reaction to the name of Jesus! Whenever someone called on Jesus, the activity stopped. Why would the spirit of a deceased person react to Jesus' name? Why would an entity supposedly from another planet react the same way? Such responses highlight they are demons in disguise.

Reaching Others.

Over the years, I have prayed deliverance with many people, seeing Jesus set them free from evil spirits, praise God! I was honored my story was featured in the Good News paper at Halloween in the UK. I've been interviewed for radio by Laura Maxwell and others – available online. I joined a few Paranormal Round Table discussions on podcasts with Laura Maxwell and Mark Hunnemann. I also spoke at the 2023 'Threat or Hope' UFO Conference, hosted by Joseph Jordan and for a recently released documentary, 'Deception' co-directed by Joseph Jordan.

Dana's Prayer For You.

Dear readers, if you would like to ask Jesus into your heart, today would be a good day! Please say this prayer with me: "Father, I repent and now believe in your only begotten Son, Jesus Christ for the remission of sins. I believe that He

lived a sinless life. He was the perfect sacrifice for our sins. He died on a cross and rose again three days later. Thank you for your saving grace and for forgiving my sins, in Jesus name I pray, Amen."

My Life As A Ghost Hunter - Dana Emanuel.

The paranormal always fascinated me, even as a child. My mother didn't believe in ghosts but when she became friends with a Psychic, she allowed her to read her tarot cards, "Just for fun." One day, she read mine, telling me I was pregnant with a girl. I had no idea I was pregnant yet, but she was right!
My first paranormal experience happened when my family and I moved into my grandmother's home. My grandfather died years before. We often heard footsteps and paranormal activity coming from the kitchen. It sounded like someone preparing a meal. This continued for months. I witnessed a kitchen chair slide across the floor! Terrified, I wanted to leave. My husband reassured me it must've been my grandfather watching over my grandmother, because after all, it had never tried to harm us.

Although I began to believe it was my grandfather, something didn't make sense. If it was really him, why wasn't he in heaven or hell like our church taught? Instead of turning to the Bible for answers, I decided to ask the spirits themselves. I began reading books on ghost hunting at the local library. I learned about different types of hauntings, including human, demonic, residual or poltergeist. I also learned ghost-hunting safety and protection techniques.

Surprisingly, although I'd attended church for years, I'd never been taught about spiritual warfare, or the occult. I collected what I presumed were Christian items for protection, including holy water, anointing oil, and rosary beads. I began visiting graveyards and commercial haunts trying to communicate with spirits and gather evidence of life after death. During my first investigation at a cemetery, when I asked a spirit "What is your name?", I got a

clear answer. It replied, “Frank.” The name Frank was indeed on the nearby tombstone! We also captured anomalies on photographs.

After this, my interest in Spiritualism grew dramatically. I eventually joined a Paranormal Investigation Team and soon became its general manager.

Halloween was our favourite time of year. As Ghost Hunters and Mediums, it was always easy to invite members of the public to join us at that time of year!

My team investigated private homes and performed house clearings for people experiencing paranormal activity. One investigation especially troubled me. A young man had been hospitalized in a mental institution after reportedly being thrown and physically injured. After his release the following week, we investigated the house. During a séance, while communicating with a spirit claiming to be a “young girl”, this same man was thrown against a wall, right in front of us, and with great force! I knew this was not a young “girl”. Deep down I knew this spirit was demonic.

We investigated Cassadaga Spiritualist Camp in Florida and were approved to conduct an investigation by the community, with the exception we had to be chaperoned by a member. Our chaperone was a Medium who introduced us to table-tipping séances. This opened up an entirely new world. I was intrigued. I soon became a Mental Medium, starting to lead my own group. We began helping “trapped spirits to cross over”.

We investigated homes locally and out of state, becoming well-known in the local paranormal community. I also began speaking at paranormal conventions and teaching classes on spirit communication skills. During one séance, a spirit told me that an attendee’s stepmother would die within a year. Only a few months later, I learned she’d passed away. Other messages were deeply disturbing. During another séance, a team member became so upset by a spirit describing traumatic sexual attacks she’d suffered as a child, that she broke down and had to be escorted out.

I began noticing messages seemed unusually dark and became increasingly negative. Meanwhile, other teams reported when the name of Jesus was called upon, the activity stopped immediately! Deep down this made me question whether the spirits were actually demons just mimicking the dead.
Meanwhile, my family was experiencing severe demonic torment in our home. My husband had episodes of sleep paralysis, feeling and seeing an evil presence choking him. He struggled to call on the name of Jesus. When he finally could, the attack stopped. After one of these episodes he even found bite marks on his body. It would always return another night. I tried everything I’d learned for spiritual protection, but nothing worked.

I began searching online and listened to a few deliverance ministers on YouTube. I came across Laura Maxwell, a Former Spiritualist from Scotland. Her experiences with demonic spirits mimicking spirit guides and the dead, and eventually driving her dear mother to suicide, put an urgency in my spirit. I knew I needed to get help now.

Then, one night, a spirit manifested in front of my four-year-old grandson. I feared what it could do to him. He meant the world to me! My husband and I went to visit a local Christian church and spoke with the pastor. He explained that my involvement with the occult had opened a door to the demonic.

He also explained things I’d been using were not working because I needed to put ALL my faith in Jesus alone, not in any “object”. He prayed with me and my husband. I got truly saved and delivered from evil spirits! God truly opened my eyes and gave me true freedom! Similar to what happened in Acts 16:16.

“For he has delivered us from the domain of darkness, and has translated us into the kingdom of his dear Son.” Colossians 1:13

<u>Exposing Truth On Ghosts and Aliens.</u>

I soon learned from the bible that all paranormal activity, is indeed demonic. “And no wonder for Satan himself even transforms into an angel of light,” 2 Corinthians 11:14

Phenomena from cases classified as UFO or extraterrestrial have striking similarities with alleged ghost encounters, highlighting they are all demonic:

- Telepathic communication channeled through psychic mediums,
- Paranormal activity,
- Out-of-body experiences,
- Sleep paralysis,
- Missing or distorted time,
- Physical Pressure, heat/cold, and physical attacks,
- Sounds, apparitions or shadow figures,
- Light anomalies/orbs, in or outside,
- Objects being moved or manipulated.

But one similarity stood out above everything else. In such encounters, there was a negative
