

communicate with them, opens doors to the occultic realm. I later heard of many others who received relief from demonic assault by praying scripture or commanding spirits masquerading as ‘aliens and ghosts,’ to leave in Christ’s Name! ‘And no wonder, since Satan himself masquerades as an angel of light,’ 2 Corinthians 11:14.

When discharged from the hospital sometime later, I began visiting churches asking for prayer and deliverance. Shortly after, my psychic experiences ended and I never again saw demons masquerading as aliens! The paranormal attacks, sleep paralysis, etc, stopped! I found peace and was healed of paranoia and hallucinations.

I managed to bring my Dad out of the UFO Cult, by sharing what I’d discovered. He visited a local church and in repentance, sought God’s forgiveness, giving His life to Jesus.

I attended Bible College gaining a degree in Biblical Theology and participated in retreats and mission trips. I currently work as a brain injury and neurological support worker.

Aliens Today: The Great Delusion.

Through my experiences I’ve grown in my faith, walking with God each day. My life has been enriched by His goodness and grace.

All the recent media discussion over ‘aliens’ doesn’t surprise me. Even many Christians will be deceived by them and turn from Jesus. It was predicted many years ago: “Now the Holy Spirit clearly says in the last days, some will depart from the faith, giving heed to deceiving spirits and doctrines of demons.” 1 Tim. 4:1.

There are authors like Joseph Jordan and Guy Malone - experts teaching on this Alien Deception. They emphasise alien attacks and abduction attempts can be stopped by coming

to know Jesus Christ, banishing them in His name.

Channeling Aliens by Eddie Bennett.

Born and raised near London, my childhood was mostly happy. At around 19, I saw The Raelian Movement - a UFO group on TV. Growing up, I was drawn to science fiction, loved watching Star Wars, Star Trek and Close Encounters of the Third Kind. I read Mysteries of the Unexplained, a monthly magazine on UFO’s, Pyramids and Paranormal.

The UFO group advertised they’d host a London meeting. Keen to go, I invited my Dad, who had shown interest. At it, they presented a documentary. It completely fascinated me, claiming insight into the Bible, arguing God didn’t create us. Instead, we were created from our DNA, by an advanced alien race of people, from another planet. Bible verses were even used to verify these beliefs, eg., stating ‘Elohim,’ (a word for God), was plural and actually meant, “Those who came from the sky!”

The Garden of Eden was regarded a laboratory where aliens used DNA for the creation of life. Aliens said they were part of a universal eternal cycle – infinity. They predicted mankind will evolve, develop space travel and create new life-forms with DNA. My Dad and I were hooked by the deception. Convinced, we bought their books, including a message apparently channelled to Rael, (the group leader), from these so called Extra Terrestrial beings. We devoured those books in days.

UFO Sighting.

One night, astonished but thrilled I saw a saucer-type craft with flashing lights, fly over rooftops, as if from a Spielberg movie! Most of our family laughed, joking we ‘believed in little green men from another planet.’

Renouncing Jesus At Initiation.

We became deeply involved in the group and monthly London meetings. They introduced us to meditation techniques, awakening our minds to aliens and infinity. I attended weekend courses. When they initiated us as members, we had to sign a contract, renouncing belief in Jesus Christ publicly in front of other group members. We also had to walk over a large crucifix to renounce Christianity! This should've been a warning bell but we continued regardless.

Initiation also involved a type of baptism, 'the transmission of your cellular code', to be transmitted to alien spacecraft. I attended their Course of Awakening, and a Course for Guides at a 2-week camp in France. We engaged in deep hypnotic meditation techniques and astral projection, allegedly floating outside our bodies, into space to talk with aliens. Inducing hypnotic trances was apparently necessary to awaken our minds to alien contact, directly or telepathically.

Raelians believe public nudity is natural, so at camps many were naked. They also endorse sexual freedom, having multiple partners and group sex, claiming, on the Planet of Eternals, we'll have sex with biological robots designed to your own tastes. I avoided camp sexual activity, it didn't seem natural.

Becoming A Leader.

I joined the UK's leadership team, as a guide. Guides are actively involved in promoting the Raelian Movement message. I had a strange experience, feeling on top of the world, like reaching a higher spiritual level of consciousness. My senses enhanced after attending their meetings and from deep hypnotic meditation techniques. One day something strange happened. My mind was losing coordination, my faculties declining.

Emotional Decline.

I phoned the UK group leader for help. His voice changed, becoming evil. He said "You know what's going to happen to you Eddie?" It felt a threat. I hung up. I became paranoid. A mental breakdown developed. I felt I'd entered an evil demonic realm. I had paranoid delusions and tormenting thoughts. I didn't yet know this isn't rare for those involved in the New Age or Occult though seldom discussed.

I felt suicidal and tried climbing out my bedroom window to jump. My Dad heard the window open, ran into my room, pulled me back in, saving my life. My parents called the doctor. A specialist admitted me into a psychiatric hospital. I then had a hallucination of the UFO group sitting in a meditation circle but they disappeared. I'd sit in the hospital thinking - looking for answers. Suddenly, a story from a picture Bible I'd read as a child flashed into mind.

I also recalled someone shared The Gospel with me a few months before. He said Jesus loves me, and died for my sins on the cross. 'For God so loved the world that he gave his one and only Son, that whoever believes in him shall not perish but have eternal life,' John 3:16. Wrapped up in the group I'd laughed at him. But now it began to make sense.

I then had the realisation that the Raelian Movement is a cult and the work of a destructive entity - Satan, AKA Lucifer. I discerned aliens and UFO's are part of a grand demonic deception to keep you from Jesus. Aliens are demonic beings in disguise, deceiving mankind. UFO's aren't alien spacecraft but inter-dimensional demonic technology. Learning truths from the Bible, I knew demons lie about creation, heaven, hell, about Jesus and who He was. He is the only way to Salvation and Heaven through the cross. Jesus said... "I am the way, the truth,

and the life. No one comes to the Father except through Me." John 14:6.

I knew Satan and His demonic realm were very real and turned to the Saviour more and more, finding a strong faith in Him. I called upon Jesus, asking for His forgiveness. A new strength and hope arose. I trusted God was in control. My new faith helped me persevere through the spiritual battles, as the demons continued to pursue until my breakthrough.

I was diagnosed with paranoid schizophrenia apparently triggered by the cult's beliefs, and dangerous occult practices. Deep hypnotic meditation and astral projection had opened my mind and spirit to the demonic realm. One day I saw a message on the notice board about a Christian meeting in the hospital, but I wasn't allowed to leave the ward. Surprisingly, on the day and exact time of the meeting, the back door opened when I tried it. It was always locked before! Thankfully, I found the Christian meeting.

When that door opened I knew God was in control and was bigger than Satan. It was a relief to get away from the stress of the ward and find a new life, new strength and new hope. I then found a Christian Chapel in the hospital, feeling peace and comfort there. In repentance, I gave my heart and life to God. Daily I thought of ways to escape.

Demonic Attack.

One day, planning to visit the chapel, a powerful evil demonic force pinned me against the wall. I struggled to break free. Realising this was demonic, I suddenly remembered the Lord's prayer from childhood and began praying it. Slowly the force began to release. I got to the chapel and prayed hard that day. This confirmed how unbiblical and demonic the cult's doctrines were. Being willing to consider existence of aliens and being receptive to
