aquarius](#).<sup>[3][4]</sup>

Her philosophy is still applied by organizations she founded, such as the Arcane School, World Goodwill, Triangles, and the worldwide network of Full Moon Meditation Groups

## Origins

From these short descriptions from Wikipedia can you now see the patterns? How these founders of the "new age" doctrines are being taught this information by spirit beings, and declare "Lucifer" as their true God. What's funny is that Baileys publishing company was called Lucifer trust then later got renamed to Lucis Trust.

**The Lucis Trust**, formerly **Lucifer trust**, is a nonprofit service organization incorporated in the United States in 1922 by [Alice Bailey](#) and her husband Foster Bailey, to act as a [fiduciary trust](#) for the

publishing of twenty-four books of [esoteric](#) philosophy published under Alice Bailey's name, and to fund and administer activities concerned with the establishment of "right human relations". These include the [Arcane School](#), a school for esoteric training, World Goodwill, Triangles, a lending library, *The Beacon* magazine, as well as the publishing company.

The objectives of the Lucis Trust as stated in its charter are: "To encourage the study of comparative religion, philosophy, science and art; to encourage every line of thought tending to the broadening of human sympathies and interests, and the expansion of ethical religious and educational literature; to assist or to engage in activities for the relief of suffering and for human betterment; and, in general, to further worthy efforts for humanitarian and educational ends."

The [World Goodwill](#) group, founded in 1932, has been recognized by the [United Nations](#) as a [Non-Governmental Organization \(NGO\)](#), and is represented during regular briefing sessions for NGOs at the United Nations. The Lucis Trust has consultative status (roster level) with the [United Nations Economic and Social Council](#).<sup>[1]</sup>

Founded as the [Lucifer Publishing Company](#) in the early 1920s, the name was changed in 1925 to the Lucis Publishing Company. In Latin *lucem ferre* translates to "to bear light" and *lucis* means *of light*. The Lucis Trust has always maintained the same name.<sup>[2]</sup> It has headquarters in New York City, London, and Geneva.

The Trust is established in Great Britain under the title "Lucis Trust Ltd.", in Switzerland as "Lucis Trust Association", and in Holland as the "Lucis Trust Stichting."

## **Alice bailey quotes from her books**

The Tibetan has asked me to make clear that when he is speaking of the Christ he is referring to His official name as Head of the Hierarchy. The Christ works for all men irrespective of their faith; He does not belong to the Christian world any more than to the Buddhist the Mohammedan or any other faith. There is no need for any man to join the Christian Church in order to be affiliated with Christ. The requirements are to love your fellowmen lead a disciplined life recognise the divinity in all faiths and all beings and rule your daily life with Love. A. A. "Forgetting the things that lie behind, I will strive towards my higher spiritual possibilities. I dedicate myself anew to the service of the Coming One and will do all I can to prepare men's minds and hearts for that event. I have no other life intention." *Discipleship in the New Age.Vol.11*, p.226

"Your spiritual goal is the establishing of the Kingdom of God. One of the first steps towards this is to prepare men's minds to accept the fact that the reappearance of the CHRIST is imminent. You must tell them everywhere that the Masters and Their groups of disciples are actively working to bring order out of chaos. You must tell them that there IS a Plan, and that nothing can possibly arrest the working out of that Plan. You must tell them that the Hierarchy stands, and that it has stood for thousands of years, and is the expression of the accumulated wisdom of the ages. You must tell them above all else that God is love, that the Hierarchy is love, and that Christ is coming because He loves humanity.

"This is the message which you must give at this time. And with this responsibility I leave you. *Work, my brothers.*" (Externalisation of the Hierarchy, p. 70)

' " *The Hierarchy waits.*" It has done all that is possible from the angle of the present opportunity. The Christ stands in patient silence, attentive to the effort that will make His work materialise on Earth and enable Him to consummate the effort He made 2000 years ago in Palestine. The Buddha hovers over the planet, ready to play His part if mankind offers the opportunity to Him. Everything now depends upon the right action of the men of goodwill.' *The Reappearance of the Christ.* p.38

## **The Deception**

The deception lies within the new age movement started founded by these two women and other people, originally coming from the Illuminati and freemasons. It's ALL linked! These spirits are denying the real Jesus by replacing him with these "new age ascended masters". These ascended masters are shown to look like Jesus Christ, or taken the image of how the Roman Catholic Church has represented him by. The whole point in the "anti-christ" is that the real Christ is denied and this new person can represent all the messianic figures of all religions and claim he was those messiahs but now come back to unite the world under the new age, This guy will perform great signs and wonders and will deceive many, weather this guy will claim to be a man or an alien is unknown yet.

The spirits that get channelled through people claim that Jesus was one of them (alien) incarnated on earth to help evolve humanity, and the bible prophesises his second coming, The new world order want to try and counterfeit his second coming by using this anti Christ figure. If people actually bother to read the bible Jesus actually warns against these false Christ's that will deceive many, and gives clear signs of when he will really return, read the book of revelations!! He says "even the elect will be deceived"

Just what is the nature of this deception? Notice Jesus' specific warning: "Take heed that no man deceive you. For many shall come in my name, saying, I am Christ; and shall deceive many" (verses 4-5, King James Version).

[1 John 4:1-6](#) ESV / 150 helpful votes

Beloved, do not believe every spirit, but test the spirits to see whether they are from God, for many false prophets have gone out into the world. By this you know the Spirit of God: every spirit that

confesses that Jesus Christ has come in the flesh is from God, and every spirit that does not confess Jesus is not from God. This is the spirit of the antichrist, which you heard was coming and now is in the world already. Little children, you are from God and have overcome them, for he who is in you is greater than he who is in the world. They are from the world; therefore they speak from the world, and the world listens to them.

There are many more verses about false prophets and the anti Christ in the bible, No wonder they want to completely destroy Christians and the bible, because it is the only movement that knows what's going to happen! But unfortunately most Christians will be deceived too.

What the bible says is test these spirits and if they confess the name Jesus Christ then they are from God, if they do not, they are from the anti Christ.

So that's proof right there that these ascended masters are lying deceiving spirits working with Satan to deceive the whole world.

I highly Recommend reading the book "Hidden dangers of the rainbow" by C. Cumbey.  
here is a description of the book:

So what are the new social movements ? What direction is politics taking ? As FDR said, "in politics nothing happens by accident. If it happens, you can bet it was planned that way". What direction is our planet moving towards ? Are we witnessing the rise of the global Religious leaders, while Political leaders are stuck in irrelevance ? Are there forces working to misuse your goodwill ? Are we about to see Heaven on Earth, a passage to Planetization, the ushering in of a Holy Millennium, with the leading of the next Pope ? Are we as people going to be able to retain any personal or local control over local politics or issues ? Or does the passage to the New World Order mean that you, as an individual, must give up all of your rights, especially if you are living in the Western nations ? Do you actually only have value, only as long as you are treated as a cell, part of a much larger organism contributing to the larger society ? What happens if you decide not to volunteer ? Loving peace is great, but actually making peace is much more difficult, messy, and challenging. Is the New International Order about to change ? Will Israel finally find its long awaited Messiah has much in common with a Mahdi (Islamic Messiah) who will step out of a well (twelver) and announce that he is going to usher in a time of Global Peace, after a mandatory period of dark revolution that is about to last seven years ? Will all nations give up their currency, or only those Americans who have relied on the Banker's Federal Reserve Notes (i.e. Dollars) ?

What are the results of a Global Economic Crisis or a worldwide famine ? Will the IMF-BIS -World Bank work with the European Central Bank (ECB) to usher in a wonderful new global currency, which after all, only asks that you have your personal identification on your right hand or forehead ? Wasn't that plan mentioned in the Book of Revelation ? Are the new forming governments in the moslem world part of the King of the South ? Do we have the chance, through salvation, to become the Adopted sons of God, or are we instead waiting a global human messiah who accomplishes signs and wonders, and who promises that you too, can share his power if only you will worship him, and give him your allegiance ? What could be wrong with a little messiah worship ? Is our personal eternal spiritual destination actually a part of this scenario ? Are the issues of the surrender to the new globalism, part of a much larger transnational plan, that may have consequences that may turn

all nations into Huxley's Brave New World, leading to a Prison Planet ? This book gives the details about the near advent of a very human messiah, along with the documentation and historical links. The author shows some previous attempts to bring this about, and what this now will mean for you, your children, your family, and your community. Are the riders of Pale Horses about to ride ?

Do you wish that someone would tell you the near-future, so you could at least understand all the chaos and where this is leading ? Surely, the few pages of concern are nothing to those who believe in these wonderful times ahead. All sides agree on the events, that just happen to be mentioned in the books of Daniel and Revelation. The main question remaining is what those events mean to each of us, and what we must do, and whether or not the original owner of the planet, its maker (God), would be about to re-assert, that He is truly in control, and the choice is whether to accept Him, or accept a much worse alternative. The challenge with gods is that they think on such a fantastic scale. Let those who proclaim their own Godhood demonstrate it by creating a planet of their own, changing the tides, affirming their own prosperity. God loves all mankind, but there may be some, who would want others to be kept in the dark about the politics of the New Dark Ages. This book seems to have been written to give the reader some chance of being able to learn and understand the forces behind the scenes that move the political levers of the global community.

[Ephesians 6:12](#)

For our struggle is not against flesh and blood, but against the rulers, against the authorities, against the powers of this dark world and against the spiritual forces of evil in the heavenly realms.

So you can see the bible has plenty of warnings about what is going to come, This is the biggest reason for writing this short book is to explain the coming deception and to be vigilant.

The hidden dangers of the rainbow can be downloaded for free from the authors website and various websites online, please give it a read.

## Chapter 4: the alien deception

As you know most of my life I have been a huge believer in aliens and UFO's. I have seen round about ten UFO's in my life, a couple of them were witnessed by friends who were with me also. One of these UFO's I saw while on a train reading one of David Ickes book, it was a ball bearing looking object, metallic and you could see the sun and the clouds reflecting off the surface, I stared at it for a while but as soon as I got my phone out to take a picture, it disappeared. Two UFO's I saw with the same friend, the most important one we saw while sitting on a sofa at a party outside, close to my house. I saw this light orb just getting brighter, the sun was going down but still day time, I thought it was a star appearing as the sky got slightly darker. I started noticing that it was starting to move so I gave my mate a quick nudge and told her to look, she watched it with me and suddenly the object started making S shapes in the sky, it zoomed up in the atmosphere then appeared on the opposite side of the sky a couple seconds later. We tried telling everyone around us to look at the sky at the UFO, but no one would look or believe us even though it was happening right then, we couldn't believe it, felt like slapping them!! One person just laughed and wouldn't look, said it was a satellite, anyone with half a brain would know satellites don't move in the sky like that, and they usually flash different colours, not to mention they don't disappear and appear on the other side of the sky. For some reason when things like this happen people's rational thinking and common sense go out the window, just shows me how people work and they are ready to believe silly things based on fear of the unknown or something they can't mentally handle. It was only last year (2013) that I realised after all this time that aliens are really just demons deceiving humanity, kind of wanted to smash my head into a brick wall for being so blind to it, over the years of constant hints, I just never thought that there was a connection. It should have become clear to me after the horrid experience I had with the alien/spirit being in my room.

I was reading a lot of Dolores Cannon books last year, they are huge transcripts of conversations between her and the clients under hypnosis, and she speaks directly to these alien beings through people. I was massively into these books because they explained pretty much every question I had about aliens, other planets and dimensions. My whole belief system seemed to evolve around the information in these books due to the gaps they filled in my understandings. I did notice a lot of contradictions though between the different spirits, it's like they couldn't agree on a definite story on the past or the future. The shaky future predictions are understandable, but the past should be a definite "set in stone" story amongst all the spirits and the DNA of that person. The aliens all seemed to have a common goal in these books, through mediums and amongst the abducted testimonies. The common goal seems to be to create alien/human hybrids so that they can live amongst us, abductees' often report eggs and sperm being taken from them and seeing hybrid children aboard these ships. A lot of people report being raped by these beings and being probed, all sorts of horrible torture as well. The other goal of theirs is that humanity evolves spiritually into light beings and to open up to the spirit realms, which I cover in the previous chapter.

I used to think that it could have been a good thing, god knows why? Maybe we have been conditioned for years to yearn for interstellar relationships with our galactic brothers and form unions between other planets and beings. I was a huge Sci-fi geek most of my life, grew up on star

wars, x-files and computer games like mass effect where you would be a member of a universal council and save the world from enemy alien beings. It was more of a fantasy from this mundane life that made me believe they were benevolent beings, but when I started looking into cattle mutilations and horrible abduction experiences I began to question it, a part of me just thought it might of been misinterpreted by the individual, kind of like when we take our dog to the vets, they think it's scary but we have their best intentions at heart. I started noticing common links between aliens and demons when people were seeing alien beings and smelling sulphur, and the fact that these alien beings looked evil and sometimes had glowing eyes. The sulphur thing is what got me curious, also listened to people who had been researching cattle mutilations for over 30 years. According to them they had certain organs surgically removed within two minutes, with ridiculous precision and tools that must have been more advanced than ours. Question is what do they want with cattle organs? There are way too many theories about why they need cattle organs, it's not something I have been able to figure out yet, but the hybrid programme they have going certainly is massively important to them, they might be linked.

The hybrid programme was happening in the days before the great flood, but according to ancient cultures and the bible, it was the fallen angels that fell from heaven, lusted after our women and made them their wives. They physically mated with women and created these hybrid offspring called the Nephilim, who grew to be giants amongst men and great warriors, often being worshipped as gods. The bible clearly states that in the end times, it would be as it was in the days of Noah, meaning that hybridisation was taking place between our species and the demonic species so they could walk the earth amongst us. I will get more into this in the later chapters; I will try concentrate on current day aliens and what they seem to be about. I have personally met people who have been abducted and I can honestly say now that their testimonies seemed very bizarre and seemed to be a spiritual phenomena rather than a physical one, the bizarreness of these experience seemed dream like or out of body like, but there is evidence that these beings have entered physical reality, even if for a brief period of time, leaving physical traces. Without a doubt there is a spiritual/physical interaction going on, at first I couldn't explain it but I had conflicting beliefs. I first thought they were from other planets crossing space in time through portals or wormholes, and then when I started making the connections between aliens and demons, the planets thing went out the window. I just started believing they came from a dimension, physically manifesting into physical reality through portals. Where ever these beings come from isn't a nice place that's for sure, probably almost like what people describe as hell, a dimension close to ours, full of troubled spirits of the Nephilim or even spirits from the abyss. At one point I was massively into crop circles, because I knew the importance in sacred geometry and the role it played in our understanding of the universe, I believed spirits were engraining these messages in the crops for us to figure out. I attended many conference talks and met people who had studied them for years and had hours of footage of them being made. This one guy showed me footage of a portal opening up and these two shadow beings walking through, possessing these human beings to make these crop circles, and returning through a portal. When I saw this it made me feel horrible to my core, I didn't want to believe it. I was happy to believe that it was good spirits trying to guide us into a spiritual path of evolution. I went to visit these crop circles for myself and investigate, they were so perfect geometrical wise, and as soon as you walked in them a massive wall of energy hit you, you could feel it emotionally and physically having an effect. I started getting light headed and dizzy, after leaving that day I started getting really ill on the journey home, I felt so horrible I just wanted to get home, I was ill for about two

weeks after. Personally I didn't get a good feeling about them, one of the circles I went in was actually a pentagram, should of twigged at the time really.

## The Greys

The grey aliens are your typical big head and big black almond eyed beings usually plastered all over films and TV programmes. Personally I think this image has been shoved down our throats for conditioning, making us get used to the image of what demons look like and so we associate them as aliens. Truth is that 90% of abductions and horrific torture stories involve these guys. I was led to believe that these guys where from another planet, from the zeta reticuli constellation that

they needed our genetic material for survival. Apparently they can't breed anymore due to taking the wrong path of evolution, evolving intellectually rather than spiritually, now they can't physically breed so need our genetic code in order to clone their species. They are described to have large domed heads with almond black shiny eyes, no sexual organs, rather skinny and to walk in a strange "puppet" like way. They have no nose or mouth, usually just a slit as a mouth and two little holes for nostrils. Apparently they feed by absorbing sunlight directly into their skin, absorbing minerals from the sun. I have had a lot of encounters with these guys in my dreams and out of body experiences, they seemed to lack emotion of any kind, sometimes kidnapping me and holding me in a room made for humans. They have the ability to form an illusion round you and pose as human beings or anything that you might be more comfortable with, if you watch Stephen Spielberg's "taken" you will get a general idea of these beings and the programme they are involved in. The series is about people over the span of 50 or so years, getting abducted and being bred together to create the perfect alien/human hybrid. The first alien to crash was at Roswell New Mexico, the alien being escape and posed as a human man, taking refuge at a woman's house. This woman falls in love with this man and has sex with him, he later disappears when the military comes looking. He reveals his identity to her and after he leaves, she longs for his return. She gives birth to a hybrid boy who has the alien's power, being a gentle timid boy who's very intelligent, has the ability to make people see their hopes and dreams, also their greatest fears and uses it to escape the bad guys. Some of the people in the programme get abducted willingly enjoying the experience but a couple of guys try and fight it and fight the beings, The government pose as the bad guys after greed and power from the technology from these beings. The result in breeding these special humans together to form the perfect human happens over generations and ends up being this perfect little girl who's very intelligent, loving and has the fullest powers of these alien beings. She is able to bend people's visions and create a whole illusion in front of their eyes to deceive them and get herself out of trouble, she is captures and held at a military base, she conjures up a whole illusion of a space ship coming down and collecting her from the base, but in fact it wasn't real. This programme reveals so much about the demons agenda and their abilities to bend the mind in absurd ways and create

illusions by manipulating your view on reality. The hybrid programme in the programme clearly shows their hybrid agenda to create bodies that can co exist with us and walk the earth, taking over our world with superior technology and power. The reason they can't come down physically is because they are spirit beings trying to create physical bodies!

I have often wondered why thousands of these UFO's just dance around in the sky and annoy our military and air traffic but don't actually land and reveal their selves; one argument made by them was they weren't allowed to interfere with our evolution. This is complete rubbish!

If they weren't allowed to interfere they wouldn't be making themselves known to begin with or crash on our planet, and they even tell us that they created us and guided our evolution to begin with. This contradictory story really grinds my gears, they claim they appear in our whole history and been involved with us for thousands of years, what happened to the law of non interference? I think they don't land because they physically can't, or they would have done already, they are in spirit form which appears as a light orb, putting on Arial displays in our skies, preparing humanity for a coming deception when the time is right. I have heard accounts of these beings being android suits for a hive consciousness, being kind of "worker" drones for a higher being. If you tie in the demon story with these beings it all makes sense really! More sense than any rubbish story they have told. I am still undecided on whether these grey aliens are actually physical bodies genetically made for demons to inhabit, or whether they are just plain demons who can physically manifest in our dimension for a brief time, taking things and people to the other side. I have read and watched a lot of accounts of physical interactions with these beings, but I can't find evidence of this being true, and my own interactions with these beings have been strictly spiritual in nature, the out of body nature of this phenomena is as more physical as this reality, which people may mistake as being in this reality and not in another, I can't vouch for their testimonies so I will stick to my own experience and the facts of the best alien abduction researchers in the world.

It's obvious that the government release some of these people who have worked in the military and in underground bases to spread this false misinformation about aliens and UFO's, there is NO way so many of these people would be able to spread this information publically freely. William Cooper in his later life admitted that the documents he read about Roswell and UFO's may have been deliberately put there for him to read and reveal, Early on in his life he saw a huge UFO coming out of the ocean in front of his eyes and flying off into the sky, then "stumbled" upon these classified documents relating to aliens. Surely someone would think that it was a bit strange these documents were just lying around for someone like that to see. He later thought it may have been revealed to him, knowing he would go public with it and spread the information about aliens.

I think this is the case with a lot of people who go public with these stories, often shown things on purpose so they can later go public and release this information, spreading disinformation to the public. Truth is the USA is the only country in the world that still keeps the whole alien/UFO subject classified. All the countries only have UFO files to offer, no real meat and gravy information like the USA does. Roswell is where the whole alien thing started, in 1947, coincidentally the time of World War 2, the whole affair was handled by the local air field. Some of these people got hold of a tin foil like material that didn't scratch or crease when crumpled in the hand, was a material unlike any earth material; this was quickly covered up by air balloon material for the press. The locals all saw a craft land, but the government clearly states it was a weather balloon, there is way too much disinformation and theories surrounding this information but I do know one thing, it's the same time

Hitler and the occultists were making UFO's and getting involved in anti gravity/portal technology. Many WW2 pilots reported "foo fighters" which were strange bright lights hovering in the air and interfering with their jets. Isn't it funny that these UFO crashes happen next to a military base? Not near some city or town, usually in the middle of nowhere or a desert. Personally I think it's because these bases are building and testing these technologies for themselves. It's said that UFO's usually come into the atmosphere when people are doing occult rituals, I found this interesting:

The **Babalon Working** was a series of [magic ceremonies](#) or [rituals](#) performed from January to March, 1946 by author, pioneer rocket-fuel scientist, and [occultist Jack Parsons](#) and Scientology founder [L. Ron Hubbard](#).<sup>[1]</sup> This ritual was essentially designed to manifest an individual [incarnation](#) of the archetypal divine feminine called [Babalon](#).<sup>[2]</sup>  
- Wikipedia

It seems occult rituals and practise tie in with the whole demon/UFO phenomena well, so the links to occultist Hitler, Crowley and Jack Parsons doing these rituals at that time to invoke anti Christ spirits and opening up portals seems to be more than mere coincidence. Knowing that the elite and presidents are occultists too, seems like they are working towards one goal, to bring about the anti Christ through rituals, hybrid programmes and staging it as an "alien" phenomena. Seems like the perfect cover story if you ask me, distract the public from the occult by putting the idea in everyone's mind its alien visitors from another planet, I will get into more detail about this in the later chapters.

## The Reptilians

When I first heard about reptilians I was watching a conspiracy programme on TV and David Icke popped up saying the royal family were shape shifting lizards, my mind was blown. Surely this was the craziest thing I have ever heard, instead of dismissing it I took a huge interest in it and started looking it up myself. The first thing I started reading up was that this race evolved from dinosaurs, the same way we evolved from monkeys, really simple explanation but my doubts of evolution at that time took me away from that explanation all together. The reports say that they evolved first and worked underground in taking over the planet through our governments because the planet was rightly theirs to begin with. The second theory I read about was that they were from the constellation Draco, here because they had a war with the Pleadians at the beginning of our history,

apparently they were fighting over ownership over this planet and man, and the reptilians won, over taking our planet from the inside. There are many theories about the reptilians but David Icke's theory explains that these beings are from another dimension "possessing" political leaders through a genetic royal bloodline. David Icke seems to be the leading role in society on these theories, but after I done some hardcore research into this, I have come to realise people's experiences are genuine and I have often met certain people who have seen these beings "spiritually" not physically. They seem to make an appearance in abductions and often seen lurking around powerful people, politicians and celebrities, to a certain degree I believed Icke on my own research. The royals are all connected by interbreeding bloodlines, and the Illuminati are very strict on their bloodline. Icke makes the connections that all the ancient civilizations mention serpent gods and blood and heart sacrifices, he talks about them existing in a dimension of void, an abyss. I have read all his books and I do think he makes a good argument but his biggest mistake is pushing the new age agenda, he is not linking these to the demons and Satan in the bible. He is now linking them to archons and demons but he's bypassing the power of Jesus Christ and his authority to deal with these beings with ease, he is going straight to the new age with it, saying we have power over them because we ourselves are god and once we realise that they can't harm us. I used to believe this but can anyone see where I'm going with this? It's another distraction leading you down the wrong path by luring you in with truth but swaying you away from Christianity. This is very cleverly done; David Icke displays Masonic characteristics and has been caught flashing Masonic hand signs and handshakes constantly. He used to work for BBC and was a member of the green party, even a professional goal keeper so he has had his fair share of fame. Personally I think all BBC presenters and forms of government ties all need to be masons before they get to that point, I never believed he could have been a mason until last year when I started noticing what these spirits really are.

David Icke has been lead on to this path and research by receiving messages from spirits he calls "the guys" which now is plainly obvious he is being deceived and helped by these spirits. Icke went on the Terry Wogan show saying he was the "Son of God" and has the spirit of the Christ in him. A lot of people such as myself thought he meant he was the son of god, just like all of us are, but only when I realised he has the anti Christ spirit in him it all makes sense. He is surrounded by occult symbolism and even in his house he has teddy bears and artwork of lions everywhere, along with flashing Masonic hand signs all the time. I may go into more detail of this in the later chapters, but I want to emphasise where this information is coming from and the individuals who are spreading this information. People like David Icke, David Wilcock and other new age teachers are all being fed information by spirit beings, directing and guiding them on their spiritual path, once you find out these spirits are deceiving humanity, it all seems to come together. My previous chapter goes in depth about this so I can concentrate on exposing the information they tell regarding aliens.

I have read many stories on reptilians and peoples accounts, even though I haven't seen one physically or spiritually, I do believe peoples accounts are genuine, the ones that are told mainstream though I believe are fake to push the alien agenda and fear that we are hopeless against them. Most of these stories are being told by satanically abused children and adults who were involved in ritual abuse, it's relatively easy to connect reptilians with demons, it didn't take me long to make this connection, The symbols these beings use are pure satanic and witchcraft, I wondered why these reptilian beings used religious symbols and why people needed to do rituals to invoke these beings. The satanic/demon connection is pretty obvious really when you dive into the details

of it; some people say these beings are the ones who founded religion to control man and made these symbols up, along with Satanism. While writing this book I want to make it clear to the reader what is actually going on, these are NOT alien beings, but plainly demons working through people. Satan himself was described as a dragon, a liar and a murderer by Jesus, I believe his spirit is manifest through people as reptilian in nature because that is the spiritual nature of Satan. Satan masquerades himself as an angel of light, but deep down this serpent nature is reflected by his personality. It is said that demons are the disembodied spirits of the Nephilim who were hybrids of the fallen angels and human beings, the Nephilim hybrids being abominations of the earth, when they died their spirits had nowhere to go because these bodies were not meant to exist in the first place. So they roamed round the earth waiting for bodies to inhabit, the fallen angels engineered human/animal hybrid bodies to house these demon spirits because these bodies weren't designed by God, thus allowing them to inhabit. Maybe reptilians were one of these engineered bodies genetically made by the fallen angels, along with half goat/human or half human/horse beings, our ancient myths are filled with these hybrids and also shown in ancient cultures such as Egypt. That our gods of past had human bodies and heads of animals or vice versa, exhibiting god like powers and magic. Maybe these reptilian entities are just the dead spirits of the Nephilim, along with the grey alien spirits; the greys have long skulls and big eyes just like the skulls found with elongated skulls. My theory is that These Nephilim were giants before the flood but after the flood because of the interbreeding they became smaller in size due to the watered down genetics. If you copy a copy, it gets weaker so their power would have weakened along with their size. The alien greys have big heads and big eyes because that's what the Nephilim looked like, just a theory at the moment but I got the idea while watching Rob Skiba who explains the Nephilim pretty well. These reptilian beings possessing certain bloodlines really connects the dots on the hybrids and Nephilim, the royals claim to be bloodline descendants of the ancient gods, which would explain why these reptilian spirits can only possess people in the bloodline. If this Illuminati bloodline related back to the royals going back in history it would explain a lot, Akhenaten, his wife and kids are all portrayed with elongated skulls and said to be very powerful, he tried bringing the religion to Egypt of the "one god" rather than multiple gods, he displayed this as sun worship, basically luciferian worship which I will go into later on. I'm guessing the royal families throughout history are descendants of the fallen angels and Nephilim, giving them divine right to rule do to their "angel" genetics and allowing them to be demonically possessed by the Nephilim spirits.

This is my recent discovery so I might be a bit vague on this but if I find anything else on it I will add in later, but after everything I have researched it has led me to this current understanding. I know David Icke is pushing the new age agenda because he is involved with the Masons, so I can't rely on him to be accurate, but reading the biblical and historical information on demons and the Nephilim is totally makes sense now. I do apologise for being vague in this chapter, the chapters later ahead go into these individual subjects in detail to show the connections, this chapter is to describe these beings that are involved with us at this current time.

# The Pleiadians

This is a depiction of the Pleiadians and Ashtar command, this has truly made me mad to the extreme, I know people who have been deceived by these beings and this false brotherhood, funny thing is when I found out about Ashtar command I instantly knew it was a deception.

A brief summary is that these beings channel their information through mediums, again something spiritual rather than physical, claiming they are our alien brothers and from a galactic federation of light in the universe. They claim that Jesus himself was one of them, as are all the messiahs throughout history, that they have the same love of the creator as we do. Apparently Jesus is really this “sananda” bloke and that all alien beings are a part of this council, I expose this in my previous chapter the new age deception.

If you know anything about the occult, these guys display massive occult symbols all over their pictures, for example in the image on the left you can see the seal of Solomon “6 pointed star of Saturn” and the halo like sun behind his head.

I noticed the name first when hearing about this group “Ashtar” and noticed it was another word for Ishtar the Babylonian goddess. These beings have strong ties to the occult and gods of the mystery schools, automatically making me believe this group is part of the spiritual trap for people who are waking up, years later I realised I was right. Currently I understand way more about this subject and can easily link this group to the new age deception. This is a paragraph from Wikipedia:

**Attar** ([Aramaic](#)); **Athtar** (South

Arabia); **Astar** (Abyssinia); **Ashtar** (Moab); **Ashtar(t)** (Canaan); **Ishtar** (Assyro-Babylonian)<sup>[u]</sup> is the god of the morning star in western [Semitic](#) mythology. In [Canaanite](#) legend, he attempts to usurp the throne of the dead god [Baal Hadad](#) but proves inadequate. In semi-arid regions of western [Asia](#) he was sometimes worshipped as a rain god. His female counterpart is the [Phoenician Astarte](#). In more southerly regions he is probably known as **Dhu-Samani**.

Attar was worshipped in Southern Arabia in pre-Islamic times. A god of war, he was often referred to as "He who is Bold in Battle". One of his symbols was the spear-point and the antelope was his sacred animal. He had power over [Venus](#), the morning star, and was believed to provide humankind with water.

In ancient times, [Arabia](#) shared the gods of [Mesopotamia](#), being so close to [Babylon](#), except the genders and symbols of these deities were later swapped around. For instance, the sun god [Shamash](#) became the sun goddess [Shams](#), and in southern Arabia [Ishtar](#) became the male storm god Athtar. The [Sabeans](#) and other southern Arabians worshipped stars and planets, chief among whom were the sun (Shams), moon ([Almaqah](#)), and Athtar, the planet Venus. As head of the Southern Arabian pantheon, Athtar was a god of the thunderstorm, dispensing natural irrigation in the

form of rain.<sup>[2]</sup> Athtar also represented [fertility](#) and water as essential to fertility. When representing water he stood not just for the act of raining itself, but rather for the useful flow of the water after the rain, in the [wadi](#), the Arabian watercourse which is dry except in the rainy season.<sup>[3]</sup>

Can you see? The morning star (Lucifer) and the connections to Nimrod and the ancient times, I think this spirit group really shot themselves in the foot with this one, what I don't get is everyone is falling for this deception due to the message they tell, being very positive and turning everyone from the real Christ by worshipping them instead. These beings look like what the ancients describes as angels; personally I think these guys ARE the fallen angels, spreading the religion of occultism and the anti Christ.

In his own words:

*Dear ones, my name is Ashtar. I am an etheric being from many, many planets, stars and incarnations. However, for billions of years, I have taken on one project, the project of populating many planets with "Star Seed", and the project of bringing those planets through evolution. Earth is not the only one! Still it was myself, among others, who brought life to Earth in the very beginning and I did this, as did others, mainly through intention and through the process of creation relative to the human being. Now, because the Earth is out of balance and because I have an interest in the people, I come to assist at this time, to see her through the evolution into the Fifth Dimension.*

*And so, I come as a shepherd, gathering together his sheep safely, carrying the ones who hurt, just being there for all of them, finding the strays and bringing them together. This is my task, at this time, relative to the Earth. Ashtar means "Shepherd". I am Ashtar, shepherd of the Earth. I wish to bring to your awareness another shepherd, for there are many. This shepherd you know very well. His name is Jesus. Jesus was an incarnation on the Earth of a very high being, known to those of the Light as Sananda. This one, of course, you all know personally. He is the one to whom you pray. Jesus. Sananda.*

*Dearest ones, I work directly under the leadership of Sananda. Therefore, you know and understand that we of the etheric inter-dimensional forces work directly with the Light, with Jesus and with God. Your Heavenly Creator is the one whom we worship, just as you do.*

*We are working with you as partners, to bring the Earth into a higher dimension. That is what is occurring and is what the Book of Revelation does not say. All of the changes upon the Earth are cleansings to prepare for this and they are explained in Revelation. It would be helpful for you to read that book, the last chapter in the Bible. As you read, you will see and you will understand there are prophecies, and that on the Earth those prophecies are being fulfilled right now. I give you these words with much love, dear ones. I give you these words in order to bring understanding to your heart. I bring you these suggestions so you will be able to look deeper and understand better. I wish to thank you at this time...all of you who are of the stars...who are awakening to the reality that is not in the history books. These realities are coming through in the form of channelings, realizations, insights and dreams. Dear ones, I suggest that you get together with others of your philosophy, either by postal mail, by email, or in person, so you can discuss these matters, and thereby understand more. Daily, dear ones, invoke the Light upon your entire being, your life, and your loved ones. The White Light is your protection and it is a beam through which we, in the Heaven Worlds, can guide you.*

*This is Ashtar, helping you with information, as you are ready to receive it.*

can you see how it says their plans for humanity and states that the book of revelations doesn't say it, the deception is clear. So they acknowledge the bible but then add things that are not mentioned in it such as Jesus being a star being "sananda" and that they plan on evolving humanity to their level, for a start the bible goes against evolution, and no where does it state that Jesus is a star being, an alien or a member of the Ashtar command, you would think God would of wanted to mention that as clear as possible. God states we are his only creation and we are made in his image and likeness, so really this group is contradicting itself big time! The bible clearly states that the bible not be changed or added to.

*Revelations 22:*

*A Warning*

*18 For[a] I testify to everyone who hears the words of the prophecy of this book: If anyone adds to these things, God will add[b] to him the plagues that are written in this book; 19 and if anyone takes away from the words of the book of this prophecy, God shall take away[c] his part from the Book[d] of Life, from the holy city, and from the things which are written in this book*

the bible clearly states if any one adds to the scriptures, they will get cursed basically, these guys are screwed! A lot of new agers will pick out verses in the bible to support their beliefs and claims, which is totally wrong, I advise everyone to read it properly, because it goes against everything these spirit beings are doing and CLEARLY warns us against spiritualism, the occult and idol worship. It's a good deception though for people who don't look these things up, they take these messages at face value; I'm guessing this group relies heavily on the individual not to look these things up for themselves

I found a paragraph on the website showing that reptilians and greys are a part of the group:

*Without resorting to the use of channelings which abound on the Internet as to what the Ashtar Command is, let us give a very simple explanation. The Command is the cohesive organization, under the ultimate direction of Lord Sananda, which has come together for the sole purpose of overseeing the safety and spiritual development of Earth and all her inhabitants. It is composed of various Races and Species from throughout this Universe as well as some from other Universes. The question has often been asked, "Are Beings such as the Greys and Reptilians part of the Command?" The answer to that is, "Yes." One cannot lump all off-world Beings into a category of either 'good' or 'bad' anymore than you could say all Earth humans are either 'good' or 'bad'. All Races and Species have their share of both of these energetics. You may feel assured, however, that all those working within the Ashtar Command are of a higher-vibrational nature and all within the Command are working for the good of Earth mankind. The Command, however, is not composed of simply 'aliens' from other planets, galaxies or dimensions. It also includes the Angelic Realms and those working in their behalf. Their craft have surrounded and monitored Earth for billions of years, ever watching, ever protecting, and ever loving, ensuring our safety, our sovereignty, and most of all our freewill choice. So look to the skies, and if you see one of our space brothers and sisters, give a heartfelt 'wave' and say "Thank you, God!"*

Man this is really pathetic if you ask me, you can clearly see it's the "anti Christ" working through

people and deceiving them against wrong bible teachings and denying the real Christ. I fell for the "new age" Jesus too, but now with my new understandings, I can clearly show these new age deceptions. They state they have created us, watch over us and love us, teaching us advanced knowledge. Explain to me then why the world is so messed up, these aliens deceiving all humans, why don't you "good guys" land and sort it out? Why do you let people get raped by these beings? I remember a load of people involved with this group telling me over the years they will land and announced themselves, giving dates but nothing ever happening. It's just all false hope and nonsense.

Just reading the bible yourself will blow their teachings out the water.

In the bible these demons tremble at Jesus and his name, they even admit he is the Son of God. If you are not convinced of this, it will be revealed more clearly in the later chapters.

Can anyone see the occult symbols in these pictures? They put emphasis on the all seeing eye of Lucifer, the light beams coming off the third eye (Illumination) the second pictures showed the pyramid with the eye in it and wings, third picture clearly shows the pyramid with the serpent eye in the middle. They make it so obvious! I guess it isn't obvious to those who don't know much about the occult and mystery schools of sun worship, they are probably laughing at the gullible people who believe in it.

if you are still not convinced that aliens are really demons, I shall present to you a few quotes from the most respected researchers in this field that have been studying abductions and the alien phenomena for decades.

# Chapter 5: The Illuminati, mystery schools and the new world order

I'm pretty sure most of you reading this have heard of the Illuminati by now, through films, music and celebrities. What drives me nuts about this subject is that many have a lot to say about it with no real research behind them, comments like they don't exist anymore or that celebs are just using it for attention. This is so frustrating knowing the whole history behind the mystery schools and people just rebuking it without investigating. So let's start from the start, the Illuminati was founded by a guy called Adam Weishaupt on May 1<sup>st</sup> 1776, the term Illuminati means illuminated or enlightened and they are symbolised by an Egyptian pyramid with the capstone floating above it, it has the eye of Horus inside with sun rays coming out of it. Some people don't dig deep enough to realise it goes back to the Egyptian and even Babylonian sun worship and mystery religions of Nimrod/Osiris. Most people seem to think the symbol only means that the elite are enlightened and above the public, the symbol has way more meaning than that. The triangle is a witchcraft symbol and also represents Satan's trinity; Osiris's name translates into "he who has his eye on the throne" or "the strength of the eye".

*Founder of the Illuminati:*

*On May day 1776 Johann Adam Weishaupt founded the "Illuminati" in the Electorate of Bavaria. He adopted the name of "Brother [Spartacus](#)" within the order. Although the Order was not [egalitarian](#) or democratic internally, it sought to promote the doctrines of equality and freedom throughout society.<sup>[17]</sup>*

*The actual character of the society was an elaborate network of spies and counter-spies. Each isolated cell of initiates reported to a superior, whom they did not know, a party structure that was effectively adopted by some later groups.<sup>[17]</sup>*

*Weishaupt was initiated into the [Masonic Lodge](#) "Theodor zum guten Rath", at Munich in 1777. His project of "illumination, enlightening the understanding by the sun of reason, which will dispel the clouds of superstition and of prejudice" was an unwelcome reform.<sup>[17]</sup> Soon however he had developed [gnostic](#) mysteries of his own,<sup>[citation needed]</sup> with the goal of "perfecting human nature" through re-education to achieve a communal state with nature, freed of government and organized religion. He began working towards incorporating his system of Illuminism with that of Freemasonry.<sup>[17]</sup>*

*Weishaupt's radical rationalism and vocabulary was not likely to succeed. Writings that were intercepted in 1784 were interpreted as seditious, and the Society was banned by the government of [Karl Theodor](#), Elector of Bavaria, in 1784. Weishaupt lost his position at the University of Ingolstadt and fled Bavaria.<sup>[17]</sup>*

*The History of the House of Rothschild: 6*

*1777: Nathan Mayer Rothschild born.*

*1784: Adam Weishaupt issues his order for the French Revolution to be started by Maximilien Robespierre in book form. This book was written by one of Weishaupt's associates, Xavier Zwack, and sent by courier from Frankfurt to Paris. However en route there, the courier is struck by lightning, the book detailing this plan discovered by the police, and handed over to the Bavarian authorities.*

*As a consequence, the Bavarian government orders the police to raid Weishaupt's masonic lodges of the Grand Orient, and the homes of his most influential associates. Clearly, the Bavarian authorities were convinced that the book that was discovered was a very real threat by a private group of influential people, to use wars and revolutions to achieve their political ends.*

*1785: The Bavarian government outlaw the Illuminati and close all the Bavarian lodges of the Grand Orient.*

*Mayer Amschel Rothschild moves his family home to a five storey house in Frankfurt which he shares with the Schiff family.*

*1786: The Bavarian government publish the details of the Illuminati plot in a document entitled, "The Original Writings of The Order and Sect of The Illuminati." They then send this document to all the heads of church and state throughout Europe, but sadly their warning is ignored.*

*1788: Kalmann (Carl) Mayer Rothschild Born.*

*1789: Due to the European ignorance of the Bavarian government's warning, the Illuminati's plan for a French Revolution succeeded from this year to 1793. This revolution was a bankers' dream, it established a new constitution and passed laws that forbade the Roman Church from levying tithes (taxes) and also removed its exemption from taxation.*

*1790: Mayer Amschel Rothschild states,*

*"Let me issue and control a nation's money and I care not who writes the laws."*

*1791: The Rothschilds get, "control of a nation's money," through Alexander Hamilton (their agent in George Washington's cabinet) when they set up a central bank in the USA called the First Bank of the United States. This is established with a 20 year charter.*

*1792: Jacob (James) Mayer Rothschild born.*

*1796: Amschel Mayer Rothschild marries Eva Hanau.*

*1798: John Robison publishes a book entitled, "Proofs of a Conspiracy Against All the Religions and Governments of Europe Carried on in the Secret Meetings of Freemasons, Illuminati and Reading Societies." In this book, Professor Robison of the University of Edinburgh, one of the leading intellects of his time, who in 1783 was elected general secretary of the Royal Society of Edinburgh, gave details of the whole Rothschild Illuminati plot.*

*He advised how he had been a high degree mason in the Scottish Rite of Freemasonry, and had been invited by Adam Weishaupt to Europe, where he had been given a revised copy of Weishaupt's conspiracy. However, although he pretended to go along with it, Professor Robison did not agree with it and therefore published his aforementioned book. The book included details of the Bavarian government's investigation into the Illuminati and the French Revolution.*

*That same year on July 19th, David Pappen, President of Harvard University, lectured the graduating class on the influence illuminism was having on American politics and religion.*

*At the age of 21, Nathan Mayer Rothschild leaves Frankfurt for England, where with a large sum of money given to him by his father, he sets up a banking house in London.*

*Source: wikileaks*

Just a brief history on the Illuminati and the Rothschild family, but before I move on I would like to highlight a bit I found interesting:

*The Illuminati was forced to go underground in Bavaria and had to move its revolutionary efforts elsewhere. Disaster again struck for the order when in July 1785 lightning struck an Illuminati courier, a man named Lanz, and killed him and the horse he was riding. It is said that both Lanz and the horse was charred to coal, but the saddlebags were almost intact. In them was found extensive documents that outlined the Illuminati's plans for world domination and revolution, and also named several high ranking Illuminati members, among them Zwack and Weishaupt.*

Source: [http://www.bibliotecapleyades.net/sociopolitica/esp\\_sociopol\\_illuminati\\_0a.htm](http://www.bibliotecapleyades.net/sociopolitica/esp_sociopol_illuminati_0a.htm)

So they got found out by a courier being hit by lightning, reducing them to a char of coal, but the documents intact? I'm not being funny here but it sounds like an act of God, I mean what are the chances? Some force didn't want this going ahead.

Personally since I have been researching this subject over the last ten years I don't just believe the Illuminati was created in 1776, but the teachings and philosophies go back thousands of years to the beginning of the human race. When I started researching Atlantis I couldn't get any real evidence for it, but underground cities have been photographed in our oceans just off the coast of Cuba.

The only places I can find information on Atlantis is the works of Plato, secret societies and channelling, Edgar Cayce (The sleeping prophet) used to go in trance and channel information about ancient history and including Atlantis. Apparently this place was when humanity was at its peak spiritually and technologically, a Utopia Island where man was so advanced they were like Gods, using crystals and anti gravity technology. You can imagine the Sci-fi feel of this place if it existed; I used to think this place existed due to the stem of ancient cultures around the world after the flood, the same calendars and mystery school knowledge of pyramids and occultism in their societies. I guess my beliefs in the occult and spiritualism aided my belief in Atlantis, because apparently Atlantis was wiped out by the flood due to do them doing horrible experiments hybridising animals and making them fight in arenas. Either Atlantis did exist and was the home for these fallen angels or it was a story made up to support the flood and hybrids, disproving God and the bible. Because this belief is popular amongst secret societies I am on the side of it being made up to go against the bible and my reason is that Atlantis was a place without THE God, more like men who were God like

themselves. Channelled information about Atlantis seems to vary depending who is channelling, some information is constant, but this information is what's written in history anyway. It's the information that isn't recorded in history that seems to vary on the "spirit" that's giving the information, which is why I can't rely on it for proof. There is legends about a land like Atlantis which the gods resided, you can see examples of this when watching movies about gods, like Thor for example, that city they live in is what Atlantis was described as, but in the movie it's on another planet, Stargate Atlantis makes hints at Atlantis being on an off world planet also, This planet is under attack by the "wraith" who coincidentally look like fallen angels.

There is no definite answer to whether or not Atlantis existed, maybe it did and it was an island inhabited by the fallen angels while they did their hybrid programs, kind of like a base headquarters, away from the mainland and away from the population. Some people would like you to believe this is where man was created, Adam and eve that were genetically modified from Neanderthals, This theory is pushed by the popular video game series "assassin's creed" where it shows a video called "the truth" where Adam and Eve run through Atlantis naked trying to escape these gods. I loved this series because it seemed to resonate with my beliefs at the time, but now with my understanding I can see what agenda they are trying to push to the public, the same "new age" agenda the spirits are pushing. It's said that after the flood, humanity stemmed from the Caucasian mountains and spread outwards from there, forming empires across Europe and Asia. The origins of the mystery school religions go back to Babylon and Nimrod, and possibly back to Adam and Eve.

the luciferian doctrine they preach is that Adam and Eve were prisoners in the garden of Eden by a cruel vindictive God, and that Satan freed them by giving them the knowledge of good and evil (The Kaballah) and promised them eternal life and that they themselves would become God. Not sure if this story is symbolic or literal, but in today's times men are deceived in joining the secret societies in order to gain secrets of the universe and to turn men into gods (apotheosis). There's over 250 flood stories throughout the ancient world, but no records have been found to show what happened

before the flood, The only records I found was written after the flood by the Sumerians, Babylonians, and the old testament in the bible . They all describe the continuation of the occult knowledge after the flood, fallen beings that came down and bred with human women and also mention the giants and beasts that existed before the flood and after, I will get more into this in the later

chapters.

There are 13 bloodlines of the Illuminati which are:

These families are known as the ELITE, 13 is a very important number in the occult and is often used in the zodiac and mockery of God, mimicking Jesus and his 12 disciples. Everything that God does, Satan tries to mimic in his own image, if you want to know more about these families please read this book shown on the left by Fritz Springmeier.

I don't see the point in going into massive detail like this guy does, this book is HUGE and contains the history of these individual families and their satanic backgrounds. I'm going to keep this as basic as I can for those who are new to the subject. As you can see the Kennedy family and the Onassis family are a part of the elite and it's obvious that John F Kennedy and his brother had success in the presidency due to this connection. I guess it's hard for anyone to find out the true motives of this group while researching modern times connections, because the society today we live in is very satanic and reflects that of the society of Babylon, we are bought up thinking it is normal. In order to find out for yourself, you have to trace it back to Babylon, research their symbols individually and find out what they mean, plus reading the bible, which specially talks against these groups and the things they worship. It is said that this elite family are so wealthy they own most of the biggest corporations round the world including media, TV stations, all news and radio stations, fast food and drink companies, oil companies including other energy suppliers and most of importantly the banks and federal reserve's.

The biggest give away if the company is Illuminati owned is by the symbols themselves; they will contain occult symbols and meanings, usually the all Seeing Eye for the most obvious one, or to do with ancient gods or occult numbers. I will get into the details of the symbolism in the later chapters to show the reader the links between the symbols and the occult. This subject is a massive one to get into because it's a huge web full of interconnecting families and corporations that bind this thing together, connecting to wealthy elite families who are all high initiates in the mystery schools. There isn't much to write about the Illuminati itself because it didn't really last long in history, but it's goal and intentions continue to be practised through freemasonry and other secret societies, who initiate people into the order and implement them in positions of power in the government/religions/media to carry out their agenda for a one world system like in the days of Babylon.

A brief summary of what the Illuminati's goals are:

By Dr. John Coleman.

<http://educate-yourself.org/cn/johncolemangoalsofIlluminati.shtml>

From: [\*Conspirators' Hierachy: The Story of The Committee of 300\*](#)

1. To establish a One World Government/New World Order with a **unified church and monetary system** under their direction. The One World Government began to set up its church in the 1920:s and 30:s, for they realized the need for a religious belief inherent in mankind must have an outlet and, therefore, set up a "church" body to channel that belief in the direction they desired.
2. To bring about the utter destruction of all national identity and national pride, which was a primary consideration if the concept of a One World Government was to work.
3. To engineer and bring about the destruction of religion, and more especially, the Christian Religion, with the one exception, their own creation, as mentioned above.
4. To establish the ability to control of each and every person through means of mind control and what **Zbignew Brzezinski** called **techonotronics**, which would create human-like robots and a system of terror which would make Felix Dzerzhinski's Red Terror look like children at play.
5. To bring about the **end to all industrialization** and the production of nuclear generated electric power in what they call "the post-industrial zero-growth society". Excepted are the computer- and service industries. US industries that remain will be exported to countries such as Mexico where abundant slave labor is available. As we saw in 1993, this has become a fact through the passage of the North American Free Trade Agreement, known as NAFTA. Unemployables in the US, in the wake of industrial destruction, will either become opium-heroin and/or cocaine addicts, or become statistics in the elimination of the "excess population" process we know of today as Global 2000.
6. To encourage, and eventually legalize the use of drugs and make pornography an "art-form", which will be widely accepted and, eventually, become quite commonplace.
7. To bring about depopulation of large cities according to the trial run carried out by the Pol Pot regime in Cambodia. It is interesting to note that Pol Pot's genocidal plans were drawn up in the US by one of the Club of Rome's research foundations, and overseen by Thomas Enders, a high-ranking State Department official. It is also interesting that the committee is currently seeking to reinstate the Pol Pot butchers in Cambodia.
8. To suppress all scientific development except for those deemed beneficial by the Illuminati. Especially targeted is nuclear energy for peaceful purposes. Particularly hated are the fusion experiments currently being scorned and ridiculed by the Illuminati and its jackals of the press. Development of the fusion torch would blow the Illuminati's conception of "limited natural resources" right out of the window. A fusion torch, properly used, could create unlimited and as yet untapped natural resources, even from the most ordinary substances. Fusion torch uses are legion, and would benefit mankind in a manner which, as yet, is not even remotely comprehended by the public.
9. To cause, by means of **limited wars** in the advanced countries, by means of **starvation** and **diseases** in the Third World countries, **the death of three billion people by the year 2050**, people they call "useless eaters". The Committee of 300 (Illuminati) commissioned **Cyrus**

**Vance** to write a paper on this subject of how to bring about such genocide. The paper was produced under the title "**Global 2000 Report**" and was accepted and approved for action by former President James Earl Carter, and Edwin Muskie, then Secretary of States, for and on behalf of the US Government. **Under the terms of the Global 2000 Report, the population of the US is to be reduced by 100 million by the year of 2050.**

10. To weaken the moral fiber of the nation and to demoralize workers in the labor class by creating mass unemployment. As jobs dwindle due to the post industrial zero growth policies introduced by the Club of Rome, the report envisages demoralized and discouraged workers resorting to alcohol and drugs. The youth of the land will be encouraged by means of rock music and drugs to rebel against the status quo, thus undermining and eventually destroying the family unit. In this regard, the Committee commissioned [Tavistock Institute](#) to prepare a blueprint as to how this could be achieved. Tavistock directed **Stanford Research** to undertake the work under the direction of **Professor Willis Harmon**. This work later became known as the "**Aquarian Conspiracy**".

11. To keep people everywhere from deciding their own destinies **by means of one created crisis after another and then "managing" such crises**. This will confuse and demoralize the population to the extent where faced with too many choices, apathy on a massive scale will result. In the case of the US, an agency for Crisis Management is already in place. It is called the Federal Emergency Management Agency (FEMA), whose existence I first enclosed in 1980.

12. To introduce new cults and continue to boost those already functioning which include rock music gangsters such as **the Rolling Stones** (a gangster group much favored by European Black Nobility), and all of the Tavistock-created rock groups which began with **the Beatles**.

13. To continue to build up the cult of Christian Fundamentalism begun by the British East India Company's servant Darby, which will be misused to strengthen the Zionist State of Israel by identifying with the Jews through the myth of "God's chosen people", and by donating very substantial amounts of money to what they mistakenly believe is a religious cause in the furtherance of Christianity.

14. To press for the spread of religious cults such as the Moslem Brotherhood, Moslem Fundamentalism, the Sikhs, and to carry out mind control experiments of the Jim Jones and "Son of Sam" type. It is worth noting that the late Khomeini was a creation of British Military Intelligence Div. 6, MI6. This detailed work spelled out the step-by-step process which the US Government implemented to put Khomeini in power.

15. To export "religious liberation" ideas around the world so as to undermine all existing religions, but more especially the Christian religion. This began with the "Jesuit Liberation Theology", that brought an end to the Somoza Family rule in Nicaragua, and which today is destroying El Salvador, now 25 years into a "civil war". Costa Rica and Honduras are also embroiled in revolutionary activities, instigated by the Jesuits. One very active entity engaged in the so-called liberation theology, is the Communist-oriented Mary Knoll Mission. This accounts for the extensive media attention to the murder of four of Mary Knoll's so-called nuns in El Salvador a few years ago. The four nuns were Communist subversive agents and their activities were widely documented by the Government of El Salvador. The US press and the new media refused to give any space or coverage to the mass of documentation possessed by the Salvadorian Government, which proved what the

Mary Knoll Mission nuns were doing in the country. Mary Knoll is in service in many countries, and placed a leading role in bringing Communism to Rhodesia, Moçambique, Angola and South Africa.

16. To cause a total collapse of the world's economies and engender total political chaos.

17. To take control of all foreign and domestic policies of the US.

18. To give the fullest support to supranational institutions such as the United Nations, the International Monetary Fund (IMF), the Bank of International Settlements, the World Court and, as far as possible, make local institutions less effective, by gradually phasing them out or bringing them under the mantle of the UN.

19. To penetrate and subvert all governments, and work from within them to destroy the sovereign integrity of the nations represented by them.

20. To organize a world-wide terrorist apparatus and to negotiate with terrorists whenever terrorist activities take place. It will be recalled that it was Bettino Craxi, who persuaded the Italian and US Governments to negotiate with the Red Brigades kidnapers of Prime Minister Moro and General Dozier. As an aside, Dozier was placed under strict orders not to talk what happened to him. Should he ever break that silence, he will no doubt be made "a horrible example of", in the manner in which Henry Kissinger dealt with Aldo Moro, Ali Bhutto and General Zia ul Haq.

21. To take control of education in America with the intent and purpose of utterly and completely destroying it. By 1993, the full force effect of this policy is becoming apparent, and will be even more destructive as primary and secondary schools begin to teach "Outcome Based Education" (OBE).

Here are just a few New World Order quotes from the elite and presidents:

*"We are grateful to The Washington Post, The New York Times, Time Magazine and other great publications whose directors have attended our meetings and respected their promises of discretion for almost forty years. It would have been impossible for us to develop our plan for the world if we had been subject to the bright lights of publicity during those years. But, the work is now much more sophisticated and prepared to march towards a world government. The supranational sovereignty of an intellectual elite and world bankers is surely preferable to the national autodetermination practiced in past centuries."*

*David Rockefeller, founder of the Trilateral Commission, in an address to a meeting of The Trilateral Commission, in June, 1991.*

*"To achieve world government, it is necessary to remove from the minds of men their individualism, loyalty to family traditions, national patriotism, and religious dogmas." - Brock Adams, Director UN Health Organization*

*"We are not going to achieve a New World Order without paying for it in blood as well as in words and money." - Arthur Schlesinger Jr., 'The CFR Journal Foreign Affairs', August 1975.*

*"Today, America would be outraged if U.N. troops entered Los Angeles to restore order [referring to the 1991 LA Riot]. Tomorrow they will be grateful! This is especially true if they were told that there were an outside threat from beyond [i.e., an "extraterrestrial" invasion], whether real or \*promulgated\* [emphasis mine], that threatened our very existence. It is then that all peoples of the world will plead to deliver them from this evil. The one thing every man fears is the unknown. When presented with this \*scenario\*, individual rights will be willingly relinquished for the guarantee of their well-being granted to them by the World Government."*

*Dr. Henry Kissinger, Bilderberger Conference, Evians, France, 1991*

*"No one will enter the New World Order unless he or she will make a pledge to worship Lucifer. No one will enter the New Age unless he will take a Luciferian Initiation."*

*David Spangler, Director of Planetary Initiative, United Nations*

*"... when the struggle seems to be drifting definitely towards a world social democracy, there may still be very great delays and disappointments before it becomes an efficient and beneficent world system. Countless people ... will hate the new world order ... and will die protesting against it. When we attempt to evaluate its promise, we have to bear in mind the distress of a generation or so of malcontents, many of them quite gallant and graceful-looking people."*

*"If we do not follow the dictates of our inner moral compass and stand up for human life, then his lawlessness will threaten the peace and democracy of the emerging new world order we now see, this long dreamed-of vision we've all worked toward for so long."*

*"The new world order that is in the making must focus on the creation of a world of democracy, peace and prosperity for all."*

*Nelson Mandela, in The Philadelphia Inquirer (October 1994)*

*"We will succeed in the Gulf. And when we do, the world community will have sent an enduring warning to any dictator or despot, present or future, who contemplates outlaw aggression. The world can therefore seize this opportunity to fulfill the long-held promise of a new world order – where brutality will go unrewarded, and aggression will meet collective resistance."*

*–President [George HW Bush](#), State of the Union Address 1991*

*"The drive of the Rockefellers and their allies is to create a one-world government combining supercapitalism and Communism under the same tent, all under their control. Do I mean a conspiracy? *–Rep. [Larry P. MacDonald](#), killed in Korean Air Lines 007, 1983*

*"We are on the verge of a global transformation. All we need is the right major crisis and the nations will accept the New World Order."*

*–[David Rockefeller](#), NWO Banker*

*“We have before us the opportunity to forge, for ourselves and for future generations, a New World Order. A world where the rule of law, not the law of the jungle, rules all nations. When we are successful—and we will be—we have a real chance at this New World Order. An order in which a credible United Nations can use its peacekeeping forces to fulfill the promise and vision of its founders.”*

—[Tony Blair](#)

*“Some even believe we are a part of a secret cabal working against the best interests of the United States, characterizing my family and me as ‘internationalists’ and of conspiring with others around the world to build a more integrated global political and economic structure – one world, if you will. If that’s the charge, I stand guilty and I am proud of it.”*

—[David Rockefeller](#), *Memoirs*.

This is just a small amount of quotes by famous people in positions of power and the elite, I hear a lot of the public tell me it’s all a conspiracy and that I’m nuts, but when it’s so openly admitted by the very people who are in control of this world, how is it crazy? THEY ADMIT IT, but I can also say they put it in such a way it seems like a positive thing to everyone listening, why? Because they create so much disorder that the world cries out for a solution, then they re-write the laws to how they see fit. This strategy is called “problem-reaction-solution” where they create the problem in the first place, wait for the public to react in outrage, and then offer the solution that they planned on implementing in the first place. Famous leaders used this strategy throughout history; Hitler burnt his own Reichstag building in 1933 using the Nazi party and blamed it on the radical communists. 9/11 was the most extreme recent problem/reaction/solution event, blaming it on Al Qaeda pretty much that day it happened, they wanted the “Patriot Act” to be in effect, and the only way they could do it was to create a crisis in which the public would accept it. If none of you have heard of the project for the new American century, I would strongly recommend researching it. I have only briefly mentioned subjects such as 9/11 because there is hundreds of videos and books out there with all the proof, I really don’t want to get too deep into some subjects due to the massive scale of them, I will stick to the core root of the where, what and why’s because once you understand these, you will be able to figure it all out yourself.

Just with the information I have provided in the four previous chapters you will clearly see what the elite are trying to do to bring about this NWO and maybe you can warn others about the dangers of these beliefs and practises. The funny thing is that ten years ago I tried warning everybody about this but no one listened as usual, but now it’s all out in the open and admitted, still no one is listening, it blows my mind! I guess that if you can’t see it by now, you never will, it’s almost like everyone is choosing sides in the last days, the separation between the wheat and the tares as it talks about in the bible.

### **Matthew 13:24-30**

New King James Version (NKJV)

### **The Parable of the Wheat and the Tares**

<sup>24</sup> Another parable He put forth to them, saying: "The kingdom of heaven is like a man who sowed good seed in his field; <sup>25</sup> but while men slept, his enemy came and sowed tares among the wheat and went his way. <sup>26</sup> But when the grain had sprouted and produced a crop, then the tares also appeared. <sup>27</sup> So the servants of the owner came and said to him, 'Sir, did you not sow good seed in your field? How then does it have tares?' <sup>28</sup> He said to them, 'An enemy has done this.' The servants said to him, 'Do you want us then to go and gather them up?' <sup>29</sup> But he said, 'No, lest while you gather up the tares you also uproot the wheat with them. <sup>30</sup> Let both grow together until the harvest, and at the time of harvest I will say to the reapers, "First gather together the tares and bind them in bundles to burn them, but gather the wheat into my barn."'"

In our modern day it's becoming blatantly obvious that the Illuminati are revealing themselves rapidly through popular TV shows, Media, the new age movement and musicians. The most obvious question is why? In my opinion we are rapidly coming to the end days mentioned in book of revelations, it's hard to pinpoint when the end days are, many believe we have been living in the end days for quite some time! The best way to get a bigger understanding is to note down the events that are mentioned and link them to what's happening or happened. Many of the prophecies have come true and have happened just like they said it would, but there's still a few still to come! It is obvious to me the end days are approaching faster due to how fast things are becoming more obvious as days pass, the things I tried to reveal years ago are now all out in the open and obvious, so it is down to the ignorance of the individual. I saw a Quote on Facebook the other day which said "in the age of information, ignorance is a choice" which sums it up accurately. The only thing that stands in the way of man and truth is his ignorance! People have been so blinded to what's right in front of their faces; it becomes highly frustrating to those of us who can see. As I said to someone the other day, the truth is in the symbols, and until you know what the symbols mean, you won't understand their language, through the chapters I'm going to try reveal some of the symbols and their meanings, because some people just can't see the connections.

The biggest obvious Illuminati connection is the US currency; their symbols are all over it! The Illuminati's goals are pretty much the same as the Knights Templar's goals which were to acquire wealth and world domination through controlling the money and possessions of ancient artefacts and spiritual dominion over the population. Freemasonry plays a big part in this whole thing, the Knights templar got found out and as a result got killed and banned for their occult practises. They remained underground and spread to Scotland where they founded the Scottish rite of freemasonry, infiltrating the stone guilds. Christopher Columbus was a templar and their goals were to spread over the world and establish colonies and found these countries with freemasonic orders

and philosophies. Washington DC is the capitol of the USA and the proof the founding fathers were freemasons, the symbols made out of the road are clearly seen on the maps!

Most Americans believe their country was founded on Christian principles, which is utter rubbish!

George Washington is a 33<sup>rd</sup> degree freemason, as were most of the founding fathers.

If the Americans actually knew what the freemason's goals were they would know that they plan to destroy Christianity and all religions for that matter, and implement their own religion as the one world religion. Clearly you can see this goal being carried out and becoming very successful, George Bush senior said that they plan to succeed in establishing a new world order, and sounded confident they would succeed! They are very smart people, masters in mind control and universal knowledge on reality and people. This information was acquired through the use of the Kabbalah and familiar spirits giving them insights.

Here is a road map of Washington DC:

By the images you can clearly see the Masonic symbols of the pentagram, the six pointed star, the Masonic compass with the owl at the head, the pentagon and the pyramid with the all Seeing Eye.

The main point I want to make regarding the Illuminati is their occulted roots of the Kabbalah, Most people really can't see their connection to Satanism or actually being an organisation. This completely boggles my mind how people can be so blind and ignorant to what is happening, obviously there is a lot to the subject and I understand that, but I got a much clearer picture of what is actually happening by looking at the black and white facts in front of me. I'm guessing the problem

lies in people actually don't believe in God or Satan, so it instantly dismisses anything religious including the freemasons and the occult. Let me just state the plain and simple fact that 90% of the world's population (maybe more) believe in a God or gods including spirit beings and heavenly bodies that control reality. The smallest percentages of the population are atheists, are you willing to risk being wrong? Whether you believe it or not, the people who control this world do, and the world is moving into something very horrible whether you like it or not. A lot of people avoid religion due to the politics and things that have done in the name of religion, It's had a bad press for a reason and has been manipulated and twisted for mans own power and greed. But let me remind you of this, the most horrible things have been done by atheists, including Hitler! The evolutionists believe that the inferior should be killed off from the earth so that the strong new race can evolve quicker and more efficiently without these religions stopping them from doing so. Atheism is a very dangerous mind set to have; it gives the individual the ability to think they are God of their own universe, and give themselves justification of their actions. Their own perception of right and wrong is down to them, however imperfect they are. It took me a long time to break out of my rebellious attitude and realise that indeed we do need structure and guidance in our life, the bible provides a good basis on how to be a meek hearted individual and spiritual truth how to live and treat your fellow brothers. Some like to think the bible is just another way to control people, it's a GUIDE and a good one at that, from all the beliefs and mind sets I have gone through, they have all corrupted me spiritually. We are mere children in the eyes of God, and like kids that think they know it all and disobey their parents, they often learn the hard way. The God/man relationship in my eyes is exactly the same as a parent/child relationship; it's a very good way to look at the situation. If you are going to be ignorant to the facts of this organisation then let me ask you this, are you willing to live in a world religion that is probably going to be 100 times worse than Nazi Germany? I used to think we could change it and fight against it, but recently I know for a fact it is going to happen whether we like it or not, the question really is which side are you going to be on? There is no middle ground, and the consequences of your choices are written!

## The Freemasons

I thought writing about the Freemasons would be a crucial part of this chapter as they are the biggest influence out of all the secret societies and founders of the Illuminati. There is a huge history with the freemasons and if you want to look into detail about this group, I would recommend it but it's not crucial, the bits I'm more concerned about is of the core beliefs and rituals of these secret societies which I want to get into more detail later on, this is going to be a brief chapter and what I have found out. From what I can gather is that the freemasons used to be known as the Knights templar, which you may have heard of. The knights templar were also known as the knights of Christ, this was in the time of the crusades, they became a massive group by coming across the Jewish Kabbalah and using it to gain huge wealth and power. It is said that they went on journeys to find certain artefacts like the "ark of

the covenant” and other ancient items to gain more supernatural power over the masses. The arc of the covenant was said to hold great power, some say it contained the commandments of god and some others say it contained a nuclear device from the past. Certain leaders would use this device in battle to eliminate the opposition and that anyone who would get close to this object would go blind, lose hair and get cancer straight away.

*The **Ark of the Covenant** (**Hebrew**: אֲרוֹן הַבְּרִית *Ārôn Habbarîṭ*, modern pron. Aron Habrit), also known as the **Ark of the Testimony**, is a chest described in the [Book of Exodus](#)<sup>[1]</sup> as containing the [Tablets of Stone](#) on which the [Ten Commandments](#) were inscribed. According to some traditional interpretations of the Book of Exodus,<sup>[2]</sup> [Book of Numbers](#),<sup>[3]</sup> and the [Letter to the Hebrews](#),<sup>[4]</sup> the Ark also contained [Aaron's rod](#), a jar of [manna](#) and the first [Torah scroll](#) as [written by Moses](#); however, the first of the [Books of Kings](#) says that at the time of King [Solomon](#), the Ark contained only the two [Tablets of the Law](#).<sup>[5]</sup> According to the Book of Exodus, the Ark was built at the command of God, in accordance with the instructions given to [Moses](#) on [Mount Sinai](#).<sup>[6]</sup> God was said to have communicated with Moses "from between the two [cherubim](#)" on the Ark's cover.<sup>[7]</sup>*

*The biblical account relates that about a year after the Israelites' [exodus from Egypt](#), the Ark was created according to the pattern given to Moses by God when Israel was encamped at the foot of Mount Sinai. Thereafter the gold-plated acacia chest was carried by the [Levites](#) some 2,000 [cubits](#) in advance of the people when on the march or before the Israelite army, the host of fighting men.<sup>[8]</sup> When the Ark was borne by Levites into the bed of the [Jordan](#), the waters parted as God had parted the waters of the Red Sea, opening a pathway for the entire host to pass through (Josh. 3:15–16; 4:7–18). The walls of the city of [Jericho](#) were shaken to the ground with no more than a shout from the army after the Ark of the Covenant was paraded round them for seven days by Levites accompanied by seven priests sounding seven trumpets of [rams' horns](#) (Josh. 6:4–20). When carried, the Ark was always hidden under a large veil made of skins and blue cloth, always carefully concealed, even from the eyes of the [priests](#) and the Levites who carried it. There are no contemporary extra-biblical references to the Ark.<sup>[9]</sup>*

It's no wonder that they wanted to find this thing, I don't think they actually got a hold of it, but one thing they did get a hold of was the Kabbalah. They kept this practice a secret and often did the rituals in their head quarters, rumours started going around about what they were practising and their behaviour. They were eventually found out and put to trial, most of them being tortured and burnt at the stake.

*On Friday, 13 October 1307 (a date sometimes spuriously linked with the origin of the [Friday the 13th](#) superstition)<sup>[31][32]</sup> Philip ordered de Molay and scores of other French Templars to be simultaneously arrested. The arrest warrant started with the phrase : "Dieu n'est pas content, nous avons des ennemis de la foi dans le Royaume" ["God is not pleased. We have enemies of the faith in the kingdom"].<sup>[33]</sup> The Templars were charged with numerous offences (including [apostasy](#), [idolatry](#), [heresy](#), obscene rituals and homosexuality, financial corruption and fraud, and secrecy).<sup>[34]</sup> Many of the accused confessed to these charges under torture, and these confessions, even though obtained [under duress](#), caused a scandal in Paris. All interrogations were*

recorded on a thirty metre long parchment, kept at the "Archives nationales" in Paris. The prisoners were coerced to confess that they had spat on the Cross : "Moi Raymond de La Fère, 21 ans, reconnais que (J'ai) craché trois fois sur la Croix, mais de bouche et pas de coeur" (free translation : "I, Raymond de La Fère, 21 years old, admit that I have spat three times on the Cross, but only from my mouth and not from my heart"). The Templars were accused of idolatry.<sup>[35]</sup>

Relenting to Phillip's demands, Pope Clement then issued the papal bull [Pastoralis Praeeminentiae](#) on 22 November 1307, which instructed all Christian monarchs in Europe to arrest all Templars and seize their assets.<sup>[36]</sup> Pope Clement called for papal hearings to determine the Templars' guilt or innocence, and once freed of the [Inquisitors'](#) torture, many Templars recanted their confessions. Some had sufficient legal experience to defend themselves in [the trials](#), but in 1310 Philip blocked this attempt, using the previously forced confessions to have dozens of Templars burned at the stake in Paris.<sup>[37][38]</sup>

With Philip threatening military action unless the pope complied with his wishes, Pope Clement finally agreed to disband the Order, citing the public scandal that had been generated by the confessions. At the [Council of Vienne](#) in 1312, he issued a series of papal bulls, including [Vox in excelso](#), which officially dissolved the Order, and [Ad providam](#), which turned over most Templar assets to the Hospitallers.<sup>[39]</sup>

As for the leaders of the Order, the elderly Grand Master [Jacques de Molay](#), who had confessed under torture, retracted his confession. [Geoffroi de Charney](#), Preceptor of [Normandy](#), also retracted his confession and insisted on his innocence. Both men were declared guilty of being relapsed heretics, and they were sentenced to burn alive at the stake in Paris on 18 March 1314. De Molay reportedly remained defiant to the end, asking to be tied in such a way that he could face the [Notre Dame Cathedral](#) and hold his hands together in prayer.<sup>[40]</sup> According to legend, he called out from the flames that both Pope Clement and King Philip would soon meet him before [God](#). His actual words were recorded on the parchment as follows : "Dieu sait qui a tort et a péché. Il va bientôt arriver malheur à ceux qui nous ont condamnés à mort" (free translation : "God knows who is wrong and has sinned. Soon a calamity will occur to those who have condemned us to death").<sup>[33]</sup> Pope Clement died only a month later, and King Philip died in a hunting accident before the end of the year.<sup>[41][42][43]</sup>

With the last of the Order's leaders gone, the remaining Templars around Europe were either arrested and tried under the Papal investigation (with virtually none convicted), absorbed into other military orders such as the [Knights Hospitaller](#), or pensioned off and allowed to live out their days peacefully. By papal decree, the property of the Templars was transferred to the [Order of Hospitallers](#), which also absorbed many of the Templars' members. In effect, the dissolution of the Templars could be seen as the merger of the two rival orders.<sup>[44]</sup> Some may have fled to other territories outside Papal control, such as [excommunicated](#) Scotland or to [Switzerland](#). Templar organisations in Portugal simply changed their name, from Knights Templar to [Knights of Christ](#).<sup>[45]</sup>

When I was researching freemasonry I started believing that they were the good guys, just practising spiritual teachings just like I was, and that the church were the bad guys due to what they did to the knight's templar. I was under the impression the ancient mystery school teachings where the true way to enlightenment due to them being one of the oldest mystical teachings known to man.

Obviously I was wrong, the actions of this group clearly shows how corrupt it is, practising rituals, perversion and homosexuality. I was so confused on what was right and wrong while getting into the depth of history and who did what, to be honest after learning about the roots of Catholicism and its Babylonian background I realised that both parties were in the wrong. It's not about which group or religion you belong to, it's about the corruption of the men themselves, and their hearts.

There was obvious struggle in ruler ship in the past and how it would affect the course of history, I realised that both all groups have corrupt men and intentions, money and power corrupts all.

I even got involved with groups who I thought had spiritually good intentions and realised it was rotten afterwards. The knight's templar and the church are both guilty of not sticking to the guidance of the bible, Jesus was the perfect example of how to be, and his actions alone teach man the simple spiritual truths to life. The more I look into it the more it becomes clear that most religions stem back to Nimrod/Osiris mystery teachings, even the Catholic Church; they continue to practice the same religion as the Babylonian religions, misleading Christians along the way with their pagan worships. If you read the bible yourself you will realise how wrong most of what the church is doing.

*Since at least the 18th century [Freemasonry](#) has incorporated Templar symbols and rituals in a number of [Masonic bodies](#),<sup>[5]</sup> most notably, the "[Order of the Temple](#)" the final order joined in "The United Religious, Military and Masonic Orders of the Temple and of St John of Jerusalem, Palestine, Rhodes and Malta" commonly known as the Knights Templar. One theory of the origins of Freemasonry claims direct descent from the historical Knights Templar through its final fourteenth-century members who took refuge in [Scotland](#) whose King, [Robert the Bruce](#) was excommunicated by the [Roman Catholic Church](#) at the time, or in Portugal where the order changed its name to [Knights of Christ](#), other members having joined Knights of St. John. There have even been claims that some of the Templars who made it to Scotland contributed to the Scots' victory at [Bannockburn](#). This theory is usually deprecated on grounds of lack of evidence, by both Masonic authorities<sup>[85]</sup> and historians.<sup>[86]</sup>*

*The Roman Catholic Church has historically opposed Freemasonry since it began to emerge, under the belief the group is a "Secret Society" and has a deeply hidden agenda that opposes the church and its beliefs. Members of the Church found to be Freemasons were in the early 20th Century, commonly excommunicated. This has often led to the misguided belief that the Church somehow also opposed the Knights Templar, however the Church makes distinction between the Templars, a public monastic order, and "Secret Societies". Excommunication as an action taken against Catholics who were found to be Freemason, was lifted by Pope John Paul II in the 1980s, however in the same Papal Bull he reiterated his predecessors strong opposition to Freemasonry, stating that any person who is involved in a secret society and takes communion is putting their soul in grave danger.*

The Knights templar went underground after they were executed and sailed to Scotland where they infiltrated the stone guilds, becoming the Scottish rite of freemasonry, slowly implementing their mystical teachings into the order. My belief is that all through history these secret societies have been operating under different names and spreading, infiltrating groups and religions. This way they

can slowly bring their practises and teachings into society and make it more common place, This is one of their goals in the first place, obviously they couldn't establish a one world order straight away so they would have to slowly spread like a virus until all religious and social aspects had been infiltrated. I personally was confused about the intentions of the order, often wondering if they were the good or bad guys, but the only way I could know for sure is trace the teachings to its roots and look at the actions of these men, actions speak louder than words. Most of the time these individuals displayed horrid behaviour to their inferiors (the general public), often treating us as cattle or sheep. Over the past couple of centuries only those in the presidency or governmental bodies had to be 33<sup>rd</sup> degree masons, these people were put in positions of power by progressing through the degrees, only the top initiates or elite would be chosen to be puppets for the elite and their agendas. Another way of seeing their true beliefs and intentions is to look at the most popular freemasons in history and reading their material, which I can assure you, is absolutely shocking. Two individual's spring to mind, Albert Pike and Manly P Hall who were both very influential masons, both revealing their luciferian doctrines and practises in black magic.

The bible clearly states that people who do things in secret are plotting evil, and no man should swear an oath or do things behind closed doors.

*"Again you have heard that it was said to those of old, 'You shall not swear falsely, but shall perform to the Lord what you have sworn.' But I say to you, Do not take an oath at all, either by heaven, for it is the throne of God, or by the earth, for it is his footstool, or by Jerusalem, for it is the city of the great King. And do not take an oath by your head, for you cannot make one hair white or black. Let what you say be simply 'Yes' or 'No'; anything more than this comes from evil.*

*-Matthew 5:33-37*

These secret orders date back to ancient Egypt and Babylon, but continue to this day through the freemasons and other secret societies like skull and bones, the golden dawn, the bohemian grove and others. All of which require blood oaths and sworn to secrecy, the bible clearly states if things need to be in secrecy then it can't be good, how obvious is that?

Here is a little article I found while researching people who left freemasonry

<http://www.isaiah54.org/finney.htm>

And here is a link showing the deception they use to confuse jesus/satan as the same person, by misunderstanding scripture

<http://www.caterpillar.org.uk/warning/masonry2.htm>

The obligation of a first degree Freemason (Entered Apprentice degree):

***"Binding myself under no less a penalty than that of having my throat cut across, my tongue torn out by its roots, and buried in the rough sands of the sea at low-water mark, where the tide ebbs and flows twice in twenty four hours, should I ever knowingly or willingly violate this my solemn oath and obligation as an Entered Apprentice Mason. So help me God, and keep me steadfast in the due performance of the same."***

The obligation of a second degree Freemason (Fellowcraft degree):

***“Binding myself under no less a penalty than that of having my left breast torn open, my heart plucked out, and given as a prey to the wild beasts of the field and the fowls of the air as a prey.”***

The obligation of a third degree Freemason (Master Mason degree):

***“Binding myself under no less a penalty than that of having my body severed in two, my bowels taken from thence and burned to ashes, the ashes scattered to the four winds of heaven, so that no more trace or remembrance may be had of so vile and perjured a wretch as I, should I ever knowingly or willingly violate this my solemn obligation as a Master Mason. So help me God, and keep me steadfast in the due performance of the same.”***

Is it any wonder that they never reveal their secrets? These oaths just show you their intentions, not very nice at all. When researching the masons I saw one of the rituals revealed to the public which was the Hiram Abiff ritual, where they would clobber him over the head with a rubber mallet and catch him with a blanket, bury him then raise him from the grave. Then he would be asked what the new master mason password was. Apparently Hiram was the original builder of the temple of Solomon; the Masonic lodges are often built as replicas of the temple of Solomon, with its twin pillars.

*“During the Legend of the Third Degree, the candidate portrays Hiram Abiff in the ritual. He is blindfolded and led through the ritual by a conductor. In Masonic ritual, Hiram Abiff is not a worker of brass as in Scripture, but rather the Grand Master at the building of Solomon’s temple. Each day, he lays out the work for the workmen to complete. There are Fellowcrafts who work on the temple who are to be given the secrets of a Master Mason as compensation - when the temple is completed. Once they have the secrets of a Master Mason they will earn the wages of a Master. A group of fifteen Fellowcrafts decide that they do not want to wait until the work is completed. They form a plot which only three of them carry through. The three “ruffians” sequentially accost Hiram at the East gate, the South gate and the West gate. A similar dialog occurs at each temple entrance. The ruffian demands the secrets of a Master Mason. Hiram explains that this is neither the time, nor the place; the secrets can only be revealed in the presence of three, King Solomon, Hiram the King of Tyre and myself. The ruffian demands, “Your life, or the secrets.” Hiram responds, “My life you can have, my integrity - never.” When they fail to get what they want, they strike Hiram with one of the working tools and he staggers to the next gate and the next encounter. The third ruffian is also unable to extract the secrets from Hiram Abiff. He strikes Hiram on the head with a setting maul and kills him. Hiram willingly laid down his life rather than betray his trust.”*

There is a few videos I have seen on Youtube showing this ritual and to those who see it probably don’t think it holds any significance, it might not but interesting to say the least, their accounts of Hiram are not from scripture and are not historical fact, I think it’s used as a lesson of some sort, a teaching. Please read the link I pasted above for a more in depth reading into the ritual. Lets take a look at the two most influential freemasons, their beliefs and teachings.

# Albert Pike

He first joined the [Independent Order of Odd Fellows](#) in 1840 then had in the interim joined a [Masonic Lodge](#) and became extremely active in the affairs of the organization, being elected Sovereign Grand Commander of the [Scottish Rite's](#) Southern Jurisdiction in 1859.<sup>[9]</sup> He remained Sovereign Grand Commander for the remainder of his life (a total of thirty-two years), devoting a large amount of his time to developing the rituals of the order.<sup>[12]</sup> Notably, he published a book called [Morals and Dogma of the Ancient and Accepted Scottish Rite of Freemasonry](#) in 1871, of which there were several subsequent editions.

Pike is still regarded in America as an eminent<sup>[13]</sup>[\[dead link\]](#) and influential<sup>[14]</sup> Freemason, primarily only in the Scottish Rite Southern Jurisdiction.

Albert Pike was Sovereign Grand Commander of the Supreme Council of the 33<sup>rd</sup> degree and Supreme Pontiff of Universal Freemasonry. He created the 33<sup>rd</sup> degree of the Scottish-Rite, co-created the KKK (K=11th letter, 11x3=33), and remains a revered figure in global Masonry. In 1891, when Pike died his funeral was held in the Washington D.C. Freemasonic Temple at midnight with the room draped entirely in black. This is a man who wore a wristband through which he claimed to maintain constant communication with Lucifer. On August 15<sup>th</sup>, 1871 Albert Pike wrote a letter to Giuseppe Mazzini outlining three world wars that would be necessary to bring about world government. The first two happened precisely as Pike had planned decades prior, and the third eerily resembles the current world political situation.

To **YOU** Sovereign Grand Inspectors General, we say this, that you may repeat it to the brethren of the 32nd, 31st and 30th degrees – the **MASONIC RELIGION** should be, by all of us initiates of the **high** degrees, maintained in the purity of the **LUCIFERIAN** doctrine. -ALBERT PIKE in MORALS AND DOGMA OF THE ANCIENT ACCEPTED SCOTTISH RITE

If you want to read more on his beliefs and doctrines he wrote a book called “morals and dogmas” which I’m sure you can find many quotes from it online. I find it funny that this guy is the most influential mason in history but when the masons deny they worship Lucifer they seem to suddenly forget about Pike and just plain deny they know anything about it, another thing I found pretty interesting is his world war predictions or plans, there is a lot of accusations that its fake, but to be honest if it is, it don’t matter because it still is their gaols and is being played out by the masons.

*“The First World War must be brought about in order to permit the Illuminati to overthrow the power of the Czars in Russia and of making that country a fortress of atheistic Communism. The divergences caused by the “agentur” (agents) of the Illuminati between the British and Germanic Empires will be used to foment this war. At the end of the war, Communism will be built and used in order to destroy the other governments and in order to weaken the religions.*

*The Second World War must be fomented by taking advantage of the differences between the Fascists and the political Zionists. This war must be brought about so that Nazism is destroyed and that the political Zionism be strong enough to institute a sovereign state of Israel in Palestine. During the Second World War, International Communism must become strong enough in order to balance Christendom, which would be then restrained and held in check until the time when we would need it for the final social cataclysm.*

*The Third World War must be fomented by taking advantage of the differences caused by the ‘agentur’ of the ‘Illuminati’ between the political Zionists and the leaders of Islamic World. The war must be conducted in such a way that Islam (the Moslem Arabic World) and political Zionism (the State of Israel) mutually destroy each other. Meanwhile the other nations, once more divided on this issue will be constrained to fight to the point of complete physical, moral, spiritual and economical exhaustion...We shall unleash the Nihilists and the atheists, and we shall provoke a formidable social cataclysm which in all its horror will show clearly to the nations the effect of absolute atheism, origin of savagery and of the most bloody turmoil. Then everywhere, the citizens, obliged to defend themselves against the world minority of revolutionaries, will exterminate those destroyers of civilization, and the multitude, disillusioned with Christianity, whose deistic spirits will from that moment be without compass or direction, anxious for an ideal, but without knowing where to render its adoration, will receive the true light through the universal manifestation of the pure doctrine of Lucifer, brought finally out in the public view. This manifestation will result from the general reactionary movement which will follow the destruction of Christianity and atheism, both conquered and exterminated at the same time.” -Albert Pike in a letter to Giuseppe Mazzini, excerpt from William Carr’s “Pawns in the Game”*

It’s pretty scary that we can see these plans unfolding by the day and in the past century, it’s just more confirmation that we are heading into a nightmare.

The other person I want to bring to your attention is Manly P Hall, the black magician.

## Manly P Hall

Hall became sufficiently known and respected as a lecturer and interpreter of the writings of the ancients, and the most useful and practical elements of classical idealism, that he successfully appealed, through advertisements and word of mouth, for funds to finance the book that became *The Secret Teachings of All Ages*, whose original cost of publication in 1928 was estimated to be \$150,000,<sup>[8]</sup> although the price of individual copies varied. According to original subscription agreements on file at the Philosophical Research Society, editions were sold by subscription for \$75 on a pre-publication basis, but "the price of this edition after delivery by the printer is understood to be One Hundred Dollars." Under the subscription terms, \$15 was due at signing of the agreement, and "the balance of Sixty Dollars in four equal monthly payments each."<sup>[9]</sup> The H.S. Crocker Company of San Francisco agreed to publish the book "if Hall could secure the interest of book designer John Henry Nash, who once worked as a printer to the Vatican."<sup>[10]</sup>

After *The Secret Teachings of All Ages* was published, "Hall's life would never be the same," noted a biographer. "Overnight, he went from being just another earnest young preacher in the City of Angels to becoming an icon of the increasingly influential metaphysical movement sweeping the country in the 1920s. His book challenged assumptions about society's spiritual roots and made people look at them in new ways."<sup>[11]</sup> Hall dedicated *The Secret Teachings of All Ages* to "the proposition that concealed within the emblematic figures, allegories and rituals of the ancients is a secret doctrine concerning the inner mysteries of life, which doctrine has been preserved *in toto* among a small band of initiated minds."<sup>[12]</sup> As one writer put it: "The result was a gorgeous, dreamlike book of mysterious symbols, concise essays and colorful renderings of mythical beasts rising out of the sea, and angelic beings with lions' heads presiding over somber initiation rites in torch-lit temples of ancestral civilizations that had mastered latent powers beyond the reach of modern man."<sup>[13]</sup> In 1988, Hall himself wrote: "The greatest knowledge of all time should be available to the twentieth century not only in the one shilling editions of the Bohn Library in small type and shabby binding, but in a book that would be a monument, not merely a coffin. John Henry Nash agreed with me."<sup>[14]</sup>

More than 80 years later, "with more than a million copies sold, *The Secret Teachings of All Ages* remains one of the most popular

Source – Wikipedia

I seriously think Manly P Hall was a black magician, a real magician that is, given his knowledge base on the occult and kabbalah teachings, there have been certain individuals through history that have pushed the freemasons massively forward with revelations in this art. Another black magician to fly through the Masonic ranks was Aleister Crowley, who again was pretty hard core at this and often reached the highest degrees in all the orders.

***“When the Mason learns that the key to the warrior on the block is the proper application of the dynamo of living power, he has learned the mystery of his Craft. The seething energies of Lucifer are in his hands, and before he may step onward and upward, he must prove his ability to properly apply energy.”***

-MANLY P. HALL in THE LOST KEYS OF FREEMASONRY

*“Manly P. Hall notes that the theory of ceremonial magic is that, “It is possible to make contracts with spirits whereby the magician becomes for a stipulated time the master of an elemental being.” Sadly, those who practice this actually believe that they make a contract for a specified amount of time and then the elemental/demon says, “Nice working with you, so long.” Nay, this find ways to remain and Manly P. Hall actually touches upon an aspect of this:*

*“after death the magician shall become the servant of his own demon. For this reason a black magician will go to inconceivable ends to prolong his physical life, since there is nothing for him beyond the grave.”*

*The deception here is that both the magician and the demon will face the same destiny, hell, and therein the demon has no authority, no power, no pleasure and nothing to do but suffer.”*

Please read that article research Manly P hall, it's pretty interesting! What makes me laugh is that people who are into black/white magic often try justify what they do by stating white magic is the good side of magic and the black magic is the dark side. Magic is the devils practice sorry to burst your bubble, in the words of Anton Lavey:

*“LaVey makes no distinction between white and black magic, claiming that white Wiccan witches and ‘new agers’ have been freely calling upon the dark forces and suiting them to their own hypocritical purposes. He stated, ‘All magic is the realm of the Devil, no matter how righteously you dress it up. The claims that ‘black’ magic is only for destruction and ‘white’ for healing is bunk. Satanic magic is used to invoke powers of justice, and can be used to help yourself or one you care about, just as easily as it would be used to curse someone’...*

*LaVey’s long overdue blast at the differences between white and black magic blew the dust off of all of the musty old grimoires and was seen as a breath of fresh air to the occult community as witnessed by the popularity of his books and a host of tawdry imitators.”*

—Bob Johnson, *Dinner with the Devil: An evening with, the High Priest of the Church of Satan*

Learning this information I started questioning, are the modern day magicians and illusionists using spirits and demons in their tricks? I have come to the conclusion the answer is both. It doesn't take a genius to realise that people like Dynamo, David Blaine and Criss Angel are all illusionists that display amazing abilities to do things that aren't even magic, a lot of people think ALL of it is a trick somehow but there's a few people who think some of it may be real, me included. Personally I have seen things been done in person, someone I know who was a medium, managed to float one of my objects off his hand, this guy isn't a magician. He is in contact with spirits, but at first I thought he was using energy to do it, as he stated that, but now I believe the spirits were doing it for him. My personal opinion is that these illusionists use both real magic and illusions, often making it obvious some tricks are not real, it shatters your reality when you find out how something is done. If you make it obvious something is a trick it's easy to make people believe ALL of your illusions are ticks. I saw this video on Youtube where David Blaine looks like of stoned, can't really speak but the TV show host asks him questions but Blaine doesn't look bothered. He flashes up his hand to the camera and there's an eye in the centre of his palm, he is asked what it is and he replies "protection from death". It may sound absurd to some people but if you know the occult, you know that the eye "Lucifer" offers protection from death as part of a deal. Here is the link you can view this video: <http://www.youtube.com/watch?v=oeddPlj2D4E>

John Kerry and George Bush are both skull and bones secret society members, including Bush senior, when both asked on live TV about their membership they laughed it off and avoided the question completely. These two individuals ran for Presidency opposed to each other, even though they belong to the same lodge, how is that free choice?

# Chapter 6: Saturn Worship

Last year (early 2013) I started making the connection with ancient civilizations and planet worship, I had a small insight to this already but the main subject that opened my eyes was the Saturn/Satan connection. The more I looked into this the more it blew my mind that I had never seen this before, after I had learnt the harsh truth that Satan actually exists as a spiritual force, I had dedicated my time on learning about him and his influence in history. This was part of my journey that really opened my eyes and the pieces started to really fit together. I already knew that ancient civilizations were master astrologists such as the Mayans and Egyptians, at the time I had no doubt it held some truth, but recently I realised that this information was given to them by the gods aka fallen angels. The new age implements astrology into its beliefs and suggests that the planetary bodies have an influence energetically on the solar system and our personalities/consciousness; the ancients used this in their beliefs too, resulting on basing their worship on planets and mostly the sun. I started realising all through history this sun worship and planet worship was being used in Babylon, Egypt, Rome, and Greece. What I found most interesting was Saturn was one of the most influential planets in our history, and I started wondering how did they know about the unique properties of Saturn back in those time periods? My guess is that the ancient gods or fallen angels named the planets after them and their characteristics maybe, at first I just thought that all religions and stories were just symbolic of astrological events.

The ancient mystery schools teach “as above, so below” meaning whatever happens in the heavens (space) happens below on earth, as the smaller things are a reflection of the whole. The more I looked into it the more physical evidence on earth I found regarding the story of the fallen angels and their role on this planet, so instead of believing they were just myths I started looking into it more literally. In my experience there is a spiritual dimension out there and it heavily influences our physical reality, maybe the planets and the sun are externalization methods for this spiritual energy and each planet gives out certain energy or influence to the solar system. I can't really find any proof that planets influence us energy wise, but there is plenty of evidence to show the moon effects us mentally and emotionally, and the sun does make us feel really good, when direct sunlight hits our eyes our brains release certain chemicals and vitamins. I know one thing though, the planets are VERY important to the elite and secret societies, maybe what they say about the planets are true, BUT in Gods eyes this was a massive pain in the butt. I believe the fallen angels preached planet worship because it was a mockery to God, people were worshipping the creation instead of the creator, and this just seemed very stupid. This could be said about most religions too like how the ancients worshipped the gods and goddesses such as the fertility goddess for giving life, it's like a child who would worship a vagina for giving birth to them, instead of the mother, see how this is ridiculous?

## [Deuteronomy 4:19](#)

And when you look up to the sky and see the sun, the moon and the stars--all the heavenly array--do not be enticed into bowing down to them and worshiping things the LORD your God has apportioned to all the nations under heaven.

By the ancients worshipping planets and false gods, they were really giving their power to the fallen

angels who I believe use the planets as a spiritual gateway. From what I found out about Saturn was that it was a huge gas planet which has geometrical properties, It was really doing my head in wondering why everyone was worshipping Saturn, but when you make the connection that Saturn/Satan/Nimrod are the same things, it begins to make more sense that all of it is just Satan worship and rituals, with different names under different cultures.

As "Saturn" to the Romans, he was "Kronos/Chronos" to the Greeks. To the Egyptians, he was alternately "Khons"<sup>(2)</sup> and "Osiris."<sup>(3)</sup> The Babylonians named him "Ninus" while to the Assyrians he was Bel, Bal or Belus.<sup>(4)</sup> The Phoenicians, Carthaginians and Canaanites referred to Saturn as Baal or Baalim.<sup>(5)</sup> The person from whom these various legends extend is none other than Nimrod, that "mighty hunter before [against] Yahuwah."<sup>(6)</sup> Nimrod, grandson of Ham and great-grandson of Noah, was the first deified Babylonian king.<sup>(7)</sup> Nimrod's reestablishment of idolatry in the post-flood world came down in the legends and pantheons of the various idolatrous nations

which did not retain a knowledge of the true Eloah. Under differing names, Nimrod/Saturn appeared in all ancient idolatry. Rome itself was originally the city of Saturn! "Tradition related that Saturn, the earliest god of agriculture worshipped in Italy . . . dwelt on the hill afterward called the Capitoline, and introduced the golden age into Italy whilst reigning there; whence [come the terms:] the Saturnian reign, mountain, land and city."<sup>(8)</sup>

I would really recommend reading the above link, on the origins of Saturn and the Babylon mystery schools, I recommend reading more in detail about this as I am just scratching the surface and showing the obvious links to Satanism in society.

Saturn has obvious links to Satanism due to its symbolism and unique properties, the North Pole has a hexagon shape (3D cube) which the clouds orbit it in a hexagon shape.

- Saturn in astrology (♄) is the ruling planet of Capricorn and, traditionally, Aquarius.
- Saturn, *the Bringer of Old Age* is a movement in Gustav Holst's *The Planets*.
- The Saturn family of rockets were developed by a team of mostly German rocket scientists led by Wernher von Braun to launch heavy payloads to Earth orbit and beyond.<sup>[132]</sup> Originally proposed as a military satellite launcher, they were adopted as the launch vehicles for the Apollo program.
- The day Saturday is named after the planet Saturn, which is derived from the Roman god of agriculture, Saturn (linked to the Greek god Cronus).<sup>[133][134]</sup>

The image of the goat seems to tie in well with the grand scheme of things, the pentagram upside down represents the perverted side of black magic and usually is shown with the goat of Mendes (Baphomet) in the symbol itself. Saturn is the ruling planet of Capricorn which is also depicted as a goat, the god Pan also is depicted as half goat and half man. To be honest I don't see the real Satan being half goat, Nimrod himself was worshipped as the golden calf, not because he was one or looked like one, but his characteristics. In the bible Jesus states clearly there are two types of people in the world, the goats and the lambs, the goats represent the children of the devil and the lambs representing the children of god.

*The background of Saturn worship goes back to 600 BC with Greek poet Hesiod's 'Works and Days' where he discusses the various ages of man. One of the ages was referred to as the Golden Age. The Golden Age was referenced in several prominent ancient cultures, similar to how the cultures would adopt each other's gods and rename them. The ancient Romans worshipped the*

god Saturnus, who was the god of agriculture and time, and his reign was known as the time of Golden Age of peace and harmony. The Greek god that was the same as Saturnus was Cronus, the youngest of the Titans. The Carthaginian god Ba'al (or Moloch) was the same god, and devoured children (similar to Cronus who ate children).

Source <http://illuminatiwatcher.com/saturn-worship-a-beginners-guide/>

notice how the reign of Saturn in Rome was called the "Golden age", if any new agers are reading this, it may ring a bell. The coming golden age is preached by new age teachers all over the world, this made me realise what the golden age utopia is actually about! The golden age is coming again, but it will be the age where Saturn rules again, the new world order where everyone lives in peace and harmony apparently, but no one says how many people will be killed and tortured to bring about this order. Another popular symbol that represents Saturn is

the black cube, this has been worshipped in many cultures including the Jewish traditions, I'm guessing the cube represents the cube on the north pole of Saturn.

Above: The Mecca ritual, The people move counter clockwise around the black cube just like the clouds go anti clockwise around Saturn's cube on the north pole, how did they know this all that time ago?

Right: The Jews with the black cube on the forehead, does the third eye have a role in this?

When I first started researching this, I came to the conclusion that Saturn was the transmitter of this physical reality and thus Satan uses it to manipulate reality, Saturn is also known as "Farther Time" being the god and ruler of time and space, this is where the snake eating it's own tale comes from, the representation of the cycles of time. The typical depiction of farther time is a strong muscular guy with a long white beard which in my opinion is the image of nimrod. The grim reaper is also another symbol for Saturn; Saturn represents destruction, because time destroys everything in the end. Myths say that Kronos (Saturn) ate all of his children because he didn't want to be dethroned

But one of his sons (Zeus) was hidden from him, then grew up and locked Kronos away in chains, taking over his reign. This sounds more like a celestial event rather than a literal one; I mean who would physically eat his own children?

*Saturn, so active in the cosmic changes, was regarded by all mankind as the supreme god. Seneca says that Epigenes, who studied astronomy among the Chaldeans, "estimates that the planet Saturn exerts the greatest influence upon all the movements of celestial bodies."* [\(1\)](#)

*On becoming a nova, it ejected filaments in all directions and the solar system became illuminated as if by a hundred suns. It subsided rather quickly and retreated into far-away regions.*

*Peoples that remembered early tragedies enacted in the sky by the heavenly bodies asserted that Jupiter drove Saturn away from its place in the sky. Before Jupiter (Zeus) became the chief god, Saturn (Kronos) occupied the celestial throne. In all ancient religions the dominion passes from Saturn to Jupiter.[\(2\)](#) In Greek mythology, Kronos is presented as the father and Zeus as his son who dethrones him. Kronos devours some of his children. After this act Zeus overpowers his father, puts him in chains, and drives him from his royal station in the sky. In Egyptian folklore or religion the participants of the drama are said to be Osiris-Saturn, brother and husband of Isis-Jupiter.*

**Saturn**

I have found these same stories in other cultures with different names, I might explain this in more detailed in later chapters if the subject arises. I found a picture of the God Saturn with the rays coming out of his head, like the statue of liberty and also the "one eye" symbolism. I personally think all the gods worshipped throughout our history where the same beings, just under different names, Appolyon the destroyer also had one eye, just like this Saturn statue.

*In the most classic and well known version of [Greek mythology](#), [Cronus](#) /'kroʊnəs/ or [Kronos](#) /'kroʊnɒs/<sup>[1]</sup> ([Greek](#): Κρόνος [[krónos](#)]) was the leader and the youngest of the first generation of [Titans](#), divine descendants of [Gaia](#), the earth, and [Uranus](#), the sky. *Cronus was usually depicted with the [harpe](#), a [sickle](#) which was the instrument he used to [castrate](#) and depose [Uranus](#), his father. In [Athens](#), on the twelfth day of the Attic month*

So we can all agree there's plenty of links between planets and the ancient myths, in my opinion these Roman and Greek myths all stem back to Nimrod the original anti Christ and the fallen angels, Nimrod did exist and so did his occult teachings which turned man from god and lead man to worshipping the fallen angels instead, in any means necessary. These teachings from the fallen angels came into the hands of man by an ancient spiritual teaching called the Kabbalah. The Kabbalah contains information about reality, the planets and spirits all in one package, this teaching is practised in all secret societies and mystery school religions, Initiating man into becoming gods. Before I move on to the meat and gravy information I would like to point out more interesting things about Saturn to show their connections to the Masons and secret societies

*Sheriff in the ancient Egyptian was a law-giver and his badge was always a six-pointed star which is a symbol of Saturn. US Sheriffs in the wild west up to today still wear the six-pointed star. It is interesting that Saturn's symbol is the 6-pointed star, Saturn is the 6<sup>th</sup> planet from the sun, Saturn-day is the 6<sup>th</sup> day of the week, and now NASA is receiving images of "the Saturn Hexagon" (6-sided) atmospheric formation at Saturn's poles. The 6<sup>th</sup> chakra of the human energy system is the 3<sup>rd</sup> eye/pineal gland (6, 3 times = 666). When your 3<sup>rd</sup> eye chakra opens you develop your 6<sup>th</sup> sense of intuition and spirituality. From a consciousness perspective, the 6<sup>th</sup> sense, your intuitions/hunches, are messengers of god, your guardian angels. Isn't it interesting that angels have haloes/rings around their heads and Saturn is the only planet with a halo/ring around it?*

*“Saturn is an important key to understanding the long heritage this conspiracy has back to antiquity. The city of Rome was originally known as Saturnia or City of Saturn. The Roman Catholic church retains much of the Saturn worship in its ritual. Saturn also relates to Lucifer. In various occult dictionaries Saturn is associated with evil. Saturn was important to the religion of Mithra, and also the Druids.”—Fritz Springmeier, “Bloodlines of the Illuminati”*

I agree with Fritz here, when I learnt about the Saturn connection, it really put things into perspective. Another interesting thing I learnt about Saturn was that on it's south pole is the all seeing eye with the clouds swirling around it, it isn't a circle but an eye shape! Also 9/11 is tied to Saturn somehow in numerology, The Twin pillars in freemasonry represent duality and the good/evil energies that created the universe, somehow I believe Saturn represents this with its duality imagine of both poles being different geometric shapes. The geometric cube at the top and the all seeing eye on the bottom, I think the secret societies worship this planet and maybe manipulate it for their own gain, as it apparently controls

this dualistic reality. I can see how this would be taught, as I myself used to believe in this luciferian mind set, the dualistic universe and the dual energies being the main source of creation. This belief is also shown in Taoism where the good can't exist without the bad (Yin Yang) but may I point out that the mystery schools have it all wrong, this is lucifers lie, If he deceived man right from the beginning I can see how people with bad intentions would easily bite into this apple of knowledge, it justifies their intentions and actions as being two forces of the same source. If you have a cup of white paint and you just add a tiny amount of black, the whole cup because contaminated and becomes a shade of off white or gray.

I believe this is why Jesus came, there seems to be a lot of deception and confusion as to who God really is, Lucifer has deceived all the nations and Jesus clearly states if we have seen Jesus then we have seen the father, reading the gospels show that Jesus was to set an example how God was in heaven. I admit when I researched the secret societies I was confused as ever to what was truth and what wasn't, my mind went crazy. If any of you become confused to which side to chose, remember those who set examples of their beliefs, Jesus showed us the way to the kingdom by spreading, healing the crippled and feeding the poor, resisting the devil and his temptations. Leaders of the occult like Nimrod, Hitler, freemason and Illuminati elites treat humanity as a virus that needs to be killed, often resulting in genocide of the masses, murder, lies and pure evil actions. It was by following this simple truth that guided me in the right direction on who to listen to, following the oneness/duality concepts only divided the inner self, accepting the dark side as a natural a part of myself. This obviously had a very negative impact on me and created corruption in my heart. Whether what the secret societies teach is true or not, it does not matter, what matters is we listen to the bible and what it warns against and use it as a guide on how to be the holiest and purest person we can be, I believe the knowledge of the gods will just corrupt human souls, I don't think our minds were made to handle this information.

# Christmas

*On the modern calendar, December 21 is the winter solstice, or shortest day of the year in the Northern Hemisphere. However, on the early Julian calendar, the winter solstice fell on December 25. <sup>(39,40)</sup> The Romans called this Brumalia from the Latin word bruma, for short. On December 25 was held the feast of Sol Invictus, after which the days again begin to lengthen. The later Romans referred to this day as the “birthday of the Invincible Sun” or dies natalis Solis Invicti. <sup>(41)</sup> Saturnalia immediately preceded Brumalia and it was a time of riotous merry-making.*

*Thus, the various ancient celebrations honoring Nimrod/Saturn and Tammuz during Saturnalia and its cultural equivalents have become absorbed into the [modern celebration of Christmas](#).<sup>(42)</sup> These include the Twelve Days of Christmas; snacks and “goodies” left out in the evening; holiday “punch” in a special wassail bowl; Christmas trees decorated with lights (originally candles made from the fat of the burned bodies of children offered in sacrifice); Christmas trees hung with balls (anciently decapitated heads of sacrificial victims) and crowned with a star; parties with noise-makers; gift exchanges; Yule logs; feasting; kissing under the mistletoe; the “Christmas goose”; Yule cakes; the boar’s head/ham as the main dish of Christmas dinner; holly berries (the food of the gods); evergreen boughs; caroling; “Advent” candles; the imagery of the “Christ-child” (actually Tammuz, the Babylonian messiah); Christmas cards (a modern evolution of sending season’s greetings and blessings), etc. Even the imagery of Father Christmas/Santa Claus bears a striking resemblance to Saturn: an old man, with a long beard, surrounded by children.*

*The imagery of Saturn: an evil, child-sacrifice demanding old man, carries on in modern society in two more guises. Every December, Saturn, the god of time, reappears as “Old Father Time.” The child-victim is Baby New Year. Notice that in this modern cartoon of Old Father Time with Baby New Year, all of the characteristics of Saturn are in place: the scythe, the watch, as a symbol of Time, and, of course, the child-victim. The smile behind Father Time’s beard makes this seem like innocent fun: symbols that contain no reference to evil, just a fun way to represent the passage of time.*

*A far more chilling representation of Father Time with Baby New Year can be found in this illustration from the 19<sup>th</sup> century. Father Time/Saturn, as the god of Time, is standing in front of a large clock, holding his scythe. The old years, 1886-1888, are passing away as full-grown bodies wrapped in burial shrouds. The New Year, 1889, is coming in as a young child. While the picture is quite dark, light from the fire is lighting the little boy while on either side are swirls of smoke from the burning fire at his feet (below the view of the picture.) Notice that the new years still to come, 1890-1892, are portrayed as child sacrifice victims, all of whom are heavily veiled. All of the grotesque elements of this hideous god are contained in this one “innocent” illustration.*

*(right) just a few examples where Saturn worship is displayed around the world, the colour black is the colour of Saturn, which is why judges wear black, and sheriffs wear the six pointed star. Saturn is the law giver of reality, you can also see university graduates wearing the black square hats as a symbol of initiation.*

Saturn symbolism is everywhere if you really look for it; another thing that shocked me after learning about this subject was superman and lord of the rings being blatant symbolism of Saturn. Lord of the rings is a direct symbol for Saturn, as the planet is known as a god of time (rings) plus in the movie the eye of Sauron represented the Eye of Saturn. The movie is riddled with occult and freemasonic teachings, also superman displays it's relationship to Saturn by calling him Kal-El, Saturn was also known as "El" being the super power of the universe, being a god amongst men and gaining its power from the sun.

[http://en.wikipedia.org/wiki/Seal\\_of\\_Solomon](http://en.wikipedia.org/wiki/Seal_of_Solomon)

"In Medieval Jewish, Christian and Islamic legends, the Seal of Solomon was a magical signet ring said to have been possessed by King Solomon, which variously gave him the power to command demons, genies (or jinni), or to speak with animals."

Do black magicians use Saturn as a power for magic and manipulation of reality? The evidence suggests so, it was when I started looking up the Saturn connection that I realised Satan was real, and that the physical reality may indeed be controlled by him. It's obvious really why God would be angry that people worshipped his creation instead of him, why waste your energy and time worshipping a lesser power? God is far greater than planets, space and time! Jesus states that no one has seen the father, meaning he is beyond time and space.

# Chapter 7: Babylon, Nimrod and Sun

## Worship

I want to begin writing about the root of all the religions and paganism, to understand what is going on in the current times we need to learn about the root of the beliefs held by the mystery schools and the people who rule this world. Nimrod is the key to this whole thing, it's where all the occultism and paganism stems from, Apparently he was Lucifers son, the Anti Christ incarnate and opposite to Jesus in every way, Satan incarnate as you will. I can only imagine what he was like; I would say he was more like giant Hitler of his time, influencing masses of people with his rebellion from god attitude, Nimrod means "the Rebel". According to history he became a mighty hunter before God, also half Nephilim, becoming a giant later on. It is said he became angry at God for destroying his ancestors in the flood, the first question I had was, if god flooded the world to get rid of the Nephilim, then how did they continue to exist? The bible clearly states that the Nephilim existed before the flood and also afterwards. If Noah was picked because of his pure bloodline then how did two of his grandsons become giants? I recently read a book by Rob Skiba and his explanation is that, seven days before the flood Noah had to pick three wives for his three sons (Ham, Shem and Japheth), and two of those females had Nephilim genes. So when these two females gave birth to Noah's grandkids they might have passed these genes on, one of his grandkids was pure and this is apparently the bloodline that Jesus came from.

I just found this pretty interesting:

***Why did Noah curse Canaan? Why not Ham's other sons? Does it justify Noah to curse Canaan if Canaan was the seed of Ham and his wife (Mrs. Ham)? Should not Ham be the one cursed instead? For a curse to be justifiable, Noah should either have cursed Ham's eyes because he ogled at his nakedness, or cursed his brain (mental faculty) for he made light of his nakedness. And, if Ham had forced himself upon Noah when Noah was drunk, then a curse upon Ham's reproductive organ would be justified. Remember the Word says: "And if any mischief follow, then thou shalt give life for life, eye for eye, tooth for tooth, hand for hand, foot for foot, burning for burning, wound for wound, stripe for stripe" (Exod.21:23-25).***

***So, why Canaan? When God emphatically mentioned the name of Canaan in connection with Ham's sin, in Gen.9:22, "And Ham, the father of Canaan, saw the nakedness of his father, and told his two brethren without" and in Gen.9:18, "And the sons of Noah, that went forth of the ark, were Shem, and Ham, and Japheth: and Ham is the father of Canaan", He calls our attention to Canaan . **God calls to our attention that Canaan was a really bad seed produced out of Ham's shameful act of sin ("uncovering...saw the nakedness of his father") – sin of an unholy union.Canaan was a seed not of Ham and his wife (Mrs. Ham) but of Ham and his mother (Mrs. Noah). The incestuous act brought forth that seed – Canaan. And Canaan brought forthGIANTS, this side of the flood (Gen.10:15-19). He was an accursed seed, just as Cain was a bad seed. Hence, Noah was justified in cursing Canaan. It could not be any plainer. This shows that Ham's sin was not something else, like making light of*****

Noah's nakedness. (Notice that Mrs. Noah did not bear any more children for Noah after her incestuous act with Ham which resulted in the birth of Canaan.)

There is a few theories and arguments amongst experts how these Nephilim came back after the flood, I'm not sure on which one to believe to be honest, the point is that the half human half fallen angel offspring continued after the flood through one of Noah's bloodline. Nimrod was the son of Cush who was the great grandson of Noah (Noah>Ham>Cush>Nimrod) It is said that most of these giants came from the bloodline of Canaan.

## The Nephilim

The earliest mention in Scripture of giants is just prior to the Flood account.

There were giants [*nephilim*] on the earth in those days, and also afterward, when the sons of God came in to the daughters of men and they bore children to them. Those were the mighty men who were of old, men of renown ([Genesis 6:4](#)).<sup>9</sup>

The word translated as "giants" in this verse is the Hebrew word *nephilim*, and many Bible versions simply transliterate it as such. There has been much debate over the meaning of this word. Some believe it comes from the Hebrew verb *naphal*, while others claim that it is from the Aramaic noun *naphil*.<sup>10</sup> These individuals are described in Hebrew as *gibborim* ("mighty men").<sup>11</sup>

The *nephilim* were mentioned again when the spies returned from their exploratory mission of the land of Canaan. These men reported that Ahiman, Sheshai, and Talmi (descendants of Anak, progenitor of the Anakim) dwelt in Hebron. They also stated, "the people who dwell in the land are strong; the cities are fortified and very large; moreover we saw the descendants of Anak there" ([Numbers 13:28](#)). The chapter concludes with ten of the spies giving "a bad report" trying to convince the Israelites that they could not conquer the land:

The land through which we have gone, in spying it out, is a land that devours its inhabitants; and all the people whom we saw in it are men of great size. There also we saw the Nephilim (the sons of Anak are part of the Nephilim); and we became like grasshoppers in our own sight, and so we were in their sight" ([Numbers 13:32-33, NASB](#)).<sup>12</sup>

Source - <http://www.answersingenesis.org/articles/aid/v7/n1/ot-giants>

This is a huge subject to get into but I wanted to give a brief summery on Nimrods bloodline and where he came from, If he was a giant like history shows, then how did he get that way? I am still trying to work this out but his Anti-Christ spirit suggests to me he was corrupt and possibly was half Nephilim. This would explain his rebellious attitude towards God and why he built the tower of Babel to reach and destroy God. Personally I don't think the height of this building really mattered, as God doesn't reside in the clouds, but a spiritual dimension, maybe the building housed some kind of stargate or reached some kind of portal in the sky? Babylon was the first "New World Order" one world government state, and a place of horrible sin. It is said that certain things were done in Babylon such as prostitution, idolatry, sexual immorality, constant drunkenness and sexual

orgies. This clearly reminds me of the acts Aleister Crowley performed in his life, when involved in anti Christian doctrines, black magic and sexual orgies involving drugs. The bible tells us to come out of Babylon and her sinful ways, I stopped partaking in alcohol, drugs and other harmful things along time ago when I realised what they really did to me and my mind, if you go on a night out sober, you will see what I mean.

[Revelation 17:1-18](#) ESV / 33 helpful votes

Then one of the seven angels who had the seven bowls came and said to me, "Come, I will show you the judgment of the great prostitute who is seated on many waters, with whom the kings of the earth have committed sexual immorality, and with the wine of whose sexual immorality the dwellers on earth have become drunk." And he carried me away in the Spirit into a wilderness, and I saw a woman sitting on a scarlet beast that was full of blasphemous names, and it had seven heads and ten horns. The woman was arrayed in purple and scarlet, and adorned with gold and jewels and pearls, holding in her hand a golden cup full of abominations and the impurities of her sexual immorality. And on her forehead was written a name of mystery: "Babylon the great, mother of prostitutes and of earth's abominations."

## Nimrod and Babylon

*The first mention of Nimrod is in the [Table of Nations](#).<sup>[2]</sup> He is described as the son of [Cush](#), grandson of [Ham](#), and great-grandson of [Noah](#); and as "a mighty one on the earth" and "a mighty hunter before God". This is repeated in the [First Book of Chronicles](#) 1:10, and the "Land of Nimrod" used as a synonym for Assyria or Mesopotamia, is mentioned in the [Book of Micah](#) 5:6:*

*And they shall waste the land of Assyria with the sword, and the land of Nimrod in the entrances thereof: thus shall he deliver us from the Assyrian, when he cometh into our land, and when he treadeth within our borders.*

*Genesis says that the "beginning of his kingdom" (reshit memelketo) was the towns of "[Babel](#), [Uruk](#), [Akkad](#) and [Calneh](#) in the land of Shinar" ([Mesopotamia](#)) — understood variously to imply that he either founded these cities, ruled over them, or both. Owing to an ambiguity in the original [Hebrew](#) text, it is unclear whether it is he or [Asshur](#) who additionally built [Nineveh](#), [Resen](#), [Rehoboth-Ir](#) and [Calah](#) (both interpretations are reflected in various [English](#) versions). ([Genesis 10:8–12](#)) ([Genesis 10:8-12](#); [1 Chronicles 1:10](#), [Micah 5:6](#)). [Sir Walter Raleigh](#) devoted several pages in his *History of the World* (c. 1616) to reciting past scholarship regarding the question of whether it had been Nimrod or Ashur who built the cities in Assyria.<sup>[3]</sup>*

*Judaic interpreters as early as [Philo](#) and [Yochanan ben Zakai](#) (1st century AD) interpreted "a mighty hunter before the Lord" (Heb. : יהוה לפני, lit. "in the face of the Lord") as signifying "in opposition to the Lord"; a similar interpretation is found in [Pseudo-Philo](#), as well as later in [Symmachus](#). Some rabbinic commentators have also connected the name Nimrod with a Hebrew word meaning 'rebel'. In *Pseudo-Philo* (dated ca. AD 70), Nimrod is made leader of the Hamites; while [Joktan](#) as leader of the Semites, and Fenech as leader of the Japhethites, are also associated with the building of the Tower.<sup>[6]</sup> Versions of this story are again picked up in later works such as [Apocalypse of Pseudo-](#)*

Methodius (7th century AD).

The Book of Jubilees mentions the name of "Nebrod" (the Greek form of Nimrod) only as being the father of Azurad, the wife of Eber and mother of Peleg (8:7). This account would thus make him an ancestor of Abraham, and hence of all Hebrews.

Josephus wrote:

*"Now it was Nimrod who excited them to such an affront and contempt of God. He was the grandson of Ham, the son of Noah, a bold man, and of great strength of hand. He persuaded them not to ascribe it to God, as if it were through his means they were happy, but to believe that it was their own courage which procured that happiness. He also gradually changed the government into tyranny, seeing no other way of turning men from the fear of God, but to bring them into a constant dependence on his power. He also said he would be revenged on God, if he should have a mind to drown the world again; for that he would build a tower too high for the waters to reach. And that he would avenge himself on God for destroying their forefathers.*

*Now the multitude were very ready to follow the determination of Nimrod, and to esteem it a piece of cowardice to submit to God; and they built a tower, neither sparing any pains, nor being in any degree negligent about the work: and, by reason of the multitude of hands employed in it, it grew very high, sooner than any one could expect; but the thickness of it was so great, and it was so strongly built, that thereby its great height seemed, upon the view, to be less than it really was. It was built of burnt brick, cemented together with mortar, made of bitumen, that it might not be liable to admit water. When God saw that they acted so madly, he did not resolve to destroy them utterly, since they were not grown wiser by the destruction of the former sinners; but he caused a tumult among them, by producing in them diverse languages, and causing that, through the multitude of those languages, they should not be able to understand one another. The place wherein they built the tower is now called Babylon, because of the confusion of that language which they readily understood before; for the Hebrews mean by the word Babel, confusion..."*

There are many names and stories of nimrod originating from Babylon, to Egypt (Osiris) to Rome, and Greece. The trinity story has cleverly been taken on by the Catholic church as being Mary and Jesus, the Catholics are worshipping the image of Mary where as in fact they are worshipping the image of Queen Semiramis and her son/sun Tammuz who is the reincarnation of nimrod, after nimrod died, he became the sun god, Semiramis became pregnant off the rays of the sun, giving birth to Tammuz, thus being his wife and mother. This image of the sun god, the moon goddess and the son can be seen in different religions, for example in Egypt it is Osiris/Isis/Horus.

# Queen Semiramis

According to the historian Eusebius, Semiramis was the wife of Nimrod. In the Sumerian language, her name is “Sammur-amat.”

According to less trustworthy traditions, Semiramis was Noah’s granddaughter, and both the mother and wife of Nimrod.

## *Semiramis – The Mother and Wife of Nimrod*

According to various legends, Semiramis became pregnant after engaging in an adulterous affair while married to Nimrod. Around this same time, Nimrod dies an violent and untimely death. In an effort to retain power and to hide her misdeeds, Semiramis makes a most audacious claim. She publicly declares that upon Nimrod’s death he had been resurrected as the god of the Sun. As the Sun

god, Nimrod used his sun rays to miraculously inseminate Semiramis with a child. This child was thus considered to be divinely conceived. The child’s name was Tammuz, which she claimed was the reincarnated Nimrod. (Thus, Semiramis was both Nimrod’s wife and mother.)

After the scattering that occurs at the Tower of Babel, this story of the miraculous conception of this child disseminated throughout the world and led to the rise of the various birth-death-rebirth cults that are littered through history. These mystery religions of future generations adopted different names for Semiramis and her child, Tammuz.

According to another tradition, Semiramis was the daughter of a goddess. She had mermaid-like features with a head of a woman and the body of a fish.

## **So exactly who is Semiramis?**

Much speculation surrounds Semiramis throughout history. However, the image of a mother holding her child is pervasive throughout nearly every culture throughout history. This gives some credence to the import of Semiramis and her place in history.

Source - <http://www.jrmi.org/who-is-semiramis/>

Two key figures in the origin of [Christmas](#) are Nimrod, a great grandson of [Noah](#), and his mother and wife, Semiramis, also known as Ishtar and Isis. Nimrod, known in Egypt as Osiris, was the founder of the first [world empire](#) at Babel, later known as Babylon ([Genesis 10:8-12](#); [11:1-9](#)). From ancient sources such as the "Epic of Gilgamesh" and records unearthed by archeologists from long-ruined Mesopotamian and Egyptian cities, we can reconstruct subsequent events.

After Nimrod's death (c. 2167 BC), Semiramis promoted the belief that he was a [god](#). She claimed that she saw a full-grown evergreen tree spring out of the roots of a dead tree stump, symbolizing the springing forth of new life for Nimrod. On

the anniversary of his birth, she said, Nimrod would visit the evergreen tree and leave gifts under it. His birthday fell on the winter solstice at the end of December.

A few years later, Semiramis bore a son, Horus or Gilgamesh. She declared that she had been visited by the spirit of Nimrod, who left her pregnant with the boy. Horus, she maintained, was Nimrod reincarnated. With a father, mother, and son deified, a deceptive, perverted [trinity](#) was formed.

Semiramis and Horus were worshipped as "Madonna and child." As the generations passed, they were worshipped under other names in different countries and languages. Many of these are recognizable: Fortuna and Jupiter in Rome; Aphrodite and Adonis in Greece; and Ashtoreth/Astarte and Molech/Baal in Canaan.

During the time between Babel and [Christ](#), pagans developed the belief that the days grew shorter in

(Left)As you can see, this table shows the different names for the same deity, This should help you connect the dots if you already know history, legends and the myths of the ancient cultures. I tend not to dive too much into the other religions and cultures due to already knowing who the root person is and researching that individual. Nimrod was often depicted as a Bull or golden calf, people in these cultures used to sacrifice babies to this so called god.

(Left) Just a few examples of the different names for the same trinity

Another thing I noticed about most religions is that they displayed symbols that could be traced back to Babylon, a lot of people think the cross is Christian, it's got nothing to do with Christianity.

The cross is an ancient sun symbol, often displayed in Babylon and Egypt (the ankh) and personally I think that Jesus was sacrificed on the cross to symbolise that he was killed by the anti Christ spirit Nimrod, as the cross represents the Sun.

The catholic church constantly displayed symbolism of ancient Babylon, especially the mitre fish hat, which nimrod wore on his head, the Staff the pope hold also contains loads of Babylonian Sun symbols. Once you learn about Babylon, nimrod and the symbols you can clearly see where Paganism has infiltrated many religions, societies and secret societies.

(Right) A few cross symbols that were present in religions and societies before Christianity came along. These cross symbols are dominantly used in secret societies and movements throughout history, for example the Egyptian cross has a loop at the top which represents reincarnation, the sun cross is used in astrology and the rest of the crosses were used in crusades and occultism, The swastika used by Hitler because he was into the occult, The Knights templar also displayed a red cross on their shields, The knights of Malta wore the Maltese cross on their clothing and shields also.

(Left) A picture clearly showing a picture of Nimrod in stone where his clothes show the Maltese cross just the same as the pope does, the stone picture also shows sun symbols and the symbol for Saturn. Some historians argue that Jesus was not crucified on a cross, but a steak.

(right) This is a picture of Nimrod wearing the Fish hat, also the pope wearing the same mitre hat as its called, Catholicism has nothing to do with Christianity, it's just a mirror of the Babylonian religion.

The majority of people believe the Roman Catholic Church is Christian, and I usually hear people slate Christianity due to what the

Vatican and the pope have done, it's called Roman for a reason.

I hadn't looked into this till recently and it didn't take me long to figure out the connections to the ancient world and their motives. For the first 300 odd years the true Christians had the worst time ever, the Romans would torture them and feed them to the lions in the arenas for entertainment, this was called the great persecution.

*The persecutions culminated with [Diocletian](#) and [Galerius](#) at the end of the third and beginning of the 4th century. The [Great Persecution](#) is considered the largest. Beginning with a series of four edicts banning Christian practices and ordering the imprisonment of Christian clergy, the persecution intensified until all Christians in the empire were commanded to sacrifice to the gods or face immediate execution. Over 20,000 Christians are thought to have died during Diocletian's reign. However, as [Diocletian](#) zealously persecuted Christians in the Eastern part of the empire, his co-emperors in the West did not follow the edicts and so Christians in Gaul, Spain, and Britannia were virtually unmolested.*

*This persecution lasted, until [Constantine I](#) came to power in 313 and legalized Christianity. It was not until [Theodosius I](#) in the later 4th century that Christianity would become the official religion of the Empire. Between these two events [Julian II](#) temporarily restored the traditional Roman religion and established broad religious tolerance renewing Pagan and Christian hostilities.*

Constantine was the first emperor who apparently turned Christian and combined Paganism and Christianity together; this raises some interesting things for me, why would anyone want to combine two religions that really oppose each other. The bible is very clear that those who follow Christ should not be following pagan beliefs; paganism is the religion of Satan, not Christ. The only way this could be done would be deceptions and to adopt Christians and introduce the pagan beliefs but wrap them up in Christian names and idols mentioned in the bible. This is classical warfare technique, in wars spies would dress up in the enemy uniforms and play the part to infiltrate enemy lines, this is no different. Leaders do it all the time; the presidents claim to be Christians all the time, when in fact they are not, they do this to win the people over. They are being deceptive and also doing horrible things in the name of a religion, which is mostly why people are put off it in the first place, because of what people do in the name of religion. People are people, usually people act on what they believe, so those who go against the teachings of Christ are not Christians! You get me? If someone claims to be a Buddhist monk, then goes around doing the exact opposite to what he is

meant to believe, then he isn't a Buddhist monk. I once thought Christianity was corrupt due to what the Vatican have done in history, what the popes do and what has been done in the name of Christianity, I was dead against it most of my life. Almost like I had been brainwashed to go against it due to beliefs of society and conditioning I had through films and programmes. After watching Chris Whites videos debunking Zeitgeist the movie, and showing how wrong they were about Christianity, I suddenly snapped out this mode of thinking and started researching it for myself. When I had read the gospels myself the truth was revealed to me about all the false accusations and beliefs that had been attached to this faith, everything suddenly became so clear about the new age movement and where the world is headed. Most of people's problems are that they don't read it for themselves thus not understanding what it claims to be. Jesus is NOT an alien, a magician, an ascended master, or an angel or anything other claims him to be. The bible is very clear to whom he is, and instead of believing all these sources that want to destroy Christians and the bible, read it from the source. When I realised since the day he was born, the roman's wanted him dead, eventually crucified him and mass killed all the followers. Since his death, the Roman Empire and all the mystery religions that came after that all wanted to destroy Christianity. Even today it's one of the most hated religions along with scientists and atheists trying to destroy the beliefs, they still have been unsuccessful. I started to believe that there was a reason why the powers that be wanted this belief system gone, because it's the ONLY religion that predicts their every move and the only one that will destroy them in the end. I have found out that WILL somehow create a scenario where they will want to exterminate Christians and atheists together for reasons of "holding humanity back" in an evolutionary step into spirituality and a new world order. When I was in the new age I often looked at Christianity as a primitive way of looking at the world, God and the spiritual teachings, and I fell the deception! Be careful folks, hence the reason I'm writing this book.

When I discovered that Constantine Emerged Christianity and paganism, it all became very clear to me what the Vatican was about, taking Christians in and getting them to secretly worship the pagan beliefs and rituals, then I connected the dots between the catholic symbols and idols back to Babylon and nimrod, ever wondered why they have Egyptian architecture? Well now you do, it's the continuation of the Nimrod mystery religions from Babylon, to Egypt and Rome! The obelisk at the Vatican symbolises Nimrod/Osiris's missing penis. The Vatican and freemason obsession with these sun worship symbols comes directly from the nimrod mystery religions, I know I'm starting to sound repetitive now, so I will show some pictures of the Vatican to show you where they symbols are located.

(Left) The Egyptian obelisk stands in the middle of the court which symbolises Nimrod/Osiris's Penis.

The Vatican is full of mystery religion symbols and idols, for those who still think they are Christian clearly have no idea what these things symbolise.

Constantine never accepted Christ as his saviour in his whole life; this should ring bells for Catholics.

With this knowledge of what the Vatican really are, explaining how the pagan holidays came about into our society becomes clear, maybe you have questioned how these holidays are Christian? I know I have, I used to wonder why Christians would celebrate these holidays with Easter bunnies, Eggs, Santa Claus and all these other weird things that had nothing to do with Christianity and the bible, It's obvious that these pagan rituals were practised way before Christ was born, and later on the two religions would be bought together under Constantine. It really annoys me that the majority of Christians don't know that they are celebrating pagan beliefs or the origins of what the holidays mean. They can't be very good Christians if they don't know the bible and what it warns against, which is paganism. Easter is about the spring because Ishtar/Semiramis is the fertility goddess and was a time where the flowers would grow back and the sun would be resurrected and bring life after the winter season.

*“The egg was a sacred symbol among the Babylonians. They believed an old fable about an egg of wondrous size which was supposed to have fallen from heaven into the [Euphrates River](#). From this marvelous egg—according to the ancient story—the Goddess Astarte (Easter) [Semiramis], was hatched. And so the egg came to symbolize the Goddess Easter.”[\[11\]](#)*

I wanted to point out that all of our holidays are pagan in origin and NOT Christian, these are sun worship days and nowhere in the bible does it mention to participate in these celebrations, if anything it warns against doing such things, which is one of the reasons the Jehovah Witnesses don't celebrate these holidays. I have laid out the basics to what and where these beliefs come from, please do your own research into these things because it may help fill the gaps.

Columbia is a huge part of the brotherhood and the secret societies, above you can see the similarities between the statue of liberty and the Columbian pictures logo because they represent one and the same thing. The torch of the “illuminated” ones represents Lucifer the light bearer bringing knowledge and light to humanity, these statues also represents the torch of Prometheus. This torch of the illuminated ones is also seen in the Olympics and on graves (the eternal flame) and also on graves of those that were ritually killed by this brotherhood. The rays on her head represent the rays of the sun god and the seven gateways/chakras and the seven arts and sciences in the brotherhood, from all I wrote about queen Semiramis you can clearly see this is also what these two statues represent.

*You didn't see this in the show, but I told the researchers that the Statue of Liberty is essentially a modern version of the Colossus of Rhodes, which was a depiction of the Greek sun god Helios (Helios being Greek for sun). The Colossus was created in the 3rd century B.C. and depicted Helios holding a torch high in one hand and standing on the island of Rhodes facing the water. It was 107 feet tall. Helios was also represented as an all-seeing eye, just as the Illuminati is.*

*I said that the torch the Statue of Liberty is holding represents the torch of Prometheus, who occutly signifies Lucifer. The Greek mythological story of Prometheus is the same allegory of stealing fire (i.e. knowledge) from God or the Gods, and giving it to humans, thus angering God.*

*Helena Blavatsky explains in her classic occult work, The Secret Doctrine volume 2 (page 244) that, “The allegory of Prometheus, who steals the divine fire as to allow men to proceed consciously on the path of spiritual evolution, thus transforming the most perfect of animals on Earth into a potential god, and making him free to take the kingdom of heaven by violence. Hence also, the curse pronounced by Zeus against Prometheus, and by Jehovah against his ‘rebellious son,’ Satan.”*

*So it's not just me making the connection between Prometheus and Lucifer. It's the occultists themselves.*

*Here is Manly P. Hall, one of Freemasonry's greatest philosopher, saying the same thing in his book Lectures on Ancient Philosophy (page 163):*

*“Man wandered hopelessly in the gloom of mortality, living and dying without light or understanding in his servitude to the Demiurgus and his host of spirits. At last the spirit of rebellion entered the creation in the form of Lucifer, who in the guise of a serpent tempted man to revolt against the mandates of Jehovah (the Demiurugs). In Greece this character was known as Prometheus, who brought from the gods the impregnating flame that would release the life latent in this multitude of germlike potentialities.”*

Anyway back to Hollywood, the whole industry is full of occult witchcraft symbolism from the get go, Magic wands are made of the wood of a holly tree, hence Hollywood. The whole point of the film

industry is to bring storytelling to life, using tricks and special effects to make it look real to people, this in itself is magic. This is where the brotherhood put most of their time and money because they know how powerful this media is for pushing their philosophy and agendas to the public, films like "Prometheus" is just one example. I would go as far as saying that 99% of films are pushing the elite beliefs, the mainstream ones anyway. Every single film and TV series I watch these days I can clearly spot illuminati symbolism and agendas, it's like a cancer, spreading throughout everything we see and hear in everyday life. These films will bombard symbols and beliefs from cradle to grave in these recent past and future generations and we wonder why people are so brainwashed. As a film lover from a child, I never saw the harm in films, I watched countless films during the week and every night, became almost obsessed with some films watching them over and over, but now I know the secrets, pretty much every film I see now has illuminati symbols in. Companies like WB, Columbia and other mainstream movie industries are Illuminati owned and nothing gets put on the big screen without their approval, everything we see and hear on TV is to re wire the neurons on our brain to have the same thinking patterns, a state of mind they want us to be in. A lot of people don't know this but when you are sitting in front of the TV it gets your brain in to Alpha and Beta brainwave states, which will put you into a state of trance to receive subliminal messages to programme you. A hypnotist puts your brain into the same states so they can programme realities and commands into your subconscious, the TV works in the exact way! When I found this out it completely put me off, but I also know that if you can see the symbols and the message it doesn't have any power over you. When you are watching these films and constantly being bombarded with occult symbols and philosophies it's no wonder people come away with that mode of thinking and movies tend to have that effect on you that makes things really appealing and cool. For example the Twilight movies, look how many teenagers are watching that and getting all romantic on "supernatural beings" that seem really seductive and beautiful, all other vampire films show grotesque vampires and werewolves, but this series shows them in a more appealing way for lustful women. It's already programming young girls to want to be seduced by supernatural beings because of how they are betrayed, this is classical "fallen angel" tactics used in the ancient times. In my opinion I think the fallen angels will attempt this again, in ancient times they lusted after our women, and our women wanted them due to their superior looks, power and god like appearances. As you can see the film industry is paving the way for us to accept them again, personally I think all mythical creatures stem back to the fallen angels and their traits, albeit maybe the stories have been distorted over time into more fictional beings.

The youth of today are becoming more and more seduced by the idea of these supernatural beings and occult traditions portrayed in the films, but they don't realise the cold reality of what these doctrines entail, I'm pretty sure if the majority delved deep into these things they would soon turn back, it would have to take someone so corrupted and deceived to actually enjoy and want these things. Everyone wants happiness, love and joy but they are looking in the wrong places, all the occult does is corrupt the heart and mind, it took me ages to realise this, till the point where I was completely dead inside and emotionless, I never knew the impact media had on me till I got out the new age movement. I haven't watched normal TV for ten years, but I still watched the odd film and TV series, after I got saved I stopped watching things for a couple of months, I then decided to finish some of the series I had started. Only then I realised how much it messes you up physically and emotionally, because your brain can't distinguish between dream and reality, everything it sees it thinks is really happening, thus producing the emotions and reactions to how you would in real life. Having these extreme emotions everyday has it's toll on you even if you think it doesn't, the only way to realise this is to cleanse yourself from any media and see how much of a difference it makes to you. The less I watch the better and more cleanly I feel, because my emotions are stable and when you are in that state it keeps the negative emotions at bay for you to feel good and let the real ones come through. Now when I watch a film I'm constantly alert to spot the hidden symbols and messages of the films, I don't enjoy films as much as I used to, but for some reason it doesn't feel like a loss as some people might think.

# **Chapter 8: the Nephilim, fallen angels,** **the flood and DNA corruption**

“The Nephilim were on the earth in those days--and also afterward--when the sons of God went to the daughters of humans and had children by them. They were the heroes of old, men of renown.”  
Genesis 6:4

When I started getting into the ancient civilizations subject, It was originally for the reason of researching their advanced knowledge of astrology, mathematics and stone work. It's no secret the ancients were master stone builders, accomplishing things even today we couldn't build. For thousands of years we have marvelled at the magnificent Giza pyramids, the Valley of the Kings, the pyramids in Mexico and other massive stone structures. I had researched these subjects for over two years, reading such books from Graham Hancock and others, knowing what the ancients practised, what they believed and the techniques used to create these amazing monuments. I already had occult knowledge at this time and already knew the connections between ancient peoples and the “star” beings that came down and taught them advanced knowledge. The Mayans and the Egyptians both had the same knowledge of the pyramids and their significance; they also both had the same calendar predicting future events that came true, both calendars ending on the same date December 21<sup>st</sup> 2012. This date held a huge significance to the elite, and they used this date to spread fear of the end of the world to pretty much everyone globally. Although the world didn't end on that date, all the films and even all the new age teachers were showing the evidence of a global “shift” in consciousness that would be the next step in evolution to the spirit realms. At the time I wasn't a huge believer in the 2012 end of the world view, but was more into the spiritual shift that I had been reading about for ten years, also my experiences with the supernatural seemed to back this up for me.

At the time my view was all about aliens, how they had been involved with us since the beginning of time and our ancient civilizations, programmes like ancient aliens had suggested the same thing, also for years films and books were all suggesting these themes. I thought these things were conditioning us for a huge disclosure and get the public used to the idea of aliens. Although I was half right, they are actually setting everyone up for the ultimate deception, we seemed to have fallen for it in the ancient past and going to fall for it again. I had seen things like ancient statues and cave paintings of these so called aliens, but couldn't be sure if they were actual physical aliens or spiritual, because according to Graham Hancock the most ancient cave paintings were artwork of psychedelic trips due to the paintings showing psychedelic mushrooms. These psychedelic mushrooms were also worshipped by ancient people, often including mushrooms in their statues and artwork, still to this day the tribes use DMT and psychedelics to visit the spiritual world and contact these strange beings. I was really confused at one point in wondering if we were dealing with spiritual or physical phenomena. All the evidence was suggesting a spiritual phenomenon, but there was also physical evidence such as the Nephilim elongated skulls, giant skeletons and evidence of a global flood. I will admit it wasn't easy knowing all this information and not being able to unite it all under one

sound theory that fit, the ancient alien theory didn't seem to fit and left many holes and unanswered questions. The more I delved into it I had to get into the new age teachings of Atlantis and how humanity was once a spiritually advanced race living on the earth on an island where everyone was flying around in ships, people had immense spiritual power and we lived in harmony. It's said that a war broke out between two factions and ultimately caused a nuclear blast that caused it to be whipped out by a flood. According to Edgar Cayce's readings and Delores cannons readings, the beings on Atlantis started hybridising humans and animals to create the ultimate "being" with the best of both species. My current understanding is that these channelled teachings can't be trusted, The information that is given to these channels, often sounds deceptive or too good to be true, often enough the spirits on the other side are not questioned or tested. People have this idea that just because it's being told by spirits, that it MUST be true. What makes people think that these spirits aren't able to deceive us? If anything they could do it with pure ease, when a spirit is outside of space and time, outside of physical reality and is able to observe everything we do and believe, it makes them the ultimate tool for deception. I'm often told to stop being so negative and paranoid, from personal experience I have been lied to and deceived throughout my ten years of supernatural experiences, so it's not a belief but an experience. It all comes down to wanting a reassuring lie or an inconvenient truth, the truth always hurts but a lie can make you feel good. A lie is always seducing, telling you what you want to hear, and often stroking your ego and pride.

Anyway back to the subjects, after learning about Atlantis from new age sources I began to question its validity due to difference sources saying different things that contradicted each other. Each story was told to make fit with our current understandings of history and occult knowledge, I was to understand that all secret societies and mystery schools went back to Atlantis, the proof was in ancient monuments and the symbols were displayed all over. When I was in confusion of whether the alien phenomenon was a physical or a spiritual one, I decided to do some intense study on the subject regarding the negative stories throughout history that I never wanted to dive into before. I had attended a phew conferences and lectures on crop circles, cattle mutilations and abductees testimonies and more than often walked away feeling sick and scared to death of what these people had been through. I didn't want to face the truth and wanted my view of aliens to be a positive one where we would live in a world where we were united with our ancient space brothers and live in harmony and travel the universe. Boy oh boy was I in for a shock when I finally accepted the true nature of these beings. I realised that it was my own fault for not accepting the truth, not for lack of evidence but a genuine disbelief that there was things out there doing these kinds of things and it would make me feel so helpless that we could all be victim to such perverse power beyond our grasp.

ALL the most famous UFO and alien researchers came to the conclusions that we are dealing with an interdimensional force able to come into this dimension from another dimension often taking people against their will and doing all kinds of horrendous acts to them. These researchers also came to the conclusion that these beings were the "demons" of old and that all abduction experiences were deceptive and torture, unnecessary torture for the pleasure of destroying people's lives. A lot of people including myself find it extremely difficult to get over the idea that there is no Physical aliens, all the evidence points towards it being a spiritual phenomenon and even my own experiences shown me this. There was one point I begged to be taken and constantly asking for them to reveal themselves so I could know the truth, I was fed up of excuses given to people

through channels from these spirits. The funny thing is that these spirits keep people hanging by a thread constantly often making them feel frustrated and depressed that there is a reality so close that could be a utopian world and that the current world, people and governments are holding us back to achieve it. This makes the individual constantly frustrated and absolutely hating people because we want this reality so bad and we can't have it due to everyone else holding us back. I realised this when I went through it and even today I know people who still look up to these alien groups and have done for decades, still waiting for this promise they keep giving.

In the end I gave up because I could see what was going on, the people who kept promising things and predicting things just went downhill and they were constantly making excuses for these beings not doing what they promised. This whole 2012 thing destroyed most new age authors and I included stopped following them and reading their shit. Just after 2012 end date is when I got my new revelation about the deceptive spirits working through humanity. Maybe it was an act of God nothing happened, to show people that they were following a false doctrine, it sure showed me.

In anger from the past ten years of following false doctrines I was determined to get to the bottom of it and expose it for what it is; it has made me want to do it with a passion, hence writing this book. In realising that these beings deceiving humanity are the fallen angels of the bible and their motives become crystal clear. I still think Atlantis did exist as the fallen angels head quarters, because it seems to fit the descriptions of why there was a flood, when you combine genesis with the new age teachings you get a bigger picture of what went on. Whether it's true or not, I can't say for certain, but it seems to fit the genesis story. From what I know so far Atlantis could of been the head quarters of the fallen angels that aided in the creation of maintenance of the world at the time, Egyptians and the Mayans display the same knowledge so I can only assume both these civilizations where offshoots or descendants of Atlantis. The sphinx was built before the flood as it displays water erosion that could only happen from a global flood. My guess is the Mesopotamian area is where civilization first started; it's where Sumeria and Babylon were and stemmed from the area where the Garden of Eden supposedly existed. People can only speculate where Atlantis existed, some say it's off the coast of Cuba and some say it's off the coast of Africa, All I know is the legends say it's under water and got destroyed by the flood.

The bible talks about these "sons of god" who were the angels of heaven that fell from heaven due to committing sin against God and against man and beast of the earth. There are verses in genesis that talks about these fallen angels lusting after our women and making wives of out them, creating abomination races called the Nephilim. These half breeds were half fallen angel and half human, creating what was known as Demi-gods or the men of renown. I suggest that this is where these ancient myths come from, the roman and Greek myths of Demi-gods like Hercules. The story of Zeus marrying a human female and creating Demi-god sons that were human but had immense power, I believe these myths came from the genesis story. I also believe things like vampires and werewolves are based on these fallen angels too, maybe not exactly how they are depicted in the myths, but I'm pretty sure the vampires out of the film twilight is more accurate to what they were like.

It's said that these fallen angels were beautiful beings of light, very pretty looking men and also had immense power and technologies that were given to man, I can see why women would throw themselves at these beings thousands of years ago. You can see how Hollywood are bombarding us

with films of people and beings with immense power who are very good looking, look how many young females are obsessed with twilight and fantasize about the two main characters of the film, I have also known a few females to want to be with a vampire. When I say these beings are fallen, I don't mean they literally fell down to earth from the sky, I would imagine more of the lines of becoming physical out of the spiritual dimension, reason I think this is because a spiritual angel cannot have physical relations with human women, maybe they were given what they desired so that they would die like us.

...6I said, "You are gods, And all of you are sons of the Most High.7"Nevertheless you will die like men And fall like any one of the princes." 8Arise, O God, judge the earth! For it is You who possesses all the nations.

Psalm 82:7

The above verse is the reason why I thought this, "sons of god" in the bible always refers to the angels, or fallen angels. It's said in the book of Enoch that these fallen angels were known as the "watchers" and they mated with human women, and these fallen angels are the ones that gave us this advanced knowledge on how to build, how to create civilizations, taught us war and how to use make up. I have not read the whole book of Enoch yet but it definitely is on the agenda. When researching the ancient world properly your mind will be blown completely, truth is far stranger than fiction, my knowledge base on the occult and secret societies was a huge help to understanding history and the motives of these people. I used to think history had nothing to do with religion or God but I was wrong, the more I looked deeper into this I realised it's ALL about religion and God, the atheist movement is a very small percentage of the religions out there, and the reason I say atheism is a religion is because it's a belief. You can't prove or disprove Gods existence so in my eyes both beliefs are religions.

The way I think about my current belief system is that if I'm wrong, I have nothing to lose, if everyone else is wrong, they have everything to lose. But I hope this book helps people eliminate the doubts of what is to come, because the bible say's the whole world will be deceived, and I was lucky to find the truth in the end, I feel like I have uncovered a great deal of what's out there and now for me, seeing the deception and agendas that are being pushes is so much easier now.

Another part of the book of revelation is what's known as the mark of the beast, the verse states that the mark of the beast is taken in the right hand or the forehead and whoever takes it will seek death and not find it, also who takes it will never have salvation.

<sup>16</sup> [And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads:](#)<sup>17</sup> [And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name.](#)<sup>18</sup> [Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number \[is\] Six hundred threescore \[and\] six.](#)

Revelation 13:16

### [The Fifth Trumpet](#)

...5And they were not permitted to kill anyone, but to torment for five months; and their torment was like the torment of a scorpion when it stings a man. 6And in those days men will seek death and will not find it; they will long to die, and death flees from them. 7The appearance of the locusts was like horses prepared for battle; and on their heads appeared to be crowns like gold, and their faces were like the faces of men....

revelation 9:6

*A third angel followed them and said in a loud voice: "If anyone worships the beast and his image and receives his mark on the forehead or on the hand, he, too, will drink of the wine of God's fury, which has been poured **full strength** into the cup of his wrath. He will be tormented with burning sulfur in the presence of the holy angels and of the Lamb. And the smoke of their torment rises for ever and ever. There is no rest day or night for those who worship the beast and his image, **or for anyone who receives the mark of his name. (which was 666)**"*

From what I know about the alien agenda and the NWO agenda the mark of the beast could be a microchip, alien abductees have these microchips removed from them, they seem to be really advanced in technology and are able to change a person's DNA. The NWO is getting closer to implementing a microchip by creating a cashless society so that we could be micro chipped to buy and sell. Unfortunately this is already a reality, people have been micro chipped already so they can enter certain areas or buildings, and these chips also contain information about you and your body. Now days most dogs are getting chipped and getting people used to the idea, putting positive spin on it, so that you can track your dog if it gets lost. So there are pros and cons to getting your dog chipped, but I can see that one day it's going to be mandatory that humanity get the chip, probably persuade people it's a good idea, track criminals and prevent child abductions. I was reading an article a while back about soldiers having implants and it being used to track the soldiers, control their thoughts and emotions, making them more efficient in the battlefield, the chip has the ability to transmit and receive signals and information making it the ultimate anti privacy tool. It's scary to think what it could do to us, if it could alter our brainwaves to a hypnotic state, there's no telling what any one of us could do under its influence. I may be sounding like a nut job here but these technologies do exist, what the government have technology wise is probably fifty years ahead of what we currently know. A lot of military insiders and government whistleblowers often state that these technologies were given to us by aliens, in exchange for humans or our organs. It's obvious to me these technologies were given to us by the fallen angels just like in our ancient times, the past 100 years our knowledge and technology has advanced so rapid compared to the past thousand years, a huge spike of technology advances. The Nazi's where building anti gravity machines in the 1940's probably got given information by the "spirits" on how to build them. UFO's didn't come on the scene until the early 20<sup>th</sup> century and just so happens that all the downed space craft were out in the middle of nowhere, near military bases. Coincidence? I think not, I personally believe that in the result of world war one and two, were mass blood rituals for these fallen angels, and as a result were given the technology of anti gravity and atom bombs. May seem farfetched but most of the things I learnt about aliens, I now know to be fallen angels, now the rituals of the elite make perfect

sense, and so does all the blood sacrifices to false gods makes sense too. Things like rituals to Mithra and Molech in bohemian grove, the skull and bones/freemasonic rituals all seem to tie into summoning spirits for power and knowledge.

I started questioning the mark of the beast and what it could be and only two answers came to mind that seems to fit to NWO agenda, one of those being the micro chip due to it already existing and being used. The second answer has something to do with the fallen angel/Nephilim DNA, because the Nephilim were so corrupt genetically they couldn't be saved, I questioned what's the only thing that God cannot save? I remembered the flood and the Nephilim story. The flood happened to wipe out the genetically corrupt hybrids and the people who had been corrupted along the way, Noah was chosen due to his pure genetics and the purpose of carrying on this bloodline in hope that the future of humanity wouldn't be corrupted like before the flood. The bible states that in the end days it will be like days of Noah, this could mean Gods judgement, or it could mean that the DNA corruption will be here once again. It's popular amongst alien abductees that the agenda of these beings is creating half alien half human hybrids; also the scientists today are creating half human half animal hybrids. The conditions before the flood will be again in the last days, does that mean the Nephilim will be roaming once more, does it mean the fallen angels will be cast down amongst us again, or does it mean that Gods judgement will happen again, could be all of these but I can't say for sure. All I can say is hybridization IS happening, whether it is amongst scientists or amongst the fallen angels/demons that abduct us. There is a lot to this subject and has taken me over ten years so sift through information, testimonies and common knowledge amongst people in the same fields. Please watch out for these things in the coming years, it is coming, but no one knows when.

If you are interested in this subject please look up on Youtube L.A Marzuli , Doug Hamp and Rob Skiba. I haven't provided many sources in this chapter as the subject is so massive I could write a whole book on it, these thoughts are from Ten years plus of constant research on whistleblowers, abductees, ufo experts and other authors. I may add that most of the alien abductees and whistleblowers are working for the secret societies and governments as disinformation agents, although there are some truth mixed in with the lies, it's usually the commonalities that I pick out that seems to fit the bigger picture.

# Chapter 9: Creation VS Evolution

lately I have been watching lots of creation vs. evolution debates, along with debates about the existence of God amongst scientists. There are many good points on both sides of the arguments but of course I'm going to side with the existence of God, and I shall state my reasons for doing so. First of all I would like to display my anger upon the teaching of evolution for the simple reason of schools and universities teaching the evolution theory as FACT, it is simply a belief held by people who can't accept God as the creator and have to make things "fit" to their belief in how everything came to be. Although I do agree that God can't be scientifically proven, so I find the debates on the subject pretty pointless and will never come to an agreement, until God intervenes in the last days and everyone will know the score. Why can't schools teach both evolution and creationism together so students can make their own minds up, these two subjects seem to be on par with each other depending on one's own personal belief in God, but schools teach evolution as fact, when the "theory" is not scientific, it's merely a belief and atheists have to take that belief on faith. The evolution theory only came about when Charles Darwin came up with the theory, which is fairly recent considering God has been known to be the creator ever since time began. When I say evolution is not scientific, I mean that it happened so long ago there were no eye witnesses, you can't observe it in a lab or test it, it's never been witnessed by anyone so there for if something isn't observable and testable, it's not scientific. This is what annoys me when students are being brainwashed in schools to think that this theory is fact, when it really isn't. I'm a creationist due to what I learnt over the years, the occult knowledge I gained from the ancient mystery schools and researching things like DNA, the golden ratio and the Fibonacci sequence proves to me that the universe is an intelligent design from an eternal, timeless, space less creator that indeed create us in his own image. DNA is made up of millions and millions of bits of codes called amino acids, A T G and C, the sequence of these codes determine everything about the life form. Francis Crick the founder of the DNA molecule actually discovered it while he was on LSD, he suggested that DNA came to earth on a rock, but DNA was foreign to this planet. The point I'm trying to make is that the chances of all these millions of codes to sequence themselves in order to create something so complex as a human body let alone all its functions is incredibly slim. It's like a hurricane sweeping through a junk yard and building a jumbo jet, to me it's highly unlikely and sounds even more ridiculous than saying that an intelligent mind designed the universe. You wouldn't say a PC just assembled itself and turned on and just simply started existing. We all know that every part of machinery, every building, every computer was built by an intelligent mind of man, yet we can't recognise that everything in the universe was built by the intelligent mind of God. Why can't we know for sure? No created thing could ever understand the mind of its creator. I would suggest that an unseen force beyond our perception took these basic building blocks of life and arranged them in such a way that all living things need these basic building blocks to function, if no force arranged the DNA sequence then who did? I can't simply believe that it ALL happened by accident, to me that sounds utter ridiculous!

Scientists don't believe in miracles, but they seem to fail to realise that the whole big bang theory and evolution is a miracle they can't explain, so they dismiss every miracle and supernatural event but their miracle of the big bang gets a free pass? Give me a break. Just think about it for a minute,

how does something so huge and complex just simply create itself for no reason at all? There is an agreement that everything came from one source, the argument is whether that source was a creator or just a single random point of matter in an infinite void that happened to explode for no reason. Is it just me or do the origin of evolution and the big bang theory just utter ridiculous? And scientists go to extreme lengths to make up these crazy theories just to avoid accepting there is a creator? The big bang theory itself is so full of paradox's like, if there was a single point of matter in a void, why did it bang?, who banged it? Why is there an empty void? Doesn't an explosion need certain materials like oxygen and someone to ignite a catalyst? Who put this small bit of matter there in the first place? So many unanswered questions I could go on.

Some scientists say that the ether field starts twisting, grabs these amino acids in order and creates the DNA molecule, when the DNA molecule is taken out of the equation the photon light still remains for 30 odd days and is still twisting, this twisting is called torsion fields. This is something I picked up years ago while researching DNA, doesn't the DNA sequence remind you of computer binary code though? Where everything you perceive from the monitor is really just a sequence of 1's and 0's in certain sequences to give you a user interface. The film the matrix infringes on this idea and suggests the world around us is a sequence of codes that our brains perceive as reality, without our brains to decode these codes, we couldn't perceive things like colour, senses and physical reality. I researched the holographic universe theory for years and seem to fit some scientific theories together, but it also suggests that this simulation we called life is a creation for us to experience physical reality. One thing that got me thinking is researching the Fibonacci code, how trees/flowers grow in a certain way following a mathematical code, also the ways animals breed follows a certain pattern, the Fibonacci code is written into the whole of creation, how tornadoes spin, how sunflower seeds grow, the geometric nature of creation and the specific measurements of our whole body. I'm not going to get into the specific of this subject as it's pretty complex but once you research it for yourself it just shows how beautiful creation is, it's a work of art! As an artist I find it extremely difficult to see all these small details as just a random accident, every painting is done by a painter, who takes the basic materials and creates a beautiful painting with it. I see this creative force inside us the "image" of God, our ability to create just like God can. I also believe we are subject to certain universal, physical and moral laws within this reality for reasons we cannot fathom, a distorted heart or mind can create distorted things, if we had the power that God has, and can you imagine what would happen, especially if criminals and psychopaths had this same power.

It just blows my mind how someone can overlook the mathematical importance of fine tuned the universe is to support life, how incredibly specific things have to be for us to even exist, one cannot fathom this. Under all matter exists sacred geometry, the secret societies know this very well and so did the ancients, which is how they were able to manipulate matter and reality. Even all the secret societies believe in God and a creator of the universe and they have the proof and the knowledge to back this up, the only problem is they have been deceived in which God created the universe, sadly. I advise anyone to look up the Fibonacci sequence and sacred geometry as it is huge piece of evidence that the universe is an intelligent design, not a random accident.

Maybe a lot of people reading this will think I'm being biased but I assure you I have been an atheist a lot longer than a creationist, and for some reason I have never fallen for the evolution theory, which is one of the main reasons why I looked for God in the first place, I recognised the creator

through the creation, just our mere existence and the miracle of life and our own consciousness is a mystery not even science can begin to explain. My advice to anyone who is unsure of Gods existence to find out for yourself, seek and you shall find, if you really want to know God, he will reveal himself to you. Finding him scientifically will be impossible; God is beyond time/space physical reality and can only be reached through Jesus. The moral teachings of Jesus should push you closer to knowing the father, I wish scientists would realise they cannot know the creator by studying the mechanics of the creation. There is only one way to know God and that's through Jesus Christ, the son.

If anyone is interested in knowing more about this subject I suggest starting off with people like Kent Hovind, William Lane Craig on Youtube.

# Chapter 10: Conclusion, where do we go from here?

I was going to write a chapter on NASA, it's occult origins and how it's being used in the end times. I could write another book on these subjects I want to cover but it's really pain staking and would take over a year, I think I have all the basics already covered in this book and the root origins of the secret societies and their goals, NASA is just another tool in the plan. To know that NASA was founded on Nazi scientists who were gathered after WW2 and bought in by the Americans, knowing that the Nazi SS was routed in occultism and trying to build UFO machines, I have no doubt that some part of NASA are the ones using these UFO's to their advantage. NASA itself is founded on occultism and all of the names they gave the shuttles like "Apollo" named after the anti Christ and so forth. Our whole society, Hollywood and our media outlets are all stooped in occultism for the plain reason that secret societies run the governments and the world, and they are carrying out this plan to externalize the mystery religions to be the main and dominant one world religion of the new world order.

Looking back on what I have written in this book I have realized I have missed a huge chunk of information I was going to write about, chapters have been cut and reduced for the simple reason that not every single detail matters. I thought it did, because it mattered to me, in eliminating my own doubts about the path I was on, and to find the right path you have to eliminate the wrong ones, eliminate the doubts that will ultimately push you the right way. If you really are interested in the details then I suggest you research it yourself, because I am not responsible for your salvation. I really don't want to be blamed for anything you believe, this book was written as a revelation that took me off the paths I went down that so many people are currently going down. My own fault for going down these paths was lack of knowledge but most importantly pride and ego blinded me. The self justification that goes on in our heads that we must be right, we know best, we trust ourselves completely. My submission to Christ opened my eyes completely and I saw the faults in myself, how much of a bad person I was and how blinded I was even though my quest for knowledge and truth was for the right reasons. We have been taught that the way is easy, and if it was up to us, we would say we should go to heaven because we are good people. The hard truth is the way is narrow and not many people will find the way, I know a lot of people who only take the good things out the bible and forget about the bad, they somehow shape the words around their own beliefs rather than the other way around. I learnt things the hard way in life, everything I learnt was from experience and the funny thing is, the lessons I learnt had nothing to do with the bible, yet the knowledge I gained was straight from the bible! So when I finally started to read it, the scriptures came alive and I understood them completely, the spiritual truths I had learnt were taught by Jesus and his disciples.

Now as I'm writing this, I realised that knowledge is important but not the most important, even the people that claim to be wise, become fools. What really matters is the person you are, your works are the result of who you are. Knowledge is good, but what use is it when you are not putting it to good use. You may be reading this with a pinch of salt, but there will be people reading this who knows it rings true, my aim is not to persuade people, but to attract people who connect to this information and hope it brings some insight in this messed up world and who want to pursue truth

and righteousness. Please don't get a false image of me, just because I'm aiming for truth and righteousness doesn't mean I am yet, just reading chapter one I lay all my mistakes out on the table for all to see, hoping that I can relate to anyone on the same path, and that we are all in the same boat. This is not a contest to see who figures it out first, or who is a better person, because none of us are. Good works will not earn your place in heaven, so no man can boast, it's those who surrender and trust in Christ that will be justified. The one thing I really like about Christianity is it's solid foundation in faith and morals, Christ's teachings are so mind blowing and simple, you just know it's true and sets a solid moral foundation to your life and relationships. Looking back at my life I wish I knew the scriptures earlier on in life so I could have avoided the crap that came along with my decisions, and trying to justify my actions because of my beliefs.

It doesn't take a rocket scientist so see that our world is messed up and going downhill rapidly, we can see an increase in sexual immorality at younger ages, the desire for lust and drunkenness, selfishness, lack of love and family foundations, increases in paedophilia and bestiality. Even on facebook people are posting disgusting videos of people doing immoral things to each other and with animals, and it's funny to these people. Things that are bad are being considered good and vice versa just like the bible says would happen in the end days, there is so many wrong things becoming the norm these days. I hear all the time younger and younger kids talking about sexual things, alcohol and drugs and I cannot believe what I'm hearing.

## **2 Timothy 3:1-8**

*English Standard Version (ESV)*

### **Godlessness in the Last Days**

**3** But understand this, that in the last days there will come times of difficulty. <sup>2</sup> For people will be lovers of self, lovers of money, proud, arrogant, abusive, disobedient to their parents, ungrateful, unholy, <sup>3</sup> heartless, unappeasable, slanderous, without self-control, brutal, not loving good, <sup>4</sup> treacherous, reckless, swollen with conceit, lovers of pleasure rather than lovers of God, <sup>5</sup> having the appearance of godliness, but denying its power. Avoid such people. <sup>6</sup> For among them are those who creep into households and capture weak women, burdened with sins and led astray by various passions, <sup>7</sup> always learning and never able to arrive at a knowledge of the truth. <sup>8</sup> Just as Jannes and Jambres opposed Moses, so these men also oppose the truth, men corrupted in mind and disqualified regarding the faith.

How true is this in our present time? So accurate, and it's only getting worse by the day. The problem is once a generation starts becoming immoral; their kids will grow up the same and get worse, then pass it down to the next generation and it just snowballs. When kids grow up thinking something is normal they lose that sense of immorality of what's right or wrong because they accept what they see around them. The bible provides a sound foundation for morals as said in:

## **Matthew 7:24-27**

*New International Version (NIV)*

### ***The Wise and Foolish Builders***

*<sup>24</sup> "Therefore everyone who hears these words of mine and puts them into practice is like a wise man who built his house on the rock. <sup>25</sup> The rain came down, the streams rose, and the winds blew and beat against that house; yet it did not fall, because it had its foundation on the rock. <sup>26</sup> But everyone who hears these words of mine and does not put them into practice is like a foolish man who built his house on sand. <sup>27</sup> The rain came down, the streams rose, and the winds blew and beat against that house, and it fell with a great crash."*

This verse says it all really, when I was in the new age movement there was no solid foundation, it has adopted it's teachings from so many religions and mystery teachings, it will have you running round in circles the whole time, and also your foundation will be of sand, often crashing. The bad thing about the new age is it adopts Crowley's "do what thou wilt" philosophy because we are all one consciousness here to experience all that can be experienced to advance the learning of God through us. It's taught that we are all droplets out of the sea of oneness and that there is no consequence from doing sin because God is unconditional love and everything we do will be forgiven out of love. This is incredibly dangerous thinking this way, how would any God be holy and righteous if the wicked go unpunished? This belief would give a free pass for everyone to do what they want without worry. Unfortunately the new age teaches this through the spirits that are channelled, giving you a false version of God, one that eliminates the fear of judgement. If someone committed a crime against you, killed one of your family members, you would plead to the judge to do justice to this person, if the judge let this person go, you would be horrified. The wages of sin is death, this is the sole reason for Jesus coming here, to live in a sinless life so that all of our sins could be washed away with his sacrifice, he pays the debt of our sins, so that on judgement day, God can legally dismiss our case and have everlasting life through Jesus Christ. My fault in the past was thinking I could save myself, and that I could control my reality and get rid of all the bad stuff by myself, life constantly proved me wrong until I submitted to Christ, most of the problems I have ever had disappeared within a few days, and even recently a wart on my hand iv had most of my life just vanished, very strange. We must all recognise we all fall short of Gods glory and do our very best to follow Christ, especially in the last days.

I think one of the biggest problems in life today is that we constantly desire pleasure, and do anything to get it, we become selfish and try to bombard ourselves with pleasure and entertainment, and when we don't get it we have a come down. Just having no media for a month will change your life and mind, when in Christ he will start cutting things out of your life that are no good for you, desires will disappear and new desires will replace them, literally feels like your heart of stone is replaced by a heart of flesh. If you do it correctly you certainly will become a new person from the inside, for me it made more of a difference than anything I have tried in my entire life. Before I turned Christian I was always going to crystal healers, psychics and other alternative methods of trying to fix myself or my life, but things just got worse and made me want to depend on these methods more and more.

I'm not saying being a Christian is easy; it's FAR from easy because you have to be in the world but not of it, you will lose friends and you will be hated because of Jesus. More than likely be disowned by your friends and even close family, maybe your spouse, which is the reason I'm willing to let go of anyone who lets me go, welcome people into my life who have the same foundation and faith as

me, so we can walk together in the same direction. At the moment life is very lonely in this position but I'm willing to accept this knowing this is the way, as hard as it is. It really annoys me when people hold a belief system because the majority hold it; masses are easily lead, like lambs to slaughter. The majority belief is usually the easiest way too, because you go with the flow of the stream, but if the stream is going the wrong way, you are screwed.

Another thing I noticed is nothing material holds any value to me anymore, I'm finding that I'm trying to sell most things I own because I really don't care about them anymore. The less I have the better I feel, the less there is to hold on too and drag me down.

I am so grateful for what I have been through, what I have learnt and the blindness that has been healed, so I could see clearly. The other day I was driving in the car and this came across my mind and the tears started to flow, Gods gifts are precious and I finally have found what I was searching for all these years, and it was the last place I thought of looking. I have always had the passion for truth and preaching the truth, even now I want to burst into churches and explain to them what they are preaching and practising is wrong, the fire is inside but I know I must become sound in myself first before preaching the truth, I don't like sounding hypocritical. The problem I faced when reading the bible is realising that MOST Christians don't even know their own religion, I was gobsmacked to notice how many Christians are deceived by reading the scriptures myself, asking myself why do people do and believe things that scriptures warn about? I know one thing, when I get into something; I dive in the deep end and go all in. A lot of people will only take what is good and leave the rest, if you are going to believe in something, either believe ALL of it or none of it.

Don't let the false beliefs of people put you off the bible though, if anything it has given me a passion to set people straight, the devil has a way of seducing and confusing people, even the very elect can be deceived.

It's crucial in these end times we connect to the right source, because the enemy is a spiritual force that surrounds the earth and connects to every individual that aligns themselves to the same way of thinking/being. It works like a hive mind, plugging into every mind via the third eye chakra in the forehead. When I was in the new age movement my chakras were constantly open including my third eye chakra which I used for my creativity and spiritual sight, I began getting extreme migraines and nose bleeds often thinking I had a brain tumour, little did I know the enemy was plugging into my head and I was doing his will, receiving false doctrines and confusing thoughts and emotions. In the new age movement you will never gain any foundation in truth or knowledge, it's like a race dog chasing those rabbits on a rail, it's a constant chase that goes round and round. Not one person can agree on a solid truth, every new age teacher has a different view or teaching, and even the spirits that are channelled never completely agree with the other spirits teachings. If the spirits on the other side are contradicting themselves, how can we possibly think we know the truth? Although there is some truth in the new age movement it's very difficult to know fact from fiction if you don't know what you are looking for, it's a mind field I won't lie, taken me ten years to finally found solid ground. These new age teachers lure you in with truth, usually the conspiracy and new world order side to what's going on, but then lead you down a completely false "new age" path. Isn't it funny how these new age teachers like David Icke can release about 30 books, tour constantly and accuse the royal family of being blood drinking lizards that murder babies, and he gets untouched! All new age teachers make a good living from their books and tours, yet Christians who speak the truth get silenced, killed or put in jail. Kent Hovind was jailed, Bill Cooper was shot and killed and Fritz was

also jailed. The question is always who benefits? This question will always bring you the truth, Christians have nothing to gain for preaching the gospel, they make no money because the bible is free, passion is what drives these people, and a caring for people that they may be saved.

In the past ten years I have seen the rise and fall of new age teachers, their predictions falling through and them having a lot of publicity and being used by the elite to further the agendas, not only are they being used by the elite but most of them are being used by these deceiving spirits to carry out their will, for instance...

David Icke becomes spiritually awake and receives messages from what he calls "the guys" who tell him he's going to be famous and talk on stage and release countless books. These spirits tell him he will spread the message that will save the world, talk about the biggest ego trip EVER. Of course he's not going to question these spirits, it all sounds too good to be true, who would give up an opportunity like that? Personally I think Icke is ignoring some of the facts he finds due to him being in a bad position if it's true, he has dug himself too deep in a hole now, his fall would be immense.

David Wilcock was another guy I followed, him being the most believable and credible. I read his three free books on metaphysics and it blew me away, his scientific knowledge that backed up his spiritual claims was mind blowing, it got me totally believing in what he said. Everything he said was positive; that he was the reincarnation of Edgar Cayce and that he was part of an ET group here to help humanity shift into a higher dimension. David promises consciousness shift, uniting with our galactic brothers and ascended abilities that are God like. Again David has been channelling an entity known as RA the Egyptian sun god, in other words nimrod the anti Christ. Not sure if David knows this or just follows the teachings of this entity blindly, in his interviews he tells of how this entity has shown him synchronicities and truths to back up the claims. When you're dealing with an entity like this, it would be easy to manipulate your life and lead you into things and information that would get you to form a big picture that was false to make you believe a lie. David was also given immense psychic ability just as Edgar Cayce was, again David is being deceived by the anti Christ spirit the same as David Icke is.

There is a few more like Daniel Pinchbeck who channelled a Mayan god, Jordan Maxwell who was contacted by the Pleiadians and told him he was one of them, so many other new age teachers getting their information from deceiving spirits teaching new age philosophies. The anti Christ spirit is working through these people, whether or not these people know they are being deceived or not is a different question, but it seems like they don't want to know, they seem happy in their position of a mouth piece for these spirits. We are living in an age where it's more of information and spiritual war, the true nature of people is being shown more and more lately, the separation of Gods children and the Devils children is becoming more apparent. In an age of information, ignorance is a choice, and it's your responsibility to get knowledgeable about what's really going on. As we progress more to the end times, we will see an increase in crazy behaviour as more and more people get into the occult, the new age movement and the teachings of the mystery schools. The eye is clearly in control at the moment, as it says in the bible that Satan owns these kingdoms here and you can clearly see the result. Just look around you these days at films, celebs and fashion and you will see a constant theme of the all seeing eye and mystery schools teachings, even as I'm writing this my

little brother walks past me wearing a hooded top with an all seeing eye on the back. Most of my friends that I have shown these symbols too are constantly seeing it on TV and around them in town and adverts; most people are so unaware of what is going on. The one eye symbolism represents the one eye of the anti Christ, according to legends Horus's left eye got plucked out by his brother Set. The anti Christ is also known in the bible as Apollyon or Abaddon.

*Revelation 9:11*

*They had as king over them the angel of the Abyss, whose name in Hebrew is Abaddon and in Greek is Apollyon (that is, Destroyer).*

*Ephesians 6:12*

*"For our struggle is not against flesh and blood, but against the rulers, against the authorities, against the powers of this dark world and against the spiritual forces of evil in the heavenly realms."*

Look up "gorilla199" on YouTube, he has done an excellent job of decoding and exposing the anti Christ Apollyon the destroyer and decoding roman and Greek symbolism. I was going to a chapter on project blue beam, but there is not much to say about it other than the government possess amazing holographic technology that is capable of projecting images in the sky or buildings that look completely real. It was going to be used to fake the second coming of Christ by projecting an image of Christ in the sky to deceive everyone, or it was going to be used to project everyone's messiah or God. It is being used now to display UFO's over certain areas, it's main function was going to be to bring in the anti Christ and new world order. The reason why I want to mention project blue beam is the prophetic dreams I used to have years ago. This was a reoccurring dream of a "fake" alien invasion, where I would look up to the sky and see UFO's coming out the clouds and blowing things up, having wars in the sky with other ships and people running round tearing their faces off and screaming in terror. In this dream I always knew that the UFO's were fake or not what people thought they were, holographic projections or government flown ships aided with explosives on the ground. In these dreams I was always shouting at people and trying to tell them what was really happening but no one would listen. At the time I was having these very vivid dreams I felt were so real, I knew nothing about project blue beam or HAARP technologies, so when I was to learn about these things I was in utter shock. Now a part of me thinks these visions might of only been a part of their plan, because the more I have learnt about aliens and the new age movement the ultimate plan is to bring about a new world order under one religion, the new age. The only way I can see this happening is an "alien" saviour coming down and revealing themselves to us. This may even happen as the fake war breaks out, a winning side that saves us comes down and we are united. A few presidents have suggested that an alien threat would unite a world under one power, hence the reason I thought the fake alien invasion was the end game to bring about a united world power. Humanity would never unite unless it was a threat beyond our earth, because we would all have a common enemy. This may be the final catalyst but one thing is for sure, the elite want an occult satanic one world religion, and this may only be bought down by an alien saviour who teaches us that they created humanity, and our version of God and all these religions is completely primitive and false. Why do I think this? These fallen angels and demons are already performing this task on the gullible people who psychically channel these spirits and convey the message to the masses.

Abductees are also spreading their new age message, along with new age guru's and teachers that are in constant communications with spirits, the only way for it to be fully implemented is either an alien comes down, or that channelling is taught to everyone via the new age religion and everyone is plugged into this anti Christ spirit to receive information and instructions. It wouldn't surprise me if films, celebs and music are preparing our minds to accept the anti Christ spirit so when it does happen they automatically are possessed. All the time now, I see constant bombarding of the All Seeing Eye and certain occult symbols that open chakras and the third eye, making people more Accessible by spirits. Is it possible we are all being prepared for a mass possession? The spirits that are being channelled are constantly saying they can't reveal themselves to us because the world hasn't reached a consensus decision or believe in their existence, and they can only reveal themselves publically once 99% of the population invites them down. To me this sounds like classic demon possession, is the public being conditioned to accept these spirits in? More people in the USA and the UK believe in aliens than God, this is a scary thought because it already shows that more people are deceived because of constant brainwashing from films and media. Aliens play a huge part in the end game, because it's the only thing that could unite the world under one religion and power, why would the government go through so much trouble brainwashing us with alien TV shows and movies for decades. Not too long ago there was a burst of TV shows within a couple of years that were all about alien invasions or take over's, pretty much every show was about aliens. The constant themes I see in films today are aliens, superheroes and people with powers that are going to save the world. Are aliens going to appear and offer immortality? Offer us their power and special abilities? Or is Satan going to openly reveal himself as the ruler of this world? It wouldn't surprise me if he did and everyone just accepted him, the way the world is at the moment I wouldn't be the least surprised. Nobody wants God anymore, they want Satan because they like rebelling, and they like their sin and freedom from rules. But people really don't understand how this behaviour kills the soul and godly righteousness inside them.

["24](#)For there shall arise false Christ's, and false prophets, and shall shew great signs and wonders; insomuch that, if *it were* possible, they shall deceive the very elect"

All I know is that this anti Christ will claim to be Christ Jesus or an alien saviour, or maybe both, and deceive the whole world. I think in my new age deception chapter I expose this new age Jesus and compare the bible Jesus to him. I urge you to do your research and help expose the false Christ's and their agendas, because a lot of people will be deceived. When all this will happen I don't know, but reading the book of revelation and the gospel is very important and will tell you the certain signs that will come to pass so you know to be vigilant and sober before the return of Christ. I'm not sure whether Christ will come physically or spiritually, but from what I can gather it will be a spiritual battle fought through people, we will see a separation first of people that are going to remain here in Gods kingdom or be taken away. Recently I was having dreams of people being taken by these alien beings or just randomly disappearing and I was left here, wondering why I hadn't been taken. In the new age I was lead to believe I would be taken away from here, they would save me from this world and the cataclysms that would destroy the world along with the evil people who would remain to suffer their consequences. But I'm recently learning it's the devils children who will be taken and Gods people who will remain and stay here to live in peace and harmony on the earth and originally intended. God made this earth for us, so it wouldn't make sense to take all his people into heaven and destroy the world, would make more sense to rid this world of the evil that's plagued us from the beginning, and let the world be what it was first intended for. My prophetic dreams for ten years always showed the end of the world and I always

survived by some miracle, something was protecting me, I wouldn't die. I still don't know if this was God's promise or a promise from the enemy. The enemy also gives promises that we will reign in his kingdom as gods and survive the apocalypse, but we all know who wins in the end and it isn't him.

For me now my goal is to live as best as I can, free from the things that hold me back, as Jesus as my one and only saviour and helping to expose the devil's works in this world, I know our ultimate struggle is to wake people up to what's really going on, ignorance is way too strong these days, TV has a hold over everyone's mind, until we disconnect from the mainstream brainwashing I think it's going to be extremely difficult to see the truth.

If you love the world then the love of the father isn't in you, now it's clear to me my whole life I have hated what most people love, and love what most people hated, we are all lead astray though, we all fall deep into sin and are deceived, I just hope things shape up before it's too late.

If you don't believe in God now, you will want to in the end times, believe me. The bible also talks of mass Christian prosecution in the end times, where people will think they are doing God's will in eliminating religious people, Christians will be killed trying to be persuaded to give up their beliefs and worship the beast, you are probably thinking you should avoid being Christian then, well no because through Christ is the only way to salvation, don't think because you are an atheist you are going to get away with everything scot free, anyone who opposes the new world order and religion will be eliminated including atheists, you will have to make a choice, God or the devil, there's no way of avoiding it.

My advice is to read the bible as much as you can, or at least book of revelation, as it is all about the end days and what will happen, apply everything you have learned and make sense of it, preparation is key in this, I know most won't be prepared for what's to come, but we can do our best to understand and get on the right side before it's too late. I know most of you will probably ignore this whole thing and just pursue happiness, and pleasure and all the good things in life, but if you are not on the right side it will all be in vain, we should all be striving for unity with the creator and live in paradise together, but you need to realise that this world isn't it.

Many of you will have a stupid amount of questions about God and all of this, including me, I'm doing my best to get them answered and to know him better, it's up to us as individuals to gain a relationship with him and strive to know. If you are too doubtful and stuck with the beliefs of the majority then there is nothing I can personally do for you, I guess it's up to you whether you want to know or not, I can only show you the door, you are the one that needs to walk through it.

Before I finish I want to ask everyone to do their own research, proper research now, not just see the first thing that confirms what you already believe, do some digging! I don't want to be blamed for dragging people with me, I don't claim to be correct in everything but I do know that what I know for absolute truth, I'm going to be vigilant and adamant about it, and no one can persuade me otherwise. If any of the information you read in this book that you know for absolute certainly is false please contact me and show me evidence so I can take it on board and apply it to this book. Good luck to you all and I hope you get to where you need to be

Peace out!

Nathan

\*2015 Revised

it's now march 2015 as I'm revising this book and replacing all the swear words with more appropriate words, I re-read this entire book and would like to tie something in with this last chapter that might make sense to this whole end times mass possession I was talking about in this chapter.

Currently the scientists in Switzerland are booting up a huge device called CERN, which they tried firing up in 2012 but it failed. I remember this happening as everyone was worried it would destroy the earth, but something went wrong with it and everyone stopped worrying. Now 3 years later it's back on and getting ready with twice the power. This is just a quick note to those reading it now after I changed the book, this device has the ability to destroy earth, create portals and connect with other realms. The occult ties with this device are mind blowing! The CERN logo has 666 in it, plus it looks like a stargate! I was talking about this earlier in my book; this device seems to be the only thing we know about that is capable of doing such things. The company are calling this year "2015 the international year of light" which we all obviously know is Lucifer the light bearer, interesting title isn't it? The scientists are aiming to connect with another realm, revelation 9 talks about the bottomless pit being opened up and the demons coming out of the abyss to torment the unsaved. This ties to what I was talking about earlier in the chapter when there will be a mass possession and those attached to the hive mind will all connect to this beast system. If there is any device on this earth that is capable of creating a portal to the spirit realm or abyss, this is it. A lot of people are saying this is exactly what the tower of Babel was, a gateway into the spirit realms, and as the days of Noah so shall it be in the day of the coming of Jesus. As I'm writing this now I have watched plenty of youtube videos of people putting together the pieces and showing how much this CERN device connects to the occult, and how much TV has revealed its purpose over the years. They made a dance video called "symmetry" where these people were doing these occult dances in CERN, apparently it was shown in "I PET GOAT" as well. Many have speculated the Nephilim will be making a return as they come through this gateway, all the creatures from the bottomless pit will come through and torment the world. Just outside the place there is a statue of Shiva the Hindu god of destruction, standing in a ring of fire, which I thought was interesting. I don't know too much about the details of CERN at the moment apart from what I wrote above, but I found the timing of this significant with revelation scripture, the solar eclipse in Europe just happened a couple days ago and the blood moon will happen on April the 4<sup>th</sup>. What I find with most people is they think the prophecies in revelation will happen all in one go, where as in events in one scripture could happen over a period of time, think about it. If you have a vision or download of what's to come, how would we know the distances between events if the events in the vision happen straight after each other? I'm going to paste some scripture to revelation to show why I think there might be a connection between CERN and the gate to the abyss.

### **Revelation 9 King James Version (KJV)**

**9** And the fifth angel sounded, and I saw a star fall from heaven unto the earth: and to him was given the key of the bottomless pit.

<sup>2</sup> And he opened the bottomless pit; and there arose a smoke out of the pit, as the smoke of a great furnace; and the sun and the air were darkened by reason of the smoke of the pit.

<sup>3</sup> And there came out of the smoke locusts upon the earth: and unto them was given power, as the scorpions of the earth have power.

<sup>4</sup> And it was commanded them that they should not hurt the grass of the earth, neither any green thing, neither any tree; but only those men which have not the seal of God in their foreheads.

<sup>5</sup> And to them it was given that they should not kill them, but that they should be tormented five months: and their torment was as the torment of a scorpion, when he striketh a man.

<sup>6</sup> And in those days shall men seek death, and shall not find it; and shall desire to die, and death shall flee from them.

<sup>7</sup> And the shapes of the locusts were like unto horses prepared unto battle; and on their heads were as it were crowns like gold, and their faces were as the faces of men.

<sup>8</sup> And they had hair as the hair of women, and their teeth were as the teeth of lions.

<sup>9</sup> And they had breastplates, as it were breastplates of iron; and the sound of their wings was as the sound of chariots of many horses running to battle.

<sup>10</sup> And they had tails like unto scorpions, and there were stings in their tails: and their power was to hurt men five months.

<sup>11</sup> And they had a king over them, which is the angel of the bottomless pit, whose name in the Hebrew tongue is Abaddon, but in the Greek tongue hath his name Apollyon.

As you can see the scriptures say that these locusts won't be able to harm Gods people with the seal on their forehead, the Lord will look after this own! These demons will torment people for five months, and men shall seek death but not find it, maybe this means they will be so possessed they won't be in control of their actions? They will want to die but can't act upon it.

### **Revelation 6:12**

*<sup>12</sup> And I beheld when he had opened the sixth seal, and, lo, there was a great earthquake; and the sun became black as sackcloth of hair, and the moon became as blood;*

*<sup>13</sup> And the stars of heaven fell unto the earth, even as a fig tree casteth her untimely figs, when she is shaken of a mighty wind.*

*<sup>14</sup> And the heaven departed as a scroll when it is rolled together; and every mountain and island were moved out of their places.*

*<sup>15</sup> And the kings of the earth, and the great men, and the rich men, and the chief captains, and the mighty men, and every bondman, and every free man, hid themselves in the dens and in the rocks of the mountains;*

*<sup>16</sup> And said to the mountains and rocks, Fall on us, and hide us from the face of him that sitteth on the throne, and from the wrath of the Lamb:*

The fifth seal talks about the people who died for the word, which has been happening with the persecution of the middle east and ISIS beheading Christians on TV. I could be jumping ahead of myself here and getting ahead of myself a bit. But I strongly feel this CERN machine will play a major role in bringing forth the end times prophecy with opening spiritual portals letting demons through. Have you ever seen Ghostbusters? There is a scene where they have a power cut in the building and all the ghosts escape the vault, and they escape, resulting in the city being tormented by spirits. I

keep getting this image lately! I'm not sure if things will happen quickly as they are slowly doing the processes gradually over this year, but the events happening towards the end of the year are very significant to bible prophesy. Keep an eye out on this guys, I know one thing though, God is rising up an army for the end times that will bring Christianity back to its roots, getting them ready in spiritual warfare and the knowledge of the enemy. I think that God is going to pour down his fire onto us, completely freeing us to counteract this demonic outpouring. This literally will be the battle of Armageddon! Don't quote me on this but I think Jesus second coming will be through us believers, it will be a sudden outpouring of the Holy Spirit fire. Things are about to get exciting, God is going to do something mind blowing in these last days, get saved and prepare while there is still time.
